

Senate Group Works on New Housing Bill

Quick Agreement Seen; President's Veto Sustained

Washington — (AP) — The senate banking committee today approved a substitute \$1,050,000,000 housing bill with only one major concession to objections the administration had raised against an earlier version.

Washington — (AP) — The senate banking committee starts work today on a new compromise housing bill.

Some members said the senate vote yesterday sustaining President Eisenhower's veto of the \$1,375,000,000 housing bill sent him in June had cleared the air and paved the way for fast action on a substitute.

Sen. John Sparkman (D-Ala.) told a reporter the full committee would base its new proposal on a trimmed-down \$1,050,000,000 compromise bill written last week by the housing subcommittee he heads.

Sen. Homer E. Capehart (R-Ind.), senior Republican on the subcommittee, predicted that Eisenhower would sign this

House Group Votes Hike in Gasoline Tax

Washington — (AP) — The house ways and means committee today voted a 1-cent increase in the federal gasoline tax effective Sept. 1 to keep the super highway program going.

The extra levy would remain in effect for 22 months.

The committee voted also to divert to the highway fund some of the taxes now collected on automobiles and automobile parts.

The gas tax increase is less than the 1½ cents asked by President Eisenhower, but is estimated to be enough to maintain the rate of highway construction at close to its present level for the next three years.

The committee action broke a long deadlock over sources of revenue to keep construction moving on the \$41,000-mile network.

Although the committee on previous occasions had repeatedly turned down further increases in the gasoline tax, it reversed itself today and voted 16-9 to boost the 3-cent motor fuel tax to 4 cents.

U.S. Proposes Peace Group To Study Caribbean Unrest

Committee Would Report To Inter-American Session At Quito Next February

BY STANFORD BRADSHAW

Santiago, Chile — (AP) — The United States today proposed setting up a special peace committee to study the Caribbean crisis.

Sec. of State Christian A. Herter told a plenary session of the inter-American foreign ministers' conference that this committee would report to the eleventh inter-American conference in Quito next February.

It would look into the causes of the tension that has spread throughout the area since Fidel Castro's forces took over Cuba Jan. 1.

"This committee might also be authorized to extend its cooperation to any of the states of that (Caribbean) region in the solution of the problems that disturb their peaceful relations and which they are not able to resolve through direct negotiation," Herter said.

The secretary of state declared the foreign ministers' meeting "must recognize that our generally admirable and effective peace system must be improved."

Instrument For Peace
He called for "a permanent organ of the OAS (Organization of American States) such as the inter-American peace committee . . . to consider problems of that sort that have plagued the Caribbean region before they reach the point of becoming threats to peace."

Seven Latin American governments at the conference already have declared they oppose interference by Castro and his Cuban revolutionaries in the affairs of other Caribbean nations.

Herter told the foreign ministers a ferment of popular demand for improvement and change is spreading throughout the Caribbean, focusing on economic objectives as well as political demands for more representative democracy.

"This is as it should be, and the government and people of the United States share

Cut Favored In Veterans Pension Bill

Senate Committee Votes Slash Over 40-Year Period

Washington — (AP) — The senate finance committee has slashed the 40-year estimated cost of a house-passed veterans pension bill by \$21 billion, it was learned today.

The effect of the cuts, voted by the committee in closed session Monday, would be to make the bill save \$10,974,000,000 of the \$105 billion which under present law will be paid in pensions between now and the year 2000. As it passed the house, it would have cost \$10,128,000,000 more than the law now provides.

Vets Urge Rejection
Veterans administration spokesmen who sat in on the session said they could give no estimate of the over-all reduction then, but left the impression that it was not too great.

The bill is to be called up on the senate floor today under a procedure which limits debate to three hours on the bill, one hour on each amendment.

Veterans organizations are urging senators to reject the finance committee amendments.

The bill concerns pensions for veterans with non-service-connected disabilities and their dependents.

As originally proposed by the administration, it was designed to put the pensions on a sliding scale basis to be determined by need.

The house accepted this feature of the measure with some modifications, thus saving about \$12 billion over the next 40 years, but added a new provision which would cost \$22 billion.

This provision, opposed by the administration, would make World War II and Korean war widows eligible for pensions even though their husbands had only a non-service-connected disability. At present only World War I widows enjoy this benefit.

A Sign, a Wreath and an American flag were placed on Sen. Joseph R. McCarthy's grave Wednesday in St. Mary Catholic cemetery. The sign carried the name "The Creek County (Okla.) Adviser." Cemetery Sexton Clarence Coenen, 2019 W. Prospect avenue, said he saw a couple near the grave about noon. A blue car with Oklahoma license plates was parked nearby. Some speculation arose that the sign may have referred to Appletton's invitation to Nikita Khrushchev to visit here.

Few House Votes Expected To Decide Labor Bill's Fate

Ballot Could Come by Night Or Face Long Delay

BY B. L. LIVINGSTONE

Washington — (AP) — The outcome of the bitter house battle over labor racketeering legislation.

Its defeat had been a foregone conclusion. Both Democratic and Republican leaders opposed it as failing to meet the test of anti-racketeering curbs.

The house also killed, by a 215-160 vote, an amendment proposed by Rep. Adam Clayton Powell (D-N.Y.) to prohibit segregation or denial of union rights on grounds of race, creed, color or national origin.

Critics charged the Powell Amendment was designed to kill effective labor legislation by injecting civil rights issues. After a brief but sharp skirmish, the house agreed.

As the house headed into the third and crucial day of deliberation, leaders on both sides of the battle were fighting for one vote at a time.

Strategy was involved and, sometimes "iffy." It was conceded, however, that two or three of the 435 house members could swing the result.

Wave Sweeps 3 To Their Deaths

Petoskey, Mich. — (AP) — Two young brothers and their sister were swept to their deaths by an undertow yesterday while wading in Little Traverse bay, near Petoskey. Drowned were Connie Paige, 9, and her brothers, Wayne, 8, and Gary, 7.

They were the children of Mr. and Mrs. Willard Paige of Kalamazoo.

Squabble Over Tickets

Los Angeles Could Lose Democratic Convention

Los Angeles — (AP) — A squabble that could cost Los Angeles the 1960 Democratic National convention neared a showdown today.

Democratic National Chairman Paul M. Butler warned that unless a convention ticket dispute is settled by Monday, he will start looking for another site.

Los Angeles county Supv. Kenneth Hahn, with whom Butler talked by telephone yesterday, said he expects a compromise will be worked out by Saturday.

But, Hahn said, if that fails, a new group is ready to finance the convention.

"I learned from a very high Democratic official that another group is ready to put up the \$350,000 to underwrite the convention," Hahn said. "It is willing to accept the 1,500 tickets offered by Butler."

Cause of Dispute
He would not identify the Democratic official for the group.

The ruckus started when oilman Edwin Pauley, co-chairman of the host committee, demanded 5,000 daily tickets to help pay off the \$350,000 guarantee. He later agreed to a compromise of 3,133 tickets suggested by Los Angeles Mayor Norris Poulson.

Butler insisted that many tickets would not be available after necessary demands were met.

He said in Washington yesterday that he would not budge from the 1,500-ticket allotment.

Gov. Nelson Signs Anti-Secrecy Bill

Access to Government Meetings Guaranteed for First Time in State

Nelson Appoints Howard Koop as Financial Aide

Madison — (AP) — Howard J. Koop, 35, former assistant controller of the Northwestern Mutual Life Insurance company, Milwaukee, was named by Gov. Gaylord Nelson today as the governor's financial adviser.

Koop succeeds Joe E. Nussbaum, who now heads the new state department of administration. Koop drafted the reorganization bill establishing this department and worked for its passage through the legislature.

With his salary paid from research funds, Koop will act as co-ordinator between the blue-ribbon tax impact study committee and the governor's office.

In announcing Koop's appointment, Nelson stated that it was important that he have a personal representative to keep in touch with the tax problems which are expected to come to a head at the fall session of the Legislature.

First Lady in Denver With Ailing Mother

Gettysburg, Pa. — (AP) — Mrs. Mamie Eisenhower has gone to Denver because of the illness of her mother, Mrs. John S. Doud.

The White House disclosed today that Mrs. Eisenhower left Washington by train Tuesday night.

Carrier Boys Called Paper's 'Little Merchants'

Newspapers generally refer to the young men who deliver the daily paper as "little merchants."

They buy their newspapers at an established rate, collect for them, manage their own bookkeeping systems and maintain a retail operation. Like all businessmen, they must give good service, be able to handle complaints diplomatically, and make sure their customers are satisfied with the service and collection procedures.

Little Rock Police Set For Possible Violence

Little Rock, Ark. — (AP) — as 16, another veteran of Four Negro children headed back to school with their white classmates today with police standing by to crush any further mass protests from segregationists.

Police used clubs and fire hoses to break up a parade of some 200 men, women and children near Central High when integrated classes opened at two schools yesterday, but peace was apparently in sight today.

The paraders, coming from a rally at the state capitol where Gov. Orval Faubus addressed them, shouted "cowards" at the policemen and 24 of them were arrested.

In the schools themselves, officials said everything was normal.

One segregationist said he knew of no plans for any rallies today. He is the Rev. Wesley Pruden, past president of the Capital Citizens council which spearheads segregation forces here.

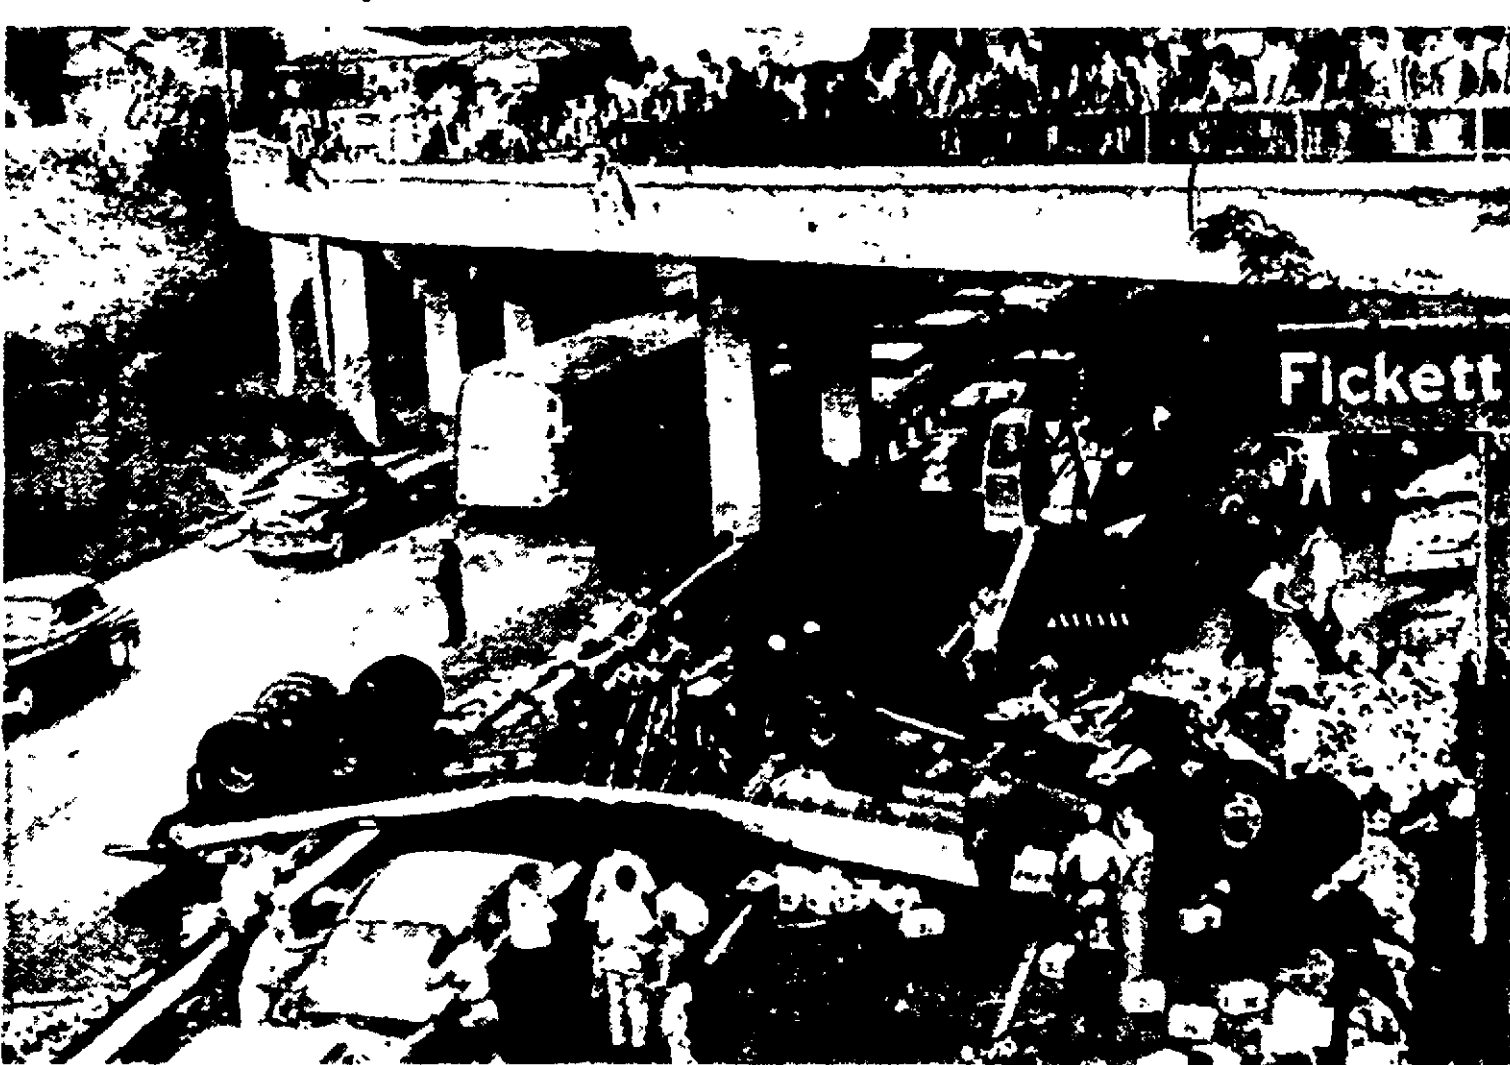

Warns Against Violence
Faubus, who advised the rally yesterday to avoid violence, remained at his mansion. He said he would keep in touch with his "people" for developments.

Two Negroes went to Central yesterday but only one will go back today, said Mrs. L. C. Bates, Arkansas president of the National Association for the Advancement of Colored People.

She said Elizabeth Eckford went the first day of school only to consult with her counselor, Elizabeth, one of nine Negroes enrolled at Central in 1957, has gained enough credit through correspondence to enter college.

A Huge Truck and Trailer lies on the San Bernardino freeway near Los Angeles after it plunged through the guard rail (upper left) of an off ramp as it rounded the corner. The driver was killed and two

other persons injured. The truck, loaded with beer, landed between vehicles on the freeway blocking traffic for an hour.

Shoots Wife, Daughter, Self

Woman's Plans for Divorce Apparently Lead to Killings

Milwaukee — (AP) — A 40-year-old man, apparently brooding over his wife's plans for a divorce, shot and killed her and a 9-year-old daughter and then shot himself to death early today.

The victims were Mr. and Mrs. Avry Cowart and their daughter Nadine. All were pronounced dead on entrance at a hospital. They were Negroes.

Father Brooded
Three other Cowart children were in the family flat when the father started firing his 12-gauge shotgun, police said. They were not hurt. They are Aaron 11, Emanuel 10 and Banetta 9.

Banetta, twin sister of the slain girl, said that her father had been brooding over his wife's plans for a divorce. Police theorized that Cowart first shot his wife and then went into the middle bedroom where Banetta and Nadine were in bed and shot Nadine. He then went to the rear bedroom where he threatened Aaron and Emanuel before shooting himself.

Aaron and Banetta ran to a nearby flat and told a neighbor, Mrs. Maggie Robertson, 73, what had happened. The youngsters then ran into the street and told the story of the shooting to two patrolmen walking in the area.

Hamlet Periled By Gas Escaping From Tank Car

Friesland, Wis. — (AP) — An overturned railroad tank car rested on its side today, slowly hissing out its cargo of 10,000 gallons of propane gas and posing a grave threat to this Columbia county community of 352 residents.

The car went over Wednesday night as it was being moved onto a siding by the Chicago and North Western Railway. It came to rest only 200 feet from a gasoline bulk storage plant and only a short distance from a cluster of homes. The gas was leaking out through damaged manhole in the top of the car.

Some nearby residents were evacuated from their homes after the car went over at 11 p.m. Plans were made to evacuate homes for two blocks around when the time arrived for lifting the car back onto the tracks by a railroad wrecker.

A state fire marshal said should the escaping gas ignite, it would burn for 10 minutes before exploding.

Weather Expected To Remain Cool

Wisconsin — Mostly cloudy with scattered showers and cooler weather.

Appleton — Temperatures for the 24-hour period ending at 9 a.m.: High 88, low 64. Temperature at 11 a.m. 71. Discomfort index, 67, compared to a high of 79 Wednesday. East wind at 10 miles an hour. Barometer, 30.09 inches.

Sun sets at 8:03 p.m.; rises Friday at 5:54 a.m.; moon sets Friday at 1:48 a.m. Prominent stars are Arcturus, visible planets are Saturn and Jupiter.

Reds Withdrawing From Northern Laos

Defense Official Says Communist Forces Preparing for Next Move Expected to Come in Dry Season

Vientiane, Laos —(U)— The Laotian government today reported that most of the communist forces that infiltrated into northern Laos from North Viet Nam have withdrawn across the border.

Col. Phoumi Nosavan, secretary of state for defense, told a news conference the reds left behind about 1,000 men, most of them Black Thai tribesmen or members of the communist Pathet Lao movement of Laotians which formerly controlled the two northern provinces of Sam Neua and Phong Saly.

Next Action
"They'll try to restore their old organization, conduct political activity and prepare for the next action by communist troops," Phoumi said.

He predicted the next attacks would come in the dry season, from October to December, "when more orthodox warfare is possible." He said the battalions that had withdrawn were grouped along the mountain frontier between Laos and North Viet Nam.

Government forces intend to retake all territory and drive out the remaining reds, the colonel continued, but he added, "I cannot reveal precisely how."

Five Days Ago
The communists began withdrawing five days ago on orders from North Viet Nam, Phoumi claimed, after the Laotian government had dispatched reinforcements to the north and the local population had supported the government instead of the reds.

The secretary said 800 of the remaining reds were in Sam Neua province. Many of the villages evacuated during their advance through the jungles were still empty, but the villagers are now expected to return to their homes he added.

Phoumi said the reds now occupy only one town, Muong

Editors Urged To Compete for Bright Students

University Dean Sees Lack of Personnel For Editorial Jobs

Seattle —(U)— A journalism school director advised editors today to step up their competition with engineering, science and medicine for the brightest young minds.

There's an acute shortage of qualified people in newspaper editorial jobs, George J. Klenzie, head of the school of journalism at Ohio State university reported at the convention of the Associated Press Managing Editors association.

Steals Glamor
"The rising star of science stole the glamor show from journalism, the traditional idol of so many of our young people," Klenzie's report said.

He urged editors to sell the profession "to the community and to the college and high school students who will be the reporters and editors of tomorrow."

Klenzie's report was part of a manpower study by the APME committee headed by I. William Hill, of the Washington, D. C. Star.

In another discussion, a baseball executive and an editor agreed the public is getting better sports reporting than ever before.

But the baseball man, George R. (Birdie) Tebbetts of the Milwaukee Braves, suggested newspapers sometimes go too far in publishing details of athletes' private lives.

Youngsters who revere athletes may get an erroneous impression, Tebbetts said, if they read that their heroes have human failings.

Jack Murphy, sports editor of the San Diego, Calif., Union, agreed with Tebbetts on the quality of sports reporting for the public.

Drop Murder Charge Against 15-Year-Old

Elmyra, N. Y. —(U)— A murder charge indictment against Jane Ann Shusko, 15, has been dropped and she has been transferred to children's court.

Her brother and six of her sisters died July 11 in a fire that police said she admitted setting in her house.

Justice Floyd E. Anderson dismissed the 7-count indictment yesterday. The grand jury had recommended this because of Jane Anne's age and "circumstances surrounding the case." The jury did not elaborate on the circumstances.

Telecasting company for a TV station on Channel 9.

Freeman is the only applicant for the channel. He operates a TV equipment and household appliance business at Dallas, Texas.

Maj. Den. David M. Shoup, 54, has been selected by President Eisenhower to be the next commandant of the U. S. marine corps. Gen. Shoup, regarded as a classic, "tough" marine, won the medal of honor during the invasion of Tarawa in World war II.

Wisconsin Synod Votes to Keep Missouri Link

Baginaw, Mich. —(U)— The Wisconsin Evangelical Lutheran synod has voted to maintain relations with the Lutheran church's Missouri synod, with reservations.

Five hours of debate between delegates to the Wisconsin group's 35th biennial convention here Wednesday ended with a recommendation that the synod's commission of doctrinal matters work toward reconciliation with the larger Missouri group.

The synod voted to remain in "protecting fellowship" with the Missouri synod. The Wisconsin Synod has accused the Missouri group of participating in religious fellowship with organizations whose doctrines are not in accord with accepted beliefs of Lutheran groups.

In another action, the synod created a fulltime presidency. The Rev. Oscar J. Naumann of St. Paul, Minn., recently elected to his fourth term as president, said he will reach a decision about accepting full-time responsibilities after he returns to St. Paul.

Requests Permit for TV Station at Wausau

Washington —(U)— The federal communications commission Wednesday received an application from John H. Freeman, trading as Wausau

Enters Woods to Think; Man Stays 3 Months

Troubled by Divorce, Alimony; Clerk Loses 95 Pounds During His Exile

Pontiac, Mich. —(U)— Bernard J. Blechars, divorced and behind in his alimony payments, was troubled and fearful that police were looking for him. He went into the woods to think.

He stayed there three months. Police found him along a highway in fashionable suburban Bloomfield Hills. The 32-year-old Detroit shipping clerk's clothes were in rags. His hair and beard were matted with dirt.

He weighed 80 pounds. He was a husky 175 when he began his self-imposed exile from society May 9.

At Apples
"I'm divorced," Blechars mumbled to incredulous officers yesterday. "I was behind in my alimony. I thought the police must be looking for me. I found this place. It looked like a pretty good place to me."

For three months, Blechars was suffering from malnutrition and loss of weight but rics, drank water with his hands from a muddy creek and covered himself at night with a piece of plywood.

"I didn't do anything," he said of his ordeal. "I just thought."

He gave no reason for leaving.

Two Homes Valued at \$50,000 each were reduced to rubble near Santa Monica, Calif., as the result of a landslide. The houses are located at the top of a 200-

foot cliff which began to crumble during the night. Later the houses toppled into a crevice 15 feet deep.

German, Soviet Ships Collide

Red Vessel Stands By While Freightier Repairs Damages

Kiel, Germany —(U)— A small German coastal freighter and a Soviet destroyer collided in a fog near Kiel in the western Baltic today, but the crew of the German ship plugged the hole in their vessel.

The German ship was the 300-ton Christel. The name of the Soviet ship was not known. It resumed a westbound course in company with two other warships, and it was not known if she had been damaged.

Bow Smashed
The Christel reported that her bow was smashed but that she would try to reach the west German port of Travemuende. First reports indicated none of her crew was hurt in the accident.

In a ship-to-shore radiotelephone conversation the Christel's skipper, Bernhard Wessels, told a reporter the Soviet destroyer stopped its engine after the collision and stood by the German vessel for some time.

After establishing that the Christel and her crew were in no danger, the Soviet warship resumed its journey, Wessels reported.

Wiley Proposes Russian, U. S. Student Debates

Washington —(U)— Sen. Alexander Wiley, R-Wis., proposed today a series of debates between American and Soviet college students on freedom versus communism.

Wiley, senior Republican on the senate foreign relations committee, suggested an agreement between the U.S. and Soviet governments for the exchange of college teams to debate government, economics, religion and other topics.

The goals, Wiley said, would be to combat distortions spread by the Communist propaganda machine; give the Soviet people a realistic comparison of the two systems; provide Americans with a clearer concept of Soviet ideas to enable an easier resolution of east-west differences.

Wiley proposed selection of a U.S. debate team or teams on a competitive basis, with guidance by education leadership and non-governmental sponsorship.

Rockefeller May Appear in Wisconsin

Washington — Gov. Nelson Rockefeller of New York is expected to make one or more public appearances in Wisconsin this fall, according to Rep. Alvin O'Konski, Mercer, who is the self-styled "provisional spokesman and organizer" for the Rockefeller forces in Wisconsin.

O'Konski said he was forwarding all invitations for the New York governor to speak in Wisconsin to his secretary in Albany, and that "invitations to speak in the Badger state had been pouring in for almost a week."

The amount of "quiet support" for Rockefeller in Wisconsin is "fantastic," according to O'Konski, who added that "twelve different organizations in the state want the governor to speak to them."

One of these organizations, O'Konski said, was the Milwaukee junior chamber of commerce, which has invited Rockefeller to speak at its "good government award" dinner in Milwaukee.

Steel Industry Said To Have Rejected Plan to Cut Prices

Slicing Rate \$10 a Ton Suggested In Lieu of Granting Wage Increase

Washington —(U)— The steel industry, it was reliably reported today, has rejected a suggestion that it cut steel prices \$10 a ton in lieu of granting a wage increase in the current strike situation.

The suggestion for a \$10 price cut was made by Rep. Chester A. Bowles (D-Conn.) in a letter to President Eisenhower, who in turn had it referred directly to Chairman Roger Blough of the U. S. Steel corporation.

Blough is said to have turned

down the idea on the ground that in settling the present month-long strike the steel companies are going to have to give the strikers some sort of wage increase anyway.

Spur Inflation
So far the industry's position is that it cannot, in the public interest, increase steel labor costs and thus spur inflation. The striking steelworkers union contends that this is an attempt to reverse traditional American economic policy that workers are entitled to regular sharing in profits.

Bowles told a reporter today he felt his steel price cut proposal has merit. He said if the industry went along, he felt sure the steelworkers union would have to abandon its wage increase demands in the public interest. Bowles was the government's World War II price administrator.

"The effect of a steel price cut would help the entire economy," Bowles said. "It would probably mean that prices of new 1960 automobiles would have to be lower, too."

Out of Habit
"We've just gotten out of the habit of cutting prices. But once started the idea would catch on."

Bowles said government statistics show that 7 per cent of the 9 per cent increase in wholesale prices during the past 6 years has been due to higher prices charged by steel and steel consuming industries. That's an indication, he said, of how deep a steel price cut would penetrate the economy.

Eisenhower and Aduauer will have time for about four hours of consultations on Aug. 27 before the president leaves for London.

Teenage Church Group Wants Red Premier To Attend Services

Mobile, Ala. —(U)— A group of mobile teenagers wants Russian Premier Nikita Khrushchev to go to church when he visits this country.

The youngsters today wrote President Eisenhower, "as our representative of a peace loving and Christian nation," to ask his help.

The letter was signed by Wanda Counts, 16, president of the senior high fellowship of the Government Street Presbyterian church here.

She wrote that several places have been suggested for Khrushchev to visit. "But there has been no mention of taking him to church..."

The president was told the Russian leader should "return home knowing that we not only have military power, but also something far stronger — the power and love of God."

State Highway Death Figure Reaches 454

Young Woman, 3 Men Lose Lives in Separate Accidents

Milwaukee —(U)— The deaths of a young woman and three men in separate accidents have raised the highway toll in Wisconsin for 1959 to 454. On this day a year ago the total was 464.

Marilyn E. Gorham, 20, of route 3, Freeport, Ill., was killed early today when a car rolled over after leaving Highway 69 a half mile south of Monroe in Green county. Injured was Rita Richardson of Monroe. Authorities were unable to learn immediately who was driving.

Headon Crash
Vincent Degman, 21, of Darlington, died in a Cuba City hospital early today of injuries suffered in a 2-car, headon crash on Grant County Highway H and HH near Cuba City Wednesday night. Three passengers in his car and three persons in the other auto were injured and taken to the hospital.

Don M. Fried, 21, a student at the University of Wisconsin who lived in Fountain City, Wis., was killed in a 2-car collision at the intersection of U. S. 41 and State 50 in Kenosha County Wednesday night.

Hit By Train
Orville Erickson, 64, of Dodgeville, was killed Wednesday when his pickup truck and a Chicago and North Western Railway train collided at a private crossing four miles east of here in Iowa county.

Erickson, working with a combining crew, was moving a load of straw from one field to another over a private roadway at the time of the crash.

Foreign Aid and Local Politics

Rep. Clement Zablocki of Milwaukee has protested a Post-Crescent editorial which criticized his amendment to the Mutual Security bill in Congress as ballot bidding on the international scale. Zablocki's proposal would allow the United States government to give financial aid to private organizations building education, welfare or hospital facilities abroad. His particular interest concerned a proposed children's hospital in Cracow, Poland.

Let the Public Have the Quiz Show Answers

Judge Mitchell D. Schweitzer in General Sessions court, New York, has decided that the minutes of a grand jury investigation of television quiz shows shall be turned over to the subcommittee of the House of Representatives which is about to open an investigation of the alleged rigging of the shows.

Russian or American Bans?

When the American National Exhibition was being readied in Moscow the American Book Publishers' council sent some 10,000 books for display to represent the various types of writing now being published in the United States.

Corny in August

This year Wisconsin has a bountiful supply of sweet corn. And nothing is better news to the gourmet, the small boy or just the average diner with a perennial favorite. In spite of excellent canning and freezing processes, no one can duplicate corn-on-the-cob picked only hours before eating.

Rockets to Mars May Have Some Political Influence

The immutable laws of celestial mechanics may have some political influence next year. According to these laws, the most favorable date for launching a rocket to Mars will be Oct. 1, 1960 — about a month before

country to allow national backgrounds to influence the amount of contributions. On the other hand Zablocki has several good points in favor of this project when he reveals that an organization has been formed, plans have been made and contributions are being sought from voluntary sources. The American Research Hospital for Children in Poland committee aims to raise \$1.5 million on its own. It would ask \$2.5 millions from the United States government to come entirely from Polish zlotys paid us for surplus farm produce sent to Poland. In a way, of course, the more farm products the Polish government buys, the more money can be available for a hospital. But in the long run it is the American taxpayer who pays the bill, for higher prices for farm produce, for the farm produce the government buys to send to Poland, for the money given for the hospital no matter what the form of currency.

people without in fact injuring anyone. This, however, is not true. In fact a great many people were injured by the fraud if one actually took place, and others were injured and are still suffering from the effects of the charges that have been made against the shows.

Peace Pipe Dream

Anadarko, Okla. —P— A University of Bonn instructor, Karl Schlessier, realized a dream he had as a boy in Germany. He visited here with real live Indians. Schlessier, 31, said he plans to write Indian stories and books when he returns home after completing studies at the University of Chicago.

Editor, Post-Crescent: This letter is in answer to one appearing in the Forum on Aug. 10 in regard to the dust, smoke smog and filth being dumped on the citizens of Neenah by the Neenah Foundry.

Packer Band Head Relates His Problem

Editor, Post-Crescent: Last Saturday night the Packer Band received some publicity that I would like to correct with our friends and fans. It was not my intention to hurt the reception at Riverside ballroom, Tuesday evening, Aug. 11. The Packer Band tries to help in any way to promote and help the future of the Green Bay Packers or anyone who is interested in them, with the permission of the Musician's Union.

Potomac Fever — by Fletcher Knebel

Mediator Finnegan says steel strike negotiators are "getting down to brass tacks." They'd sure have a hard time finding any steel tacks to get down to.

Kennedy Approves Catlin Law Principle

BY JOHN WYNGAARD Madison — There is an element of irony in the fact that two Democrats of national leadership stature have recently made statements here that run directly counter to the strategic designs of the Wisconsin Democratic party.

By inference, Sens. Humphrey and Kennedy have struck at the anxious drive of the Democrats and their local labor organization allies to repeal the so-called Catlin law prohibiting the use of union dues money for political campaign purposes.

Daylight Time Good for Golfers But Not for Kids

Editor, Post-Crescent: I'm back to one of my favorite pastimes again, complaining about daylight saving time. Would you care for the following contribution?

"There are two sides to everything" I quote. The one I like and the one I don't.

For golfers it is very nice To work from 8 to 4. And still have lots of daylight left For 18 holes — or more.

Howsoever — Little boys and little girls Should go to bed by 8. But comes it daylight saving time They stay up awful late.

*Not being a golfer myself, I don't know how long it takes to play 18 holes, so I hereby invoke poetic (?) license.

Mrs. Ora Gygi 832 E. College Ave. Appleton

Looking Backward

Odd Fellows Meet at Island Park

Quoted from the Appleton Crescent for the week of Aug. 14, 1880.

The Steamer Brooklyn took a large delegation of the Odd Fellows of this city, Neenah and Menasha and their families to Island Park on Thursday, where they were joined by the Oshkosh and up-river crowd per Steamer Tom Wall.

The day was in all respects delightful, and a happier assemblage is seen seldom anywhere. On the boat, thither and back, dancing enlisted the attention of the young. On the island, dancing and other amusement, feasting and visiting employed the spare hours. A couple of hours were devoted to speeches, a fine original poem being read by a gentleman from Neenah, whose name we failed to obtain, and a recitation by Hon. R. S. Torrey, of Oshkosh, being especially noticeable.

GRIN AND BEAR IT

"There might be a series of small wars, Senator, but we don't expect a big war between the services during our lifetime."

30 Choose Colleges From Out of State

June Appleton High school graduates will scatter to colleges and universities all over the country come September. Thirty members of the recent graduating class will continue their education at schools outside the state.

Students at Minnesota schools will include Bonnie French, daughter of the William Frenches, 1915 N. McDonald street, Gustavus Adolphus college, St. Peter; Terry Ganzel, son of the Edward Ganzels, 1401 E. Frances street, Gale institute, Minneapolis; William Lembecke, son of the C. H. Lembeckes, 1401 E. Glendale avenue, University of Minnesota, Minneapolis; Sandra Pollard, daughter of the Henry Pollards, 1112 E. Nawada street, Carleton college, Northfield, and Thomas Quella, son of the Clement Quella, 621 W. Lawrence street, College of St. Thomas, St. Paul.

Joseph Eich, son of the M. J. Eichs, 1324 Alicia drive, and Robert Ferrel, son of the Irvin Ferrels, 250 River drive, will attend Notre Dame university, Notre Dame, Indiana.

Northwestern university, Evanston, Ill., is the choice of Franklin Jesse, son of the Franklin Jesse, 1512 Alicia drive, and Judith Manier, daughter of the Alex Maniers, 1236 Opechee street.

Michigan Universities Other Illinois schools have been chosen by Audrey Gill, daughter of the Gilbert Gills, 1720 W. Winnebago street, Emmaus Bible school, Oak Park; Daniel Max, son of the Raymond Maxes, 518 Outagamie court, Chicago Art institute, and Richard Johnson, son of the George Johnsons, 214 River drive, Carthage college, Carthage.

Lois Wagner, daughter of the Gerald Wagners, 1530 N. Erb street, will attend Central Bible institute, Springfield, Mo.

Pamela Barney, daughter of the Harley Barneys, 1901 N. Racine avenue, and Thomas Falk, son of the Bud Falks, 821 N. Oneida street, will enroll at Western Michigan university, Kalamazoo.

Joanne Grobe, daughter of the Ralph Grobes, 844 E. Eldorado street, will attend the University of Michigan at Ann Arbor.

Technological schools have been chosen by Richard Bellin, son of the Edwin Bellins, 1021 N. Appleton street, who will attend Northrop Institute of Technology, Englewood, Calif., and David Bowker, son of the Donald Bowkers, 1819 N. Morrison street, who will attend Rose Polytechnical institute, Terre Haute, Ind.

Robert Roemer, son of the Robert Roemers, 743 W. Spencer street, will enroll at the U. S. Air Force academy at Colorado Springs, Col.

California Schools Jane Pasek, daughter of the Leonard Paseks, 120 N. Green Bay street, has chosen George Washington university, Washington, D. C., and Duane Call, son of the Ara Calls, 911 E. Hancock street, will attend Brigham Young university, Provo, Utah.

Appleton students include the University of Redlands, Redlands, selected by David Joranson, son of the Philip Joransons, 306 E. South River street, and Cal Culbertson, son of the Wayne Culbertsons, 903 W. Winnebago street, will attend West Lake College of Music, Los Angeles.

Ann McKenny, daughter of the James McKennys, 1625 Carver Lane, will enroll at Colorado State university, Ft. Collins, and Barbara Jones, daughter of the D. L. Joneses, 703 W. Verbrick street, has chosen Miami university, Oxford, Ohio.

Iowa schools were the choice of Judith Johnson, daughter of the R. N. Johnsons, 1805 S. Oneida street, and Bette Krick, daughter of the Philip Ottmans, 1728 N. Alvin street, who will enroll at Iowa Wesleyan, Mt. Pleasant, and Thomas Schoenke, son of the George Schoenkes, 1115 N. Owassa street, and Uwe Strehmel, son of the Arno Strehmeis, 1043 E. North

14 to Begin Nurse Training

Will Continue Education at Schools, Hospitals

Fourteen girls from the Appleton High school class of '59 will begin nurses training this fall.

Three who will begin at Thecla Clark hospital, Neenah, are Charlene and Helene Fischer, daughters of the Charles A. Fischers, 809 N. Oneida street, and June Thiel, daughter of the Leland Thiels, 1342 W. Rogers avenue.

Three who will enroll at St. Agnes School of Nursing, Fond du Lac, are Geraldine Cooper, daughter of the John Coopers, street, who will attend Wartburg college, Waverly.

Rhonda Cundy, daughter of the Paul Cundys, 1515 S. Mason street, will attend Cornell college, Mt. Vernon, Iowa.

Traffic Flow Plans Given By Aldermen

Police will study ways of improving traffic flow at the intersections of N. Lawe and N. Meade streets with E. Wisconsin avenue.

The decision was made at a public safety committee meeting after Ald. Donald W. Mueller submitted a plan for improving the flow.

Eliminate Jams Mueller wants the center line on N. Lawe street moved to the west between E. Wisconsin avenue and E. barbara Van Lieshout, daughter of the J. Martin Van Lieshouts, 315 S. Douglas street, who will enroll at Marquette School of Nursing.

Others who will begin student nursing are Joan Schink, daughter of the Joseph Schinks, 826 E. Maple street, who will attend Holy Family hospital, Manitowoc, and Bar-

Summer street, providing two northbound lanes. The lanes would be lettered "left turn only" and "right turn only."

Mueller said the plan would help northbound drivers to see better and would help eliminate traffic jams.

A similar arrangement was requested for W. Wisconsin avenue and N. Meade street. Right and left-turn-only lanes would be painted on Meade street north of Wisconsin avenue, for southbound traffic.

A right-turn-only sign would be painted on one of the westbound lanes on Wisconsin avenue and a left-turn-only sign on one of the eastbound lanes.

Mueller suggested installing traffic lights on every Wisconsin avenue and E. Wisconsin avenue intersection.

Parked Car Struck

A car driven by Mrs. Sally Jewell, 2101 N. Racine street, struck the car of Mrs. James Balliet, 508 Memorial drive, about 6:50 p.m. Tuesday in the 500 block of Memorial drive, police report. Mrs. Jewell's car also cut down a nearby directional sign.

Sunbeam Electric
Bedroom
Alarm Clock

Showdown Set For Hubert, Jack

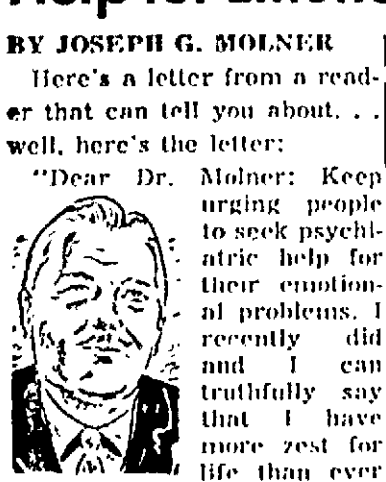

Wisconsin to be Critical Primary For 2 Presidential Candidates

BY WILLIAM S. WHITE
Washington — "Jack" and "Hubert" are forcing so fast a pace in the wide-open race for the 1960 Democratic presidential nomination that the very next month may bring a fateful showdown between them.
"Jack" is Sen. John White Fitzgerald Kennedy of Massachusetts, and "Hubert" is Sen. Hubert Horatio Humphrey of Minnesota. They are turning westward for a confrontation at the end of September. This will find them crossing trails in Wisconsin. In western boss opera terms, it may be a kind of high noon where the two leading characters meet in the dusty street and gun it out.
The risks, however, will be far from even. Hubert has everything to lose and Jack only some things. Humphrey's whole strategy is one of shooting the works. He has long been aware that his candidacy cannot even get off the ground unless he can first show great strength in his home region of the upper middlewest.
Specifically this means Wisconsin, for Wisconsin next April will have an early and a critical presidential primary. Humphrey simply must carry impressively or he is dead. A Kennedy loss of that primary would leave him only wounded.
Blow for Humphrey
Kennedy may or may not enter that primary, for it is not clearly so vital to him as it is to Humphrey. And this coming month may determine whether he really needs to enter anyhow. For even apart from the fact that Kennedy now appears to be the front-runner among the Democrats, Humphrey has just been hit a hard blow in his own midwest balliwick.
A neighboring senator from Wisconsin, William Proxmire, has done a most unneighborly act. He has released a Wisconsin poll which, he says, gave Kennedy 42.5 per cent of the Democratic vote against 17.3 for Humphrey. Close examination of the Proxmire figures makes things look far less bad for Humphrey. For Adlai E. Stevenson—who has no intention of getting into the Wisconsin action and probably no intention to contest for nomination openly anywhere—got 29.5 per cent in the Proxmire poll.
Though Humphrey is vastly more liberal than Stevenson, it is generally accepted that many of the poll votes that went to Stevenson would have gone to Humphrey had those who voted known that Stevenson would never be in the Wisconsin picture.
People Take Jack
All the same, the Proxmire data has badly shaken the Humphrey candidacy. Hubert is more popular with the Democratic professionals in Wisconsin than is Jack, but Jack, on the Proxmire showing at any rate, is more popular with the people.
So the Humphrey people are moving quickly to repair the prestige damage—while in private they make comments about Proxmire which his loved ones would not like. They have set for Sept. 19 in Milwaukee a "statewide organization convention for Humphrey." They have arranged for Humphrey himself to arrive in the state Sept. 25 for one of those tireless dawn-to-dusk, whirlwind speaking and handshaking tours at which he is a master.
The Humphrey people hope that with all this they will be able to demonstrate that their man has much more strength in Wisconsin than Proxmire's poll would indicate. They hope, too, that by that time Stevenson will have made some sign—say, in a Sept. 23 "non-political" speech he is to make in Madison—that will help clear the air a bit.
But they know that Hubert has got to "look good" in Wisconsin this time. They know, too, as they wryly comment, that "Jack is coming in there, too." Kennedy will be in Wisconsin on Sept. 24 and 25. Humphrey's policy will be to try to force Kennedy to mix it with him among the grain elevators, the breweries, the farms and industrial plants—to meet him at high noon.

To Your Good Health

Reader, Molner Urge Prompt Help for Emotional Trouble

BY JOSEPH G. MOLNER
Here's a letter from a reader that can tell you about... well, here's the letter:
"Dear Dr. Molner: Keep urging people to seek psychiatric help for their emotional problems. I recently didness isn't as clear-cut as a case of measles! (And I can case of measles! But here's the thing I think more zest for life than ever ought to be emphasized: Dr. Molner, before, the things I used to dread I have learned to accept with a grin and a good deal of equanimity.
"I have become a better cook, a more understanding and sympathetic wife, a less frustrated mother (teen age problems) and generally speaking, more fun to be with.
"My husband and I are laughing about a lot of things we formerly quarreled about. I hope I live long enough now to put all this expensive education to good use! Keep writing your interesting columns."
—P.G.S.
I don't know a blessed thing, except what is in the letter about this reader. I don't know her problems, her financial situation, or anything else. I wish I did.
But from the last paragraph I gather that this family didn't indulge in psychiatric treatment out of a desire to be "fashionable." It cost money—and they scratched for it.
Likewise I think we can easily assume that this wasn't a case of "mental illness," or a "nervous breakdown," to the extent that the patient had to be put in a mental hospital.
No, this was a case in which the family—the wife, the husband, and for all I know, children or other relatives—realized that the victim had emotional problems, and that emotional problems, like physical ones, usually can be treated and relieved.
It Takes Time
I grant that we don't have enough psychiatrists yet. I grant that the process of psychiatric (or emotional) treatment takes time. You can't give some drugs, or resort to an operation on some specific organ. The psychiatrist must take the time to help the patient see herself or himself,

and the world, too, in true colors.
To be frank, I'll candidly concede that the problems are so subtle and varied that there may be some luck involved. The right patient and the right doctor will get better results than will be the case their emotion when the personalities don't click. An emotional illness isn't as clear-cut as a case of measles! (And I can case of measles! But here's the thing I think more zest for life than ever ought to be emphasized: Dr. Molner, before, the things I used to dread I have learned to accept with a grin and a good deal of equanimity.
"I have become a better cook, a more understanding and sympathetic wife, a less frustrated mother (teen age problems) and generally speaking, more fun to be with.
"My husband and I are laughing about a lot of things we formerly quarreled about. I hope I live long enough now to put all this expensive education to good use! Keep writing your interesting columns."

Some Inventions Great, Says Charlie, Others Just Plain Goofy

BY CHARLES HOUSE

It seems to me that it is the universal custom to jeer at tinkerers and inventors who busy themselves by seeking to create things to make our lives easier and better. When one of the local boys begins to play around with pliers and screwdriver, wire and things equally useful, he becomes the target of a thousand jokes and barbs.

Tell someone that you're working on an invention and you are immediately suspect: You're an addlepate, a ne'er-do-well, a loafer, and you have to begin to wonder why. Inventors have made our lives happy and comfortable — and they should, therefore, have our respect and encouragement.

This seems to be reasonable — but it isn't.

The international pastime of baiting the striving inventor-to-be and making a joke of his work is not, apparently, based upon the good and the great things he may create. For every useful invention there must be hundreds of silly ones — and therein, I think, lies the reason for our jokes at the expense of the fellow who tries something new.

Zany Inventions

The U. S. patent office is the receptacle for so many seriously intended, but humorous creations that one wonders how it can retain its dignity.

One zany invention which was reason enough for a patent was a suit made entirely of strands of wire. It covers — or is supposed to — a person's arm, legs, and trunk. It is to be donned before any of the more ordinary clothes. Its purpose: To keep your underwear from sticking to your body on hot days.

Patent No. 1,021,323 may not be quite so practicable

Fried Oysters

Reg. 79c lb. **59c**

Home Made Pan Candies

WILMAR CANDIES

Open Eves. — Ample Parking
Cor. Wis. Ave. & Superior St.

Patent number 1,046,533 was issued to an inventor whose plan was to cure that difficulty. The invention consists of an alarm clock,

Whether You Spend \$50 . . . or \$1500

Whatever the price you pay. You may rest assured you are getting the utmost value . . . Choose diamonds at the store that Guarantees You Satisfaction!

Sam Belinke JEWELERS

104 North Broadway, Milwaukee

a movable device and a lead ball weighing three pounds. It is marvelously simple. When the alarm clock rings, the device goes into action and drops the three pound weight upon your face.

If you are not rendered unconscious you know very well that it is time to rise and face the day, never mind the bruises.

Two Essentials

Anything can be patented if it meets two essentials. It must be novel—meaning new—and it must be useful. The trick is to determine what is useful and what is ridiculous. Who is to say?

For example, a patent issued in 1879 was for a fire escape device suitable for clients of hotels and for placing in every hotel room. The invention includes a hat which bears straps for placing under the chin and behind the head, and a pair of shoes with felt soles six inches thick. The trick: Strap the hat upon your head, lace the shoes on your feet and jump out of the window.

Out of the top of the hat a small parachute emerges and permits you—the inventor or says—to float safely to the ground. If you travel to the earth a mile too swiftly, the felt soles on the shoes will cushion your fall. You have, ergo, escaped a fire — never mind the broken neck.

Another bemused inventor created a finger ring which in itself is not so very new. But his ring has a gold toothpick affixed to it. How handy to have a toothpick ever-present at—shall we say — one's fingertips!

Breath Test

Another patented invention is a small gadget shaped like a hand accordion. It differs from the musical device by the presence of a small hole in the top of it. Its value? Well, one is supposed to extend the little accordion and breathe into the hole. Then one aims the hole at one's nose and closes the little accordion. Voila! One soon learns if he has halitosis!

One serious-minded inventor won a patent on two rubber balls and a tube which runs from ball to ball. One of the balls is placed in the pocket, the other under one's hat. Pass a lady on the street, squeeze the ball in your pocket and you, sir, have been polite enough to tip your hat without ever having to bother to take your hand out of your pocket.

Thus — although it seems unfair—the inventor who is untried but is trying is fair

Joseph Bailin Left \$144,900

Bulk of Estate Goes to Widow; 9 Others Named

Joseph Bailin, secretary of I. Baheall, Inc., when he died last Dec. 16 at 62, left a net estate of \$144,946 to nine heirs and Moses Montefiore congregation.

County Judge Stanley A. Staidl has signed a final accounting which distributes the bulk, \$115,883, to his widow, Betty, 702 N. Rankin street. A daughter, Mrs. Helen Lewis, 206 N. Lawe street, received \$10,565 and a son, David, 29 Winona court, \$10,257.

\$7,082 Taxes
Requests of \$1,000 each went to Larry Jon, Stuart Lee and Jerod Hugh Bailin, 29 Winona court, grandsons; Donna S. Lewis, 206 N. Lawe street, granddaughter; Mrs. Bessie Kuklin and Mrs. Bertha Goldstein, Chicago, sisters; and Rose Horwitz, Chicago, cousin.

A third sister, Miss Sadie Bailin, Chicago, received \$341.25. The congregation was bequeathed \$200.

The estate was composed of \$52,996 in personal property; \$48,577 in annuities; \$24,526 in joint property, and \$3,925 in life insurance. Biggest single item of personal property was 112 shares of I. Baheall, Inc., stock valued at \$44,800.

State inheritance taxes totaled \$7,082.

Dock Workers to Get More Pay as Result Of Automation Gains

San Francisco — Pacific coast dock workers will get a cash share of increased productivity resulting from automation.

An unprecedented 3-year agreement granting that went into effect Monday between Harry Bridges' International Longshoremen's and Warehousemen's union and the Pacific Maritime association.

The 17,000 ILWU members — longshoremen and ship clerks — ratified by more than two to one the pact under which the employers will contribute \$11 million the first year as the workers' share of increased productivity.

The ILWU and the PMA will administer the fund jointly but details of its distribution have not yet been worked out.

The \$11 million is a rough estimate of the share due workers the first year from increased productivity because of increasing container shipping, more powerful loading cranes and other developments in mechanization.

game for everybody who likes jokes at someone's expense. On the basis of the number of goofy gadgets created and patented, it is no wonder that inventors are regarded as jokes.

Music Center — Prange's Fourth Floor

Chevy's the hottest one on the road

It's the hottest looking, hottest saving, hottest selling of the leading low-priced three.

Have you had a taste of pure engine efficiency recently? Well, it's standard equipment in Chevrolet's lineup of eight lively V8's. These are the powerplants that recently won the NASCAR® Outstanding Achievement award for "America's most efficient V-type engines."

One, in fact, produces over one horsepower for every single cubic inch of displacement. It's the only American engine to reach such a high level of deep-breathing efficiency. But whichever Chevy powerplant you pick, you're primed for some of the perkiness you've ever enjoyed, and you'll know it for sure the moment you set your Chevrolet into silk-smooth motion.

Or maybe you're looking for a tightfisted six. Well, Chevy's got just the ticket for you—the savings-six in its field.

And wait, wait till you hook up your favorite Chevy engine to one of Chevrolet's five transmissions, including those precision stickshift gearboxes and ultra-smooth Turbo-glide, among others. We'll leave it to you to choose your favorite from the five, and don't think you won't have fun doing that!

Oh, there's a long, long list of things to like about Chevy, and your Chevrolet dealer will be more than happy to tell you all about it. Why not make it a point to visit him soon?

Official American for Good-Bye Automobile and Economy.

No wonder more people are buying Chevrolets in 1959 than any other car!

CHEVROLET

NBC-TV Schedules 17 Premieres for Fall

Nearly 50 Per Cent Revision Of Last Season's Night Shows

BY JINGO
NBC-TV will premiere 17 shows this fall as it revamps nearly 50 per cent of its night-time schedule. The new shows, for the network only in some cases, and the nights they'll appear:

Sunday—Riverboat and Sunday Showcase, a series of specials.
Monday—Richard Diamond, Love and Marriage.
Tuesday—Laramie, Fibber McGee and Molly, Ford Specials.
Wednesday—Wichita Town.
Thursday—Tales of the Plainsman, Johnny Staccato and Bachelor Father.
Friday—Troublemakers, Friday Specials.
Saturday—Bonanza, Man and the Challenge, The Deputy and Five Fingers.
Sunday holdovers include Dinah Shore and Loretta Young. Back on Mondays are Wells Fargo, Peter Gunn, Alcoa - Goodyear Theater and Steve Allen, transplanted from Sundays.

Arthur Murray Party is the lone Tuesday night survivor. Wednesday's favorites, Waggon Train, Price Is Right, This Is Your Life join Perry Como, who comes over from Saturday nights.

Bat Masterson, Tennessee Ernie, You Bet Your Life and Dollie A Second are returning Thursday nights together with Bachelor Father, an old CBS-TV Sunday night series.

Friday night returnees are People Are Funny, M-Squad, the fights and Jackpot Bowling. People Are Funny represents a switch in nights.

It could be You is the lone Saturday night survivor.

Jingo's Jewels: "Christmas at the Circus," starring the famed Ringling Brothers, Barnum and Bailey circus, will be presented Thursday, Dec. 10, on CBS-TV. . . . Alfred Drake, Sally Anne Howe, Violinist Zino Francescatti, the Ballet Russe de Monte Carlo, the Kingston Trio, Ted Nichols and His Five Pennies and Connie Boswell are signed for the "Bell Telephone Hour's" premiere Friday night, Oct. 9, on NBC-TV.

"The Jazz Singer," with Jerry Lewis in Al Jolson's role, will be one of the Ford Specials on NBC-TV. . . . "The Ethel Merman Show" is another Tuesday night Ford Special. She'll sing the famous songs from her Broadway successes. . . . "The Boss," an original drama of an ardent young political reformer whom success turns into a machine boss, will be one of the "Sunday Showcase" stories on NBC-TV.

Gore Vidal, prominent playwright, novelist and TV dramatist, will write a drama based on the life of his grandfather, the late Sen. Thomas Gore, Oklahoma—the only blind senator ever elected to the legislature—for NBC-TV's "Sunday Showcase." . . . Peter Ustinov also has been commissioned to write and star in an original drama for "Sunday Showcase."

Man-Power Planes Aim Of Britons

BY HAL R. COOPER
London — This may be the year when man at last learns to fly like a bird—powered, that is, by nothing but his own muscles.

The problem had been under attack by no less a body than the august British Royal Aeronautical Society since January, 1957. H. B. Irving, a member of the society's Man-power Flight Group, now says:

"I think it is possible that some sort of man-powered craft will be in the air before the end of 1959."

In an age of space rockets and jet airplanes, this may at first blush rank with an announcement that somebody is about to invent the bicycle. The MPFG is, however, perfectly serious.

Irving, who is in his 60's, is a former assistant director of aerial research for the government ministry of supply. He says the MPFG hopes to come up with a light plane which will be pushed through the air by a pedal driven propeller. It will probably be a tandem job for two, since the extra muscle-power will more than compensate for the weight of a second pedaler.

For the sake of lightness, the flying machine may have an inflatable fabric wing, kept rigid only by the pressure of the air pumped into it.

Construction of the new-fangled craft with the old-fashioned motive power is proceeding under maximum security wraps.

Swedish Girl Seeks Fame in Dietrich Role

Same 'Blue Angel' Made Marlene Big Star 30 Years Ago

BY HAL BOYLE
New York — A young Swedish girl with blue-grey eyes hopes to springboard to fame in the same role that made Marlene Dietrich an international star.

"I only hope it will do for me what it did for her," said May Britt.

She wasn't even born when Dietrich broke grandpa's heart 30 years ago with a pair of enticing gams and a throaty voice singing "Falling in Love Again." The film was "The Blue Angel."

The same song is retained in the new version of the picture.

"It has an even more interesting title in German," said May. "It is called, 'I Am From Head to Foot Made for Love.'"

May made her American debut in a few scenes opposite Marlon Brando in "The Young Lions." But before that she made 11 films in Rome, where she stacked up well against the competition of such native daughters as Sophia Loren and Gina Lollobrigida.

A girl of startling beauty, she says she doesn't mind sexy roles—at least at this stage of her career.

Her husband, Edwin Greggson, is a student at Stanford university.

May (it's pronounced My) was born Maybritt Wilkens in a suburb of Stockholm. Her father is a Swedish postal employee. She had worked as a baby sitter and waitress and was studying photography when Carlos Ponti, the Italian producer, discovered her.

She admires Ingrid Bergman, Greta Garbo and Dietrich, but takes pains not to imitate them.

"You cannot be like anyone else and succeed," she said. "You must develop your own style."

A New 'Blue Angel' is May Britt, young Swedish actress whose ambition is to be as successful as Marlene Dietrich in the role. Miss Dietrich skyrocketed to fame in the movie, "The Blue Angel," 30 years ago and Miss Britt is in the same role in a re-make of the picture.

Castro Assails Dictators But No Early Elections Seen

BY WILLIAM L. RYAN
Havana—It can be unwise for a Cuban to be careless about questions nowadays.
He might ask casually of the wrong person: "How do you think things are going these days?" and be told: "That's a counter-revolutionary question."
El Jefe Maximo—the topmost leader—of the revolution, Prime Minister Fidel Castro has a strange idea of democracy. To him Cuba seems to represent the purest form of Athenian democracy because the crowds come out at his beck and call to cheer for his leadership.
Castro rails against dictatorships in Latin America, and it is likely he is completely sincere in believing him-

In this second article of a series of three, William L. Ryan, Associated Press foreign news analyst, gives some answers to the question of whether another dictatorship is likely in Cuba. Ryan has just conducted a new survey of developments in Cuba. Since he was last there as the Batista dictatorship collapsed.

self a champion of liberty. On the surface there's liberty in Cuba.

A man can talk openly if he chooses. But if he is overheard, he can be in for trouble. A newsman can print what he wants without a censor looking over his shoulder. But when it appears in print he can find himself in hot water.

There seems little prospect for free elections in Cuba for years — nor is there much prospect for formation of real opposition political activity.

Castro, however, does not

Now they are being called "young civic citizens."

Up to the present about 27,000 are enrolled in the organization, operating thus far only in Havana under the direction of a dynamic, middle-aged woman leader named Caridad Alvarez Alamo. It is supposed to enroll youngsters from 7 to 14 years, but the age actually ranges up to 17 or 18.

Leader Alvarez has been quoted as saying she wants to indoctrinate the boys in "comradeship, courage, class spirit and democratic conscience." This has a melancholy similarity to the regimentation slogans that have become familiar in recent decades. One parent who refused to enroll his son in the organization got a furious reaction and says he expects unpleasant consequences.

Youth Patrols

For example, there are the "Patrullas Juveniles" — the youth patrols. On the surface these are little more than Boy Scout-type organizations devoted to fine and patriotic ideals. But underneath they seem something else again.

The youth patrol made its appearance in olive drab uniforms in the big parade celebrating the July 26 anniversary of Castro's movement. The boys were executing a curious little twisted goose-step. They are part of Castro's revolution.

The "Patrullas Juveniles de la Policia Revolucionaria" is billed as an organization intended to "help the police." The youths in the patrol are supposed to inform the police of what happens in their neighborhoods.

In the old days under Fulgencio Batista's dictatorship, such a person would have been called a "Chivato"—meaning a little braying goat, informer or, to put it in the proper colloquial English, stool pigeon.

27,317 Drivers Get Tickets in Half Year From Traffic Patrol

Madison—The state traffic patrol said Tuesday its intensive traffic enforcement program resulted in tickets for 27,317 drivers during the first half of the year, about 8,000 more than during the same period a year ago.

The state issued license plates to owners of 1,569,528 vehicles, an all-time high, during the fiscal year ending July 1.

A report issued Wednesday by the state motor vehicle department, showed a 2.2 per cent increase over registrations of the year before.

The breakdown showed 1,265,894 automobiles, 237,743 trucks, 29,585 trailers, 20,400 government vehicles, 11,244 motorcycles and 4,662 buses.

workers' glorying in unaccustomed freedom, it is being used by communist agitators to foment restiveness.

In some areas communist-infiltrated unions now are sufficiently powerful to become a clearinghouse for the labor force with full control over job assignments and wages.

These are only symptoms. Perhaps much of this will be overcome. On the whole, even among the harassed middle class, there is much well-wishing for Castro's revolution, and much confidence it will succeed in the long run despite gloomy portents.

Tomorrow: Hope Amid Confusion.

Ald. Stillings Hits Delay in Airing Charge

Calls for Legal Opinion to Decide Proper Jurisdiction

Ald. Mrs. Dorothy Stillings says she thought it unwise to postpone a meeting to find out why it took police eight days to investigate a complaint about a teenage knife-wielder.

Mrs. Stillings made her statement at a public safety committee meeting which originally had been scheduled Tuesday for an explanation by Police Chief Walter Hendricks of charges made by Ald. Roy Pointer.

Pointer reluctantly agreed to appear later, after Mayor Clarence Mitchell asked to be present. The hearing probably cannot take place until after Aug. 24 when Pointer returns from vacation. Mitchell is in Chicago signing city bonds.

Wants Ruling

Mrs. Stillings asked for a ruling by City Atty. Don L. Jury before Aug. 19 to decide what municipal agency has jurisdiction. "Is it the public safety committee, the police and fire commission, or who?" she asked.

Schneider said no formal complaint had been sent the police chief about the knife-wielding incident. A neighbor of the victim, a friend of the

chief, sent him a personal letter about the situation, Schneider said. Hendricks added the letter was sent in an envelope marked "personal."

Threw Apples

The incident arose after Ivo Lamers, 33, of 724 S. Mueller, said he and his 7-year-old son Gary were threatened by a teenager who threw apples at them. Lamers said he talked to a policeman at the entrance to Pierce park, where a recreation department function was taking place.

A few days later, a neighbor, Richard A. Mathews, a friend of the chief, wrote him a personal letter about the incident. Ald. Pointer then requested permission to question the chief.

Revenue of Water Department Up For Six Months

Water commission revenue rose \$2,115 for the first six months of 1959, compared with a similar period in 1958, the commission has announced.

Revenue for the period ended June 30 was \$236,337. Expenses dropped \$2,457 to \$133,915.

Gross income of the department dipped slightly to \$37,651, down \$431 from last year. There was \$19,394 less in deductions this year than last, because no interest on the city's \$1,429,816 equity in the commission was deducted.

Under a new plan approved last year the city does not charge interest on its equity until after the year is over and the commission's profits have been determined.

The commission has accepted the low bid of the U. S. Pipe and Foundry company for 12-inch cast iron pipe, costing \$5.99 a foot, and for fittings costing \$330 per net ton.

It also approved Sunny Acres plat for water purposes.

Senate Group Works on New Housing Bill

CONTINUED FROM PAGE 1

The senate voted 55-40 to override the veto of the earlier bill but this was nine votes short of the two-thirds needed.

The outcome preserved Eisenhower's record on his veto—the never has been overridden.

The president won support of 30 of the 32 Republican senators who voted, with only Jacob K. Javits (NY) and Hugh Scott (Pa) in favor of rejecting the veto.

But 53 of the 63 Democratic senators on hand voted to override. The 10 noes were cast by nine southerners and Frank Lausche (Ohio).

Wisconsin's senators split their vote. Democrat Proxmire voting to override, and Republican Wiley to sustain the veto.

Sen. Joseph S. Clark, Jr. (D-Pa), who had strongly urged the Democratic leadership to make a try at killing the veto, told a reporter afterward "I am glad we had the vote."

"The Democrats made a very good showing on this vote and now we have something to talk about next year in the areas where housing is a vital issue," he said. "We made the effort; now we've got to write a bill the president will sign."

Eisenhower indicated at his news conference yesterday he was in a compromising mood on housing.

Democrats in Tickets Fight

CONTINUED FROM PAGE 1

back down further on the number of tickets.

The newly built Sports arena in downtown Los Angeles is the scheduled site of the convention. The arena has a seating capacity of about 17,000. About 3,500 delegates are expected.

Because of the dispute, ticket allotments for the state delegations have not been completed.

Paulley hasn't indicated what he intends to charge for the host committee's tickets. Presumably many will be sold on a donation basis—going to the highest bidder—to help pay off the \$350,000 used to underwrite the convention.

Hahn, speaking of compromise possibilities, said he expects Paulley and Butler "will give a little."

Of Butler's statement that he wants the dispute settled by Monday, Hahn said: "It was no ultimatum. The national committee simply has to begin making convention plans and can't be embroiled forever in a ticket hassle. Its position has been clear from the outset."

Miami Beach quickly made plain it was eager to jump back into the convention picture. Mayor Kenneth Oka said:

"If they even suggest the possibility again of holding it here, we will come running. Miami Beach can show them a convention the likes of which they have never seen before. The door is still open."

Dennis Weller, 7, Roseville, Calif., won a blue ribbon for his knitting at the Placer county fair. He surprised everyone but his grandmother who entered his handiwork. Dennis took up knitting last winter.

U. S. Proposes Study Of Caribbean Unrest

CONTINUED FROM PAGE 1

these objectives, and wish to lend support to their achievement by peoples of all the American republics," he added.

The conference is faced with the difficult problem of maintaining peace and promoting democracy while avoiding intervention in the internal affairs of the American republics.

Herter's solution apparently was increased dependence on the OAS.

He told the conference the United States is especially concerned about turmoil in the Caribbean because (1) the area borders on the United States and "we therefore cannot escape involvement in many of the effects" (2) a breach of the peace anywhere in the Americas spreads throughout the community and (3) trouble in the Caribbean reflects on the position of the Americas in the world as a whole.

"The Inter-American system and the Organization of American States constitute one of the bulwarks of freedom in a world that continues to be threatened by the aggressive and imperialistic designs of international communism," the secretary of state declared.

Strong System Needed

"The maintenance of a strong inter-American system is therefore an integral part of the supreme effort in which all of us participate to preserve our liberties and the finer aspects of civilization itself."

The problem of non-intervention was raised last night in discussions of the tensions created by Castro's call for liberty throughout the hemisphere.

The focal point of the tension is Castro's feud with Generalissimo Rafael L. Trujillo, dictator of the Dominican Republic.

Mexico's Manuel Tello was applauded when he warned

Gov. Nelson Signs Anti-Secrecy Bill

CONTINUED FROM PAGE 1

lem, generally have felt that violations of the freedom of information concept have not been frequent or general, but said there were a sufficient number of transgressions to warrant legislation.

There was no direct testimony opposing the bill at several public hearings.

The governor, recalling his campaign pledge, commented today the act is "an important step toward ripping down the paper curtain of secrecy that has been hiding more and more governmental actions from the press and the public."

Democratic Necessity

"Government is becoming increasingly complex at every level, making maximum public exposure to what is essentially the public's business absolutely vital if our democracy is to continue to function—as it must—on the basis of an informed electorate," he added.

Wisconsin policy on the subject now is contained in chapter 289 of the laws of 1959, now available.

In general, the new law permits closing public agency meetings only for deliberations following judicial or quasi-judicial trials or hearings, matters involving charges against public employees, probation, parole, crime detection and prevention, transactions where privacy is advisable for competitive or bargaining reasons, as in public purchases, legal conferences of agencies, and others that may be specifically closed by established law.

New Bibles on Way To U. S. Fair Display

New York—New Bibles are being sent to supplement the collection on display at the American exhibit in Moscow.

The American Bible society said Wednesday it is providing a new supply to the U. S. Information agency since reports that some Bibles on display at the exhibit have been "removed or damaged by tremendous wear" by the throng of visitors.

Quiet Prevails At Little Rock

CONTINUED FROM PAGE 1

lived their attitude is changing.

"They seem to understand that integration is not so bad and even if they don't approve it, violence is not the way to solve it," he said.

At Hall High school located in the fashionable Pulaski Heights area, three Negro girls returned to classes today. They are Effie Jones, 17, and Estelle Thompson and Elsie Robinson, both 18.

"Everything was okay," Elsie said of first day classes. Hall operates today from 10:30 a.m. to 1 p.m.; Central, from 2 p.m. to 4:30 p.m. They won't go on a full day's schedule until next week.

The violence at Central broke out after the crowd marched from the capitol rally to within a block of Central. Police Chief Gene Smith shouted for them to disperse.

When they didn't the police moved in on them with clubs. Several men were struck over the head. A fire truck stood by and Smith ordered a hose turned on the crowd. The crowd broke and re-formed later, but this time it only jeered and held back.

Three teenagers were arrested at the rally and 21 at the outburst near Central. The boys were picked up after Smith said he found nine tear gas bombs in their car. Since they were on state property, they were turned over to state police.

Lt. Paul McDonald of the state police said no charges had been filed and the youths were turned over to their parents. McDonald said an investigation is continuing.

Negro Families Under Chicago Police Guard

Chicago —(AP)— Two Negro families yesterday moved into a 3-story apartment building in a previously all-white neighborhood. Police patrolled the area and no incidents were reported.

The apartment building on the west side, had been the target of demonstrations last week. However, emergency police squads were sent in to disperse the crowds on two nights. Sixteen persons were arrested and charged with inciting to riot and failure to disperse.

Some 60 policemen were assigned to watch the building yesterday as the Negro families moved into the first and second floor apartments. About 100 policemen were in the area last night but there were no demonstrations. A police detail is to be maintained at the building, officials said, to prevent any large gathering or demonstrations.

ARE YOU GOING BALD BECAUSE OF SEBORRHEA?

Now Science PROVES This and Other Causes Of Baldness Can Be Treated Successfully

*Abnormal secretion of fatty oils in the scalp, and a major factor in hair loss

When you first notice your hair thinning at the crown or temples, brought on usually by dandruff or oiliness, itching, dandruff, excessive loss, hair on your comb or in your sink, you should be concerned. These are danger signals — your body's way of letting you know there's trouble ahead. It's possible even a lifetime of total baldness! Your only chance of avoiding this embarrassment is to correct the cause of your hair loss and save the hair you have.

A lot of men and women are afflicted with some kind of scalp problem, but only a few take action before it's too late. If your scalp is still creating hair — even if it's thinning — you may still save and thicken what you have. And you can positively find out whether neglect and mistreatment may be the real causes of your hair loss.

Disregard what you may have heard about baldness being inherited or that "nothing can be done" to save falling hair. Amazing success in the scientific home treatment of scalp problems has made the ERICKSON SYSTEM a leader in the field of combating hair loss. Because the Erickson Treatment is a highly specialized, professional service, 90% of the cases we accept have been successfully treated. If our free preliminary examination indicates that your scalp will not respond, you will be told immediately and not be accepted for treatment. We know that some types of baldness, when caused by a fringe of hair remains, cannot be treated. We have always refused this type of condition.

may make one by phone if you wish. You will be shown how 92% of Erickson clients have responded to this new type of home treatment. You too, may soon see the same results. Above all, do not join the millions of men and women who are said because they did nothing.

The Erickson Hair and Scalp Specialist in your area is Mr. L. L. Erickson. Hours are from 12:30 to 8:30 P.M.

APPLETON — Saturday, August 15th at the Conway Hotel.

GREEN BAY — Sunday, August 16th at the Northland Hotel.

Superintendent 15 Years

John P. Mann, 16 Principals Guide Appleton Public School Education

John P. Mann, Appleton superintendent of schools for 15 years, has devoted a lifetime to guiding the educational destiny of Wisconsin children.

His career began in 1916, when he taught algebra in Oshkosh. After serving his country in World War I, he returned to win a BA degree at Ripon college and an MA degree at the University of Wisconsin. He also held superintendent's positions at Hillsboro and Evansville before being named to the same post at South Milwaukee.

In 1944, he came to Appleton to guide the schools through the difficult period of post-war growth. Since then, the city has constructed seven new school buildings and completed major remodeling projects in almost every other school.

Community Leader
Mann also has been active in state and community affairs. He is a member of the state welfare board, a past member of the governor's commission on children and youth and a director of Badger Boys state. He is married and has two sons and six grandchildren. He and his wife live at 1321 N. Union street.

Sixteen principals aid Mann as supervisors of the city's 16 public schools. Brief biographical sketches of them and their photographs appear below.

Herbert H. Helble, Senior High school principal since 1925, came to Appleton in 1921 after teaching two years at Beloit college. He has a BA degree from Beloit and an MA degree from the University of Wisconsin.

Walter T. Fox, Madison Junior High school principal since it opened, was for 23 years principal of McKinley school and 14 years a teacher there. He has a bachelor's degree from Wisconsin State College at Oshkosh and MA degree from Lawrence college.

Neil Lunenschloss, Roosevelt Junior High school principal since 1962, taught 14 years at New Glarus and Belleville before becoming a principal here. He has a bachelor's degree from Wisconsin State College at Platteville and an MA from the University of Wisconsin.

Orlyn A. Ziemann, newly-named principal of Wilson Junior High school, has taught mathematics and social studies six years at Wilson and taught three years in Superior. He has a bachelor's degree from Wisconsin State College at Oshkosh.

Mrs. Bernice Ahlschwede, Lincoln school principal since 1953, has taught in Appleton 23 years—11 years at the Zion Lutheran Grade school, two years at Jefferson school, and was Columbus school principal for four years. She has a BA degree from Lawrence college and an MA degree from Northwestern university.

Miss Charlotte Klemm will be the new principal of Edison school. She began teaching in Appleton in 1968 and has been principal of Foster school since 1966, principal of Washington school for three years and elementary music supervisor for four years. She has both her bachelor's and master's degrees from Wisconsin

Morgan school since 1938, has taught in Appleton since 1934, after teaching five years in Kenosha and Rockford, Ill. He has a bachelor's degree from Wisconsin State College at Oshkosh and an MA from the University of Wisconsin.

Mrs. Teresa Novokofski, principal of Jackson school since 1957, taught for 11 years at Franklin, Whispering Pines and Foster schools, after teaching for 10 years in Outagamie county, Beaver Dam and Menasha schools. She has a bachelor's degree from Wisconsin State College at Oshkosh and a master's degree from the National College of Education.

Raymond J. Parkinson, principal of Columbus school since 1958, taught for 11 years at Morgan and Jefferson schools. He has a bachelor's degree from Wisconsin State College at Stevens Point and a master's degree from the University of Wisconsin.

Miss Viola Pelzer, principal of Richmond school since 1953, taught 29 years previously at Richmond school. She has a bachelor's degree from the University of Wisconsin—Milwaukee.

James B. Retson, first principal of the new Huntley school, joined Appleton schools in 1951 and has been principal of Edison and Jackson schools and taught at Jackson school. He has a bachelor's degree from Lawrence college and a master's degree from the University of Chicago.

Miss Helen Sweet, principal of Washington school since 1958, has taught 15 years at Franklin and Whispering Pines schools, after teaching four years in Outagamie county and Fremont schools. She

has a bachelor's degree from Wisconsin State College at Oshkosh.

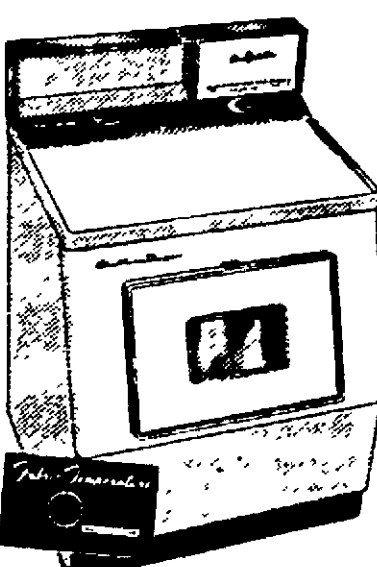

Mrs. Catherine Symons, Foster and Madison schools principal for 1959, joined the Appleton school system in 1955 and taught three years at McKinley and Whispering Pines schools, after teaching one year at Evanston, Ill. She has a bachelor's degree from Mt. Mary college, Milwaukee,

and a master's degree from the National college of Education.

Miss Rose Wuest, principal of Jefferson school since 1945, taught seven years previously at Edison school, after teaching 12 years at New Holstein. She has a bachelor's degree from Wisconsin State College at Oshkosh and a master's degree from Marquette univer-

Bright, Broad Stripes accentuate the sweater look for schoolboys this fall. The husky sweater, in a brilliant red, white, and blue combination, button-down Ivy-type shirt and new frontier-pocketed slacks would make any youth smile.

School Boys Suffer No Style Letdown

Younger Set Will Pattern Clothes After Dad, Brother

Elementary school boys will suffer no style letdown in school clothes this fall. For the most part young lads will pattern their clothes after big brother and dad.

The casual styling of the Ivy models is perhaps better adapted for youth than the more sophisticated continental style.

Fabrics Lighter
Fabrics are lighter weight, although dark to medium in color. Lighter weight materials will be most popular in pure worsteds that have been blended with synthetic fibers.

A popular school trousers will be a nylon and cotton combination giving 70 per cent more wear. It has typical ivy style with back flap pockets, plain front, tapered legs and no back belt. A washable cotton trouser in tan, black, charcoal, antelope, antique blue, brick, antique brass and natural tan also will be popular.

Variety of Trousers
Dress trousers will come in a variety of man-made fabrics. Clothes dealers feel a 70 per cent rayon and merino mixture in a washable pants will be popular. Second in popularity, they say, will be a rayon, nylon, dacron washable blend. Also popular with the younger set will be hopsack fabrics (wool which looks like a burlap bag). These will be in plain colors.

Sweaters Great
Ancient plaids with button collars, dress shirt fronts, and pleated back will be popular in the sports shirt line. Soft, well-wearing flannels in a host of colors, made of imported brushed rayon in subtle shades, will go well as cooler weather approaches. Dress shirts will remain in the conventional white with plain cuffs.

With fall comes sweaters.

Deny Germans Help Construct Atomic Weapon

London—(U)—The British foreign office denied Tuesday that NATO was investigating a report that West German scientists were helping the French construct a nuclear weapon.

The report was carried in the labor party newspaper Daily Herald.

A foreign office spokesman told a news conference there was "no investigation by NATO or any other body" into the matter. He declined to discuss other parts of the Herald story which were denied in Paris and Bonn.

The newspaper said West German scientists were helping produce the atomic bomb France hopes soon to explode in the Sahara desert.

West Germany is banned by treaty from producing its own nuclear weapons.

The Herald suggested that West Germany, as a "silent partner" with France was providing cash as well as technical know-how and that German scientists were installed at French atomic research stations.

Children Need Health Checkup

Exam Necessary To Them to Assure Good School Year
It's not too early to think about preparing the youngsters for the new school term. It fixed before school begins.

It is important to see that they start off in "tip top" condition. School children should be in the best possible health at all times, but they should be especially fit when it's time to go back to school.

Take the children first to the dentist and next to the doctor for complete check-ups. If either dentist or doctor finds anything wrong, about preparing the youngsters for the new school term. It fixed before school begins.

If the dentist finds any cavities, it's important that they be filled immediately. Baby teeth should never be neglected. Neglected baby teeth come out too early, causing permanent teeth to come in crooked.

In the doctor's complete check-up, the child will be weighed and measured. The doctor will give a thorough head-to-toe examination. He will test eye-sight and hearing; analyze blood and urine, and finally check on immunizations.

Every child needs protection against smallpox, diphtheria, tetanus, whooping cough and polio. In some other parts of the country other immunizations are necessary, too.

School health authorities urge parents to complete vaccinations and immunizations by early August. It is also important to make sure school children get their polio shots before close contacts at school.

If there is any suggestion by the doctor that there is something wrong with eye-sight or hearing, parents should attend to it right away. A child who cannot understand what his teacher is telling him, or who can't see the blackboard, may develop habits that make him a poor student.

More Than 3,000,000 Have Defective Hearing. It is estimated that more than 3,000,000 children in the U. S. have some defect in their hearing. A majority of these same children have some eyesight problem. Glasses with hearing aids "invisibly" attached are now available for children.

8 Kaukauna People Injured in Two Mishaps

Little Chute Police Report Minor Cuts, Bruises in Accidents

Little Chute — Two persons suffered minor injuries in a 2-car accident on Buchanan street in the village about 11:30 p.m. Tuesday and another motorist suffered a cut chin in an accident on Madison street about 2 a.m. Wednesday, according to village police.

Thomas Schmit, 16, 801 Blackwell street, Kaukauna, suffered a bruised abdomen and Miss Carol Gerhart, 16, 401 W. Tenth street, Kaukauna, suffered a minor bruise to her back when the car Schmit was driving was struck in the rear by a car driven by Robert Mitchell, 16, 543 N. Appleton street, Appleton.

Schmit was proceeding south on Buchanan street and stopped suddenly when blinded by bright lights from a car going north on Buchanan. Mitchell was unable to stop in time to avoid the accident.

William Lambie, Jr., 20, 817 Lawe street, Kaukauna, cut his chin when he lost control of his car on Madison street about 2 a.m. Wednesday.

Lambie told police he was traveling north on Madison street and decided to turn right suddenly causing him to lose control of the car, jump a curb and strike a tree.

Chief Issues Dog Warning at Little Chute
Little Chute — A warning about permitting dogs to run loose in the village was issued Wednesday by Sylvester Vandenberg, police chief, after his department had received numerous complaints within the last week.

Village ordinance requires dogs be kept tied at all times, said the chief, and owners of animals running loose are subject to arrest and prosecution. Permitting dogs at large during summer months is particularly dangerous since many youngsters are playing outside and fail to realize the danger in attempting to make friends with stray dogs.

Fishing Derby Set Saturday

Kaukauna — The annual Huck Finn day festivities have been cancelled this year and will be replaced by a fishing derby at Reichel's pond behind the Dodge street diamond beginning at 1 p.m. Saturday, according to James Gertz, recreation director.

Youngsters 14 years old and under are eligible to participate. Prizes will be awarded children catching the most fish, largest fish, first fish and other categories. Recreation department personnel will be on hand to supervise the affair.

Approximately 2,000 sunfish,

Girls' Singles Tennis Tourney Has 8 Players

Kaukauna — Eight girls are participating in the recreation department sponsored singles tennis tournament, according to Gerry Hopfensperger, instructor.

Opening matches will have Nancy Rennebohm meeting Carol Schroeder, Carla Ploetz playing Jill Koblin, Susan Whittaker meeting Ronnel Schubring and Julie Martens playing Bette Busse.

Four winners will meet Tuesday in semi-final competition while the semi-finals in the consolation competition will be held Wednesday. Championship play will be held Wednesday.

Hardball Loop Champs Named

League Winners Both Score Victories in All Star Contests

Kaukauna — Competition has been completed in the Junior Hardball leagues with Haas hardware finishing with an 11-1 record in the National league and Farmers and Merchants finishing with a 10-1 mark in the American league.

Trailing Haas are Gustman's with an 8-4 mark, Beyer Building and Supply with 6-6, Thilco with 6-7, Johnson Drugs with 4-9 and Kaukauna Klub with 2-10. Mike Gondek was top hitter with 25 times at bat, 16 hits and a .630 average. Mike Blenke finished with a 10-1 mark while Tom Vils had 7-0.

In the American league KAC and Thilco finished with 6-4 records, Greenwood had a 3-7 mark and Piggly Wiggly had a 1-9 mark. Leading hitter was Ron Skalmusky with 22 times at bat, 10 hits and a .455 average. Gary Weigman was leading pitcher with a 5-0 mark.

In All Star games the Haas team behind the pitching of Mike Blenke dumped the Stars 5-3. Tom Vils was the loser. The Farmers and Merchants team dumped the Stars 11-3 in the American league. Gary Weigman was the winning hurler and Dave O'Brien the loser. Ron Skalmusky and Gary Weigman each had two hits in three times at bat.

Lion Golfers Tip Rotarians

Kaukauna — The Lions club dumped the Rotarians 629 to 643 in the annual match between service clubs at the Fox Valley Golf club Tuesday with Art Mongin of the Lions firing low score of 39.

Losers of the match were required to buy supper for the winners. Each year the organizations hold a bowling and golfing match for the same stakes.

Other low scores included a 40 by Howard Meyer of the Lions, a 41 by Lawrence Gerdner of the Rotary club and 42s by Ray Morgan of the Lions and Hal Lindell of the Rotarians. Twenty-six golfers competed in the event.

bluegills and other small panfish were planted in the pond recently by the conservation department.

Modern Loses but Captures Crown in 16-Inch League

Kaukauna — Gertz' bar upset Modern 1-0 in the 16-inch Tavern league Tuesday night but the latter finished in first place in second half play with a 5-1 record.

Gertz tied with Ranch bar, winners over Clunes 9-4, for second place with 3-3 records. Clunes finished with a 1-5 record.

Gertz scored the win behind the 3-hit pitching of Al Schumann but had to wait until the last of the seventh before taking the win. Vic Diedrich, losing hurler, allowed only five hits, two in the seventh frame. Harry Hurst opened the last inning with a single, advanced on an infield out and scored on a single by Bill Knapp.

Second Contest: Ranch scored seven runs in the top of the seventh to over-

come a 4-2 lead of Clunes and take the win. The losers scored four runs in the third on three singles, an error and a double by Jerry Vils. The winners scored two runs in the fourth on an error and three singles.

The deciding tallies came on a 6-hit outburst in the seventh. Five singles, a walk, an error and a homer by Pete Mathis accounted for the runs. Jack Damro was the winning hurler and Harold Rosin the loser.

Ranch and Gertz will play off for second place at 7 p.m. Monday. Play off for the season's overall title will be held at 8 p.m. Tuesday between Gertz, first round champs, and Modern. Tuesday's game will be a benefit for Mike Niesz who was injured while playing for Ranch bar.

Recreation Cage Leagues Winding Up Competition

Kaukauna — Competition in the recreation department sponsored basketball league has been completed with All Star games form various leagues to be held at the high school gym Wednesday night.

In the Western division of the Professional league, the Lakers finished as champs with a 5-2 record followed by the Royals with 4-3, the Hawks with 3-3 and the Pistons with 1-5. In last week's

May Approve Hospital at Reformatory Building Group to Vote on \$800,000 Construction

Post-Crescent Madison Bureau
Madison — A new hospital and receiving building for the state reformatory at Green Bay, a goal of institution superintendents for more than 20 years, may soon be approved.

The state building commission will vote here at its next meeting Aug. 27, on a proposal of Gov. Nelson for a series of building projects for the next two years.

\$800,000 Unit
Included for next year is the suggested authorization for the expenditure of \$800,000 for the receiving unit and hospital to replace quarters on the grounds of the institution in Brown county described as "very bad."

The description came yesterday from Director Wilbur Schmidt of the state welfare department, discussing the project at a commission meeting.

The proposal before the commission was for the release of \$50,000 for planning the improvement, but officials said the money for actual construction will be available, if the commission authorizes its release.

Fire Hazard
Schmidt said the present hospital facilities at the reformatory are among the more serious fire hazards in the state institution system.

Some observers reflected that the proposal for such extensive new investment in the reformatory property might have the effect of anchoring still more securely the penal institution to its present location.

Over the years there have been recurring proposals from the neighborhood for the relocation of the corrections facility to a more isolated and less populated location, but the suggestion has not taken root.

Red Cross Swim Program to End With Fun Day
Kaukauna — Parents and friends of youngsters enrolled in the Red Cross sponsored "learn to swim" program at the pool this summer will have the opportunity to see what the children learned during a fun day, at 9 a.m. Saturday.

Swimming instructions will

Committees Named For Outdoor Rites At Athletic Field

Kaukauna — The Kaukauna Knights of Columbus in conjunction with Holy Name societies of the two Catholic churches will sponsor an outdoor Holy Hour of Prayer for Peace at the high school athletic field Aug. 31.

The affair will get underway at 8:30 p.m. with persons from Wrightstown through Neenah expected to participate, according to John

conclude Friday but children will be permitted use of the pool Saturday to demonstrate their skill to parents. Water games and stunts will be demonstrated after skills are shown.

Instructors will be on hand to supervise activities. Swimming lessons for city youngsters will also end this week.

Van De Loo, general chairman. Last year the Holy Hour was staged at Goodland field, Appleton. It will consist of reciting the rosary, a sermon and benediction of the Blessed Sacrament.

Committees Named
Committee workers appointed by Van De Loo include Frank Geuriz and John Berkers to altar and decorations, Jerry Schommer, Henry Siebers and Barney Lamers to altar base construction, David Hartjes to lighting, and Hartjes and Connie Hatchell to rosary flare arrangements.

Publicity will be handled by Richard Kuchn and James Lang while Chris Wildenberg will have charge of the loud-speaker system. Candles and program distribution will be handled by Dave Kilgas and Robert Klister while Victor Haen will arrange for bleachers and high school accommodations with the school board.

William Steffens will have charge of chairs, Daniel Burns the fourth degree of K of C, Harold Hennes of entertainment area and ropes, George Simon of transportation for nuns, Clarence O'Connor of rooms for robing of clergy and servers, and Leo Van De Loo will have charge of car and equipment for the Blessed Sacrament as well as serving as custodian and guard.

Police, assistance and parking will be arranged by Martin Janssen and James Mc-

Deny Passports Of Teachers to Halt Exodus

Nonwhites Held in South Africa; 'Shortage' Cited

Port Elizabeth, South Africa — The South African government has stopped the exodus of non-white teachers from South Africa by refusing to issue passports to them.

Teachers from all over the country have been denied passports in the past eight

Fadden. Ushers will be secured by Robert Niesen and Paul Nagan, Richard Eiting and Adrian McGrath will be in charge of the choir and music. Joseph Sadlier will have charge of the radio, Vince Steffens of servers, George Greenwood, Jr., of placard distribution and Lawrence Verhagen will handle clergy transportation.

Assisting the general chairman will be Herman Maes and Ray DeBruin.

months. They have been told they cannot go because there is a shortage of trained teachers. The general belief, however, is that the government fears they will assail South African segregation policies once they are abroad.

Only recently, the government confiscated the passport of Hans Beukes, a Eurafrican student at Capetown university who wanted to do advanced study in Norway. Non-white students of Port Hare university who have been offered grants to study in Britain have had inexplicable passport delays.

A Surplus
The colonial liaison officer at the United Kingdom passport office in Capetown wrote some applicants:

"I am officially informed that in view of the shortage in South Africa of trained non-white teachers, it will no longer be possible to release them for service beyond the borders of South Africa."

But nonwhite teachers in Port Elizabeth say there actually is a surplus of non-white teachers for the existing schools — not a shortage. Little publicity has been given to the situation because most teachers fear they will lose their jobs — or the opportunity to negotiate for passports in the future — if they talk.

Multiple-Duty Ware Aids Gracious Dining

Foods Served in Same Dishes Used for Cooking or Storing

BY LILLIAN MACKESY
Post-Crescent Food Editor

There's an old saying about clothes making the man or woman . . . the same thought applies to serving dishes and meals when it comes to gracious dining . . . admittedly most people enjoy their meals better if they are served in attractive fashion, but it's also a fact that there's nothing very gracious about a frazzled hostess or mother at meal-time.

The trick is to "set a pretty table" without too much strain and stress. And this can be done today with all the multiple-duty ware on the market. It's hard to say exactly what to call these new dishes because they can be used from preparation time to serving. They pop into the oven as excellent baking utensils, they are lovely serving dishes and many have covers that fit tightly so they may be used for storing foods.

One particular new ware comes in beautiful soft shades, often with elegant designs to make them colorful and lovely for table use. These utensils are used for all types of cooking jobs, but most important, they are serving dishes as well. Impervious to sudden changes in temperature, a prepared dish comes out of the refrigerator and can go direct to stove top or oven for heating . . . and then to the table.

Heat-resistant glassware sets come with covers that double as trays on the table or covers for storing. Others come with brass servers into which the hot dishes of prepared food are placed for table service. There are divided dishes, both bakers and servers, matched twin casseroles, skillets and all-purpose ware.

As for the food that goes in them, that depends upon the cook, but here are a few new recipes that take to buffet service.

Tuna-Chip Bake

- 1 can tuna fish
 - 1 can cream of mushroom soup
 - 2 teaspoons Worcestershire sauce
 - 1 can sliced mushroom crowns
 - 1 cup crushed potato chips
- Break up tuna into bite-size pieces. Arrange in large baking dish. Mix soup, Worcestershire sauce and undrained mushrooms. Pour over tuna and place potato chips on top. Cover dish and bake in 350-degree oven, about 20 minutes. Remove cover and bake 25 minutes longer or until nicely browned.

Mexican Corn

- 1 can whole kernel corn, drained
 - 1 tablespoon finely chopped green pepper
 - 1 tablespoon chopped pimiento
 - 1/2 teaspoon salt
 - 1/2 teaspoon chili powder
 - 1/2 cup butter
- Mix corn, green pepper, pimiento, salt and chili powder in medium size baking dish. Dot with butter. Cover and bake in 350-degree oven for 45 minutes.

Chili Veal

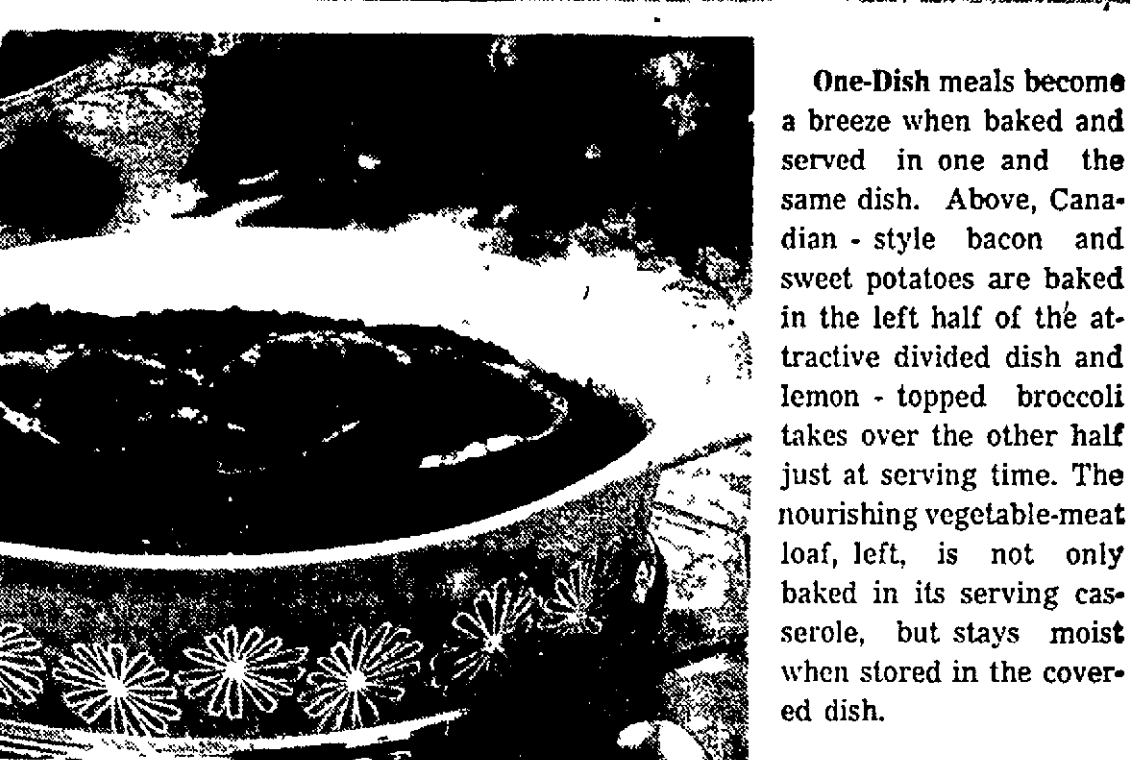

- 1 cup butter
 - 1 cup minced onion
 - 1 cup flour
 - 1 can cream of chicken soup
 - 1 cup water
 - 1 cup diced green pepper
 - 1/2 teaspoon salt
 - 1/2 teaspoon pepper
 - 2 cups diced cooked veal
- Melt butter, saute onion in it until golden brown. Blend in flour. Add soup, water, pepper and seasonings. Cook until mixture thickens. Combine diced veal with soup mixture and turn into 1-quart baking dish, which has been well greased. Bake in slow, 325-degree oven for about 20 to 30 minutes or until bubbling hot throughout.

Gilt-Edged Potatoes

- 1 quart mashed potatoes
 - 2 tablespoons butter
 - 1 cup grated American cheese
- Spread mashed potatoes in 1-quart dish. Dot with butter and sprinkle with grated cheese. Bake in slow oven at 325 degrees for about 15 minutes or until cheese is melted and potatoes golden.

BEAUTIFUL PERMANENTS by VOGUE STYLISTS
DIAL 4-4000—IT'S THE VOGUE FOR ALL BEAUTY SERVICES

One-Dish meals become a breeze when baked and served in one and the same dish. Above, Canadian-style bacon and sweet potatoes are baked in the left half of the attractive divided dish and lemon-topped broccoli takes over the other half just at serving time. The nourishing vegetable-meat loaf, left, is not only baked in its serving casserole, but stays moist when stored in the covered dish.

One-Meal Dishes Easy To Prepare

When household schedules get jammed, there's no trick at all to serving a hungry family a wholesome hot meal.

The wise gal stops fussing, turns to her one-dish meal file and trots out her combination baking-serving ware. If she's a real planner who knows a busy day is coming up, she may even have such a dish as a vegetable-meat loaf on hand, already stored in her covered decorator casserole. It goes direct from refrigerator to oven for warming up and then on to the table for service.

Or perhaps she prefers a 2-food combination that's easy to serve in a divided dish and thus make a one-dish meal from a meat dish plus green vegetable duo. Baked Canadian-Style Bacon with Sweet Potatoes is this type of dish, served with broccoli topped with lemon-butter. The bacon-sweet potato combination is baked right in the dish and the broccoli, or other preferred vegetable, cooked separately on top of the stove, is arranged in the second well of the divided dish after it comes piping hot from the oven. Its one side filled with a delicious sweet potato-bacon-pineapple combination.

Here are the recipes:

Canadian-Style Bacon With Sweet Potatoes

- 1 pound cooked sweet potatoes
- 1/2 cup brown sugar
- 1/2 teaspoon salt
- 1/2 teaspoon ground cinnamon
- 2 tablespoons butter
- 1 pineapple spears
- 1 pound Canadian-style bacon, thinly sliced
- 1 cup syrup from pineapple

Slice sweet potatoes lengthwise and arrange in one side of greased divided baking-serving dish. Sprinkle with brown sugar, salt and cinnamon. Dot with butter. Arrange pineapple spears around potatoes. Place bacon on top of potatoes. Pour pineapple syrup over all. Bake in slow oven, 325 degrees, for 45 minutes.

Vegetable-Meat Loaf

- 1 cup minced onion
- 3 tablespoons shortening
- 2 cups cooked tomatoes
- 1 package frozen French-cut beans, thawed
- 1 cup finely diced celery
- 1/2 ounce canned mushrooms
- 1 cup coarsely grated carrots
- 2 tablespoons minced parsley
- 2 pounds ground beef
- 2 teaspoons salt
- 1 teaspoon pepper
- 1 teaspoon ground thyme
- 1 teaspoon dry mustard

Arrange in 1 1/2-quart casserole. Bake in 350-degree oven for 1 hour.

This Pretty All-Purpose dish holds Barbecued Franks that take but 35 minutes to make. Here are the recipe steps: Cook one-fourth cup of chopped onions in two tablespoons hot fat. Add these ingredients and simmer over low heat for 20 minutes: one cup catsup; one-half cup water; two tablespoons brown sugar; one-half teaspoon salt; one-eighth teaspoon each of black pepper and cayenne; two tablespoons vinegar; one-fourth cup lemon juice; three tablespoons Worcestershire sauce, and one-half teaspoon prepared mustard. Slash 12 wieners at one-inch intervals, but not all way through. Add to sauce. Simmer 15 minutes covered.

Judy Rusch Feted at Shower

Miss Judy Rusch, bride-elect of Karl Maertz, was honored at a can and coin show.

Cook onions in shortening until yellow. Add tomatoes, green beans, celery, mushrooms, carrots and parsley. Simmer for about 15 minutes. Mix lightly together the beef, seasonings, eggs and milk, using all remaining ingredients. Combine onion mixture with meat mixture and place in casserole, 2 1/2-quart size. Bake two hours in a 300-degree oven. If desired, garnish with green pepper rings and pimiento strips.

Carol Jesse Wed to Appletonian

Miss Carol Jane Jesse, 122 N. Lawe street, became the bride of Donald McGowan, Algoma, at 10 a. m. today at St. Joseph Catholic church.

Parents of the couple are Mr. and Mrs. Aaron Jesse, West DePere, and Mr. and Mrs. Thomas McGowan, 2215 W. Spencer street. The Rev. George Henseler, OFM, Cap., officiated at the single ring service preceding a nuptial mass. Attendants were Mr. and Mrs. Elmer Keller, Appleton, sister and brother-in-law of the bridegroom.

A breakfast was served at the home of the bridegroom. The newlyweds will reside at Algoma, where Mr. McGowan is employed by the Piggly Wiggly store. His bride attended Seymour High school and was employed at Park 'n' Market prior to her nuptials.

Nurse in Labrador Delivers Babies, Treats Eskimos, Canadians

Happy Valley, Labrador—Kathleen Mary Lutey, affectionately known as "Jo," along Labrador's east coast, is fulfilling a girlhood dream of adventure and helping others.

Miss Lutey, 41, native of Devonshire in England, came to Canada in September of 1957 as a nurse with the International Grenfell association. She is in charge of the 6-bed station in this community near the Hamilton river.

The devoted and energetic nurse is proud of the fact she has delivered some 150 babies without the help of a doctor during her work here and at four other Labrador and Newfoundland Grenfell stations.

"We delivered 77 here last year," she said.

Air Force Helps

The nursing station is a branch of the main Grenfell Mission hospital at Northwest river, 40 miles away. Emergency cases brought here are normally transferred to the main hospital or, if necessary, to the RCAF's hospital at Goose Bay, seven miles distant.

"I would have many more grey hairs if it wasn't for the

Miss Nancy Bedor Tell Troth of Nancy Bedor, Robert Ross

Mr. and Mrs. Robert Bedor, Shiocton, have announced the engagement of their daughter, Nancy, to Robert Ross, son of Mr. and Mrs. Wesley Ross, route 2, Shiocton.

Air Forces' assistance," she says.

The Labrador settlements, she admits, are not what Sir Wilfred Grenfell envisioned when he began his work as a medical missionary in this area in 1892.

"Now, it's a mixture . . . Eskimos, Indians, and more and more Canadians."

The talk was interrupted while she went to an adjoining room to stitch and patch the cut forehead of a 6-year-old boy, who had bumped into the side of a car just outside.

Back in her bright living room, she surveyed a collection of healthy houseplants and said:

"I love gardening. These are my pets."

Her garden is a bright spot in this village. She had a bumper crop of vegetables last summer, including a 10-pound cabbage.

Snowmobiles

In her nursing duties she has the use of snowmobiles and aircraft as ambulances, and she trades information, news and weather reports with other Grenfell stations on her radio-telephone.

Two doctors from the hospital at Northwest River alternate on twice-weekly visits to the Happy Valley station, which developed from a first aid post in 1948.

For hobbies, besides gardening and reading, Miss Lutey has an increasing stack of records with an emphasis on Newfoundland folk songs. In the summer she goes boating on the river. She also has a hula hoop.

"It's very practical," she said. "Central heating may have its advantages, but this place can get pretty cool in the winter, and what better than the hula hoop to help the circulation?"

North Shore Women Entertain

Guests at Golf

The Mmes. Talbot Peterson, Robert Mosher, Edward Jan. dry and Douglas Hyde won during August included the blind boccy event Wednesday evening. Winning members were the Mmes. Henry Tolette and Mosher, first and second, respectively, in the putting event. Mrs. Dan Hardt in the putting event. Miss San- was closest to the pin on No. 9 hole and Mrs. Emmet Below was closest on No. 16.

Guests taking awards were 16 holes, respectively.

Bride-to-be Honored at Showers

A series of pre-nuptial parties have honored Miss Nancy Ann Rohm, daughter of Mr. and Mrs. Gordon Rohm, 918 W. Parkway boulevard. She will be wed to Clifford L. Huolihan, son of Mr. and Mrs. Beau Huolihan, 1019 W. Bell avenue, in Aug. 22 rites.

The latest party, was held Tuesday evening when the bride-elect's aunt, Mrs. Florian Heinrich, co-entertained with her daughter-in-law, Mrs. Robert Heinrich, at the former's home, 139 N. Fair street, at a miscellaneous shower.

The Club Terrace was the site of a 7 p. m. dinner party Aug. 6 when co-workers of Miss Rohm from the J. C. Penney company assembled. Hostesses were Mrs. Darrell Witt and Mrs. Lucille Drumm.

A linen shower was given Aug. 2 by Mrs. Margaret Schmalzing, an aunt of the bride, at her residence, 511 E. Pacific street. Co-hostesses were the bride-elect's cousins, Miss Deloris Woffel, New Holstein, and Miss Carol Schmalzing, daughter of Mrs. Schmalzing.

Appleton relatives of Miss Rohm's fiance entertained July 18 at a miscellaneous shower. Hostesses were the Mmes. Anna, Joyce and Virginia Huolihan, sisters of the bridegroom-elect, and Mrs. Gordon Huolihan, sister-in-law of the bridegroom-elect.

The party was held at the Gordon Huolihan home on First avenue.

Name Chairman

Of Annual

VFW Unit Outing

Mrs. Gilbert Melchert was named chairman of the annual picnic of the Veterans of Foreign Wars auxiliary which will be held Sept. 30 at Telulah park. The women are staging a joint outing with the VFW post.

Mrs. Melchert was chosen when the women met Tuesday night at the VFW clubhouse. The group voted to hold its annual poppy sale in September with the post.

Community service projects dry and Douglas Hyde won during August included the blind boccy event Wednesday evening. Winning members were the Mmes. Henry Tolette and Mosher, first and second, respectively, in the putting event. Mrs. Dan Hardt in the putting event. Miss San- was closest to the pin on No. 9 hole and Mrs. Emmet Below was closest on No. 16.

Guests taking awards were 16 holes, respectively.

Reader Argues That Phone Company Isn't Being Gypped

BY ANN LANDERS

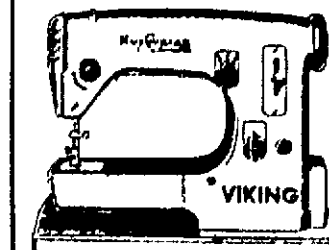

DEAR ANN LANDERS: Why don't you stick to problems dealing with heart trouble and stay the heck out of matters involving bed sheets?

When my husband read the column in which you told the woman to iron the sheets for her husband, I suggested I do the same. I'll bet that slob of mine never knew what a bed sheet was till I married him, and now he wants them ironed, thanks to you Drop dead.—Roz (Philadelphia)

DEAR ANN: If that male old maid wants smooth sheets why doesn't he buy his wife an automatic dryer? The sheets come out soft as silk.

Try And You'll Buy

and it's easier than getting flat feet by the ironing board.—Tessie A. (Atlanta).

DEAR ANN: You should have told that big ox who wanted the luxury of silky sheets there's more to it than ironing. The fabric is of prime importance. If he wants to enjoy his bedtime like a millionaire let him give his wife money to buy the ritz kind. I could iron my cheap junk from now till doomsday and they'd still feel like sandpaper.—Lou (Little Rock).

DEAR ANN: After your column on bed sheets my husband asked me if I ironed ours and I said no. He said it seemed like a simple thing to do for my family's comfort. I got out the board and told him to try it.

He monkeyed around for 30 minutes and never did get the corners straight. Then he burned his elbow on the iron. When I examined the "finished product" I found that he had scorched the sheet in two places. Thanks a heap.—B. J. (Louisville).

DEAR ANN: Who irons sheets anymore? I thought everyone in the world was on to the time-saving system of folding the sheets and putting them one at a time on the board. If you iron other things on the sheets, they automatically become pressed in the process.—Smoothie (San Bernardino, Calif.).

DEAR ANN LANDERS: One of the most useful aspects of your column is that it gives people a chance to compare their own troubles with the troubles others are having.

The letter on bed sheets for instance, I forgot women actually take pride in their homes. My wife sends everything to the laundry, serves TV dinner three nights a week and wants to be taken out to a restaurant the other four. I doubt that there's an iron in our home. Thanks for reminding me that some women still keep house.—Mr. X (Akron, Ohio).

DEAR ANN: Anyone who irons sheets in this day and

age is sick. The only thing that matters is whether or not they are laundered. I can't imagine a duller way to kill time than to stand and iron sheets that will be wrinkled in five minutes anyway. You goofed, Ann. I recommend 10 lashes with a knotted bedsheet.—June Bug (Fairbanks, Alaska).

DEAR ANN: For once in your life you stuck up for the men. I almost swallowed my pipe when you told the woman to iron the sheets if it made her old man happy. You ain't such a bad tomato after all.—Buster (Minneapolis).

DEAR ANN: It burns me up to think of you—comfortably ensconced in your ivory tower and suggesting that the women the world over be further subjected to the unreasonable demands of their husbands. Iron bed sheets yet? And how many bed sheets have you ironed in your life, Dearie?—Flo L. (Utica, N. Y.).

Dear Utica: If all the bed sheets I have ironed in my life were tied end to end, they'd reach from me to you.—Ann Landers, (Chicago).

If alcohol is robbing you or someone you love of health and dignity, send for Ann Landers' booklet, "Help For the Alcoholic," enclosing with your request 20 cents in coin and a large, self-addressed, stamped envelope.

(Ann Landers will be glad to help you with your problems. Send them to her in care of this newspaper enclosing a stamped, self-addressed envelope.)

Correction

Mrs. William R. Merkel, who was pictured in Wednesday's Post-Crescent, is the former Miss Janice Marie Winkler, daughter of Mr. and Mrs. Arnold Winkler, route 2, Appleton. Mr. Merkel is the son of Mr. and Mrs. Robert W. Merkel, 1305 W. Lawrence street. The names were erroneous in Wednesday's paper.

Mr. and Mrs. David Mulford are pictured on the steps of Trinity Lutheran church after their Wednesday morning marriage. The bride is the former Miss Astrida Akmentins, daughter of Mr. and Mrs. Peter Akmentins, 902 E. Washington street, and the bridegroom's parents are Dr. and Mrs. H. D. Countryman, Rockford, Ill. The couple will travel through Europe before going to Oxford, England, where the bridegroom will study on a Rotary International scholarship.

Know How to Stop A Car? Right Method May Save Your Life

As Mother used to say, you! "If you think you can get into all sorts of trou-ways avoid traffic troubles if you don't know how to just by stopping," says L. M. van Noppen, "it's only a matter of time until you're paying time comes from a vice pres- for repairs on your car's rear end of the country's largest independent automobile fi-10 motor vehicle accidents occur- nance company, a man who cures when one of the vehi- supervises his own firm's 30,000,000 - miles-a-year auto- In a number of these acci- dents, van Noppen explains,

Flower Golf League Lists Winners

Low scores in Tuesday morning play of the Flower Golf league were made by Mrs. Ted Jansen, Mrs. Elmer Jansen, Mrs. Leonard Burhans, Mrs. Edward DeRoche and Mrs. Clement Sullivan.

Appleton Pair To Enter Mounts In Horse Show

Mr. and Mrs. Edward Steenis will enter their respective horses, Roan Allen Dancer and Dictator's Gal, in a show Aug. 22 and 23 at Sheboygan. The Appleton couple has won various awards this summer at area shows. Mrs. Steenis' mount, a Tennessee walking horse, won first places in the ladies and open classes July 30 at Madison. Mrs. Steenis was awarded the year's trophy for points earned during the year.

the motionless car is parked properly and somebody just hits it. But many other accidents could be avoided if every driver knew how to stop and what to do after stopping, he asserts.

If at all possible, van Noppen advises, check your rear-view mirror before you touch the brake (you could touch off one of those spectacular chain-reaction turnpike pile-ups) and be sure to signal your intention to stop.

And after you stop, follow these rules:

When on the highway, if possible get the car completely off the pavement.

If you stop at night and can't get off the pavement, leave your parking lights on. Signal approaching cars of the danger.

If you stand near the car, don't block one of the lights and never stand directly behind a stopped car.

If you can get well off the pavement, turn off your lights at night so as not to decoy another car off the roadway.

Always have a flashlight in your car.

Opening lead:
Six of diamonds.

I'll bet you that you do not see bidding such as this very often — three straight cue bids. South employed a very intelligent deduction to make North the declarer.

He knew that the offense side usually can gain a trick by keeping the opening bidder on lead. He was absolutely correct because a club lead by West will find four hearts is very difficult to make. It can be made by double dummy play, but with North as declarer four hearts is easy.

East had the lead and, lo and behold, he was end played on the opening lead. He chose to lead the six diamonds. Declarer played small from dummy and captured West's jack with the king. He was certain that East had the king of hearts so he forgot about that finesse and laid down the ace of hearts—both defenders following.

A small diamond was played and North covered East's nine with dummy's ten, which held the trick. A small heart was played and West played the jack. North the queen, as East took the king. East exited with a diamond and the ace took in dummy. A small heart was played to North's 10 and declarer cashed his fourth diamond, discarding dummy's club.

Declarer now tried the spade finesse but East won the queen and North claimed the balance of tricks to make five.

If South was declarer, a

Note to cream-and-sugar users:
How a coffee tastes black is the truest
test of its flavor. Stands to reason that
if Butter-Nut tastes best black, it will
taste best your way, too.

*How come Butter-Nut tastes so good? It's a blend of forty-eight of the world's finest
coffees, eight times as many coffees as go into most other brands. Naturally it tastes
great black . . . and when you add cream and sugar, that Butter-Nut flavor really comes
through — lets you know it's coffee you're drinking!*

Best of Last Year's Fashions Will Be Back on College Scene in Fall

Softer Tones Lend Charm to School Wear

The best of last year's lines will be back on this year's college scenes.

Best of all, the changes seem the most sensible and one of the favorite sports of a fashionwise coed, ward a softening of color and style to give added femininity. Colors are more modified to even man-tailored fabrics and designs.

The staple items are back and brilliant ones. Perhaps most important of all among print or solid, long or short, skirts — skirts not quite as the tawny, heather and nut — and that's the college scene in short, many sweaters not brown shades is camel, no brief, quite as long. Slacks and longer a newcomer to colle-

short skirts and kilts have be-glate fashions but a full-come more important, Ber-fledged regular destined to mudas a little less. And stay because of its smart, blouses continue to take on flatter and go-with-almost- new dimensions through everything neutrality.

wider use of fabrics, styles, The chemise has left the prints and patterns. All separate items are out leaving a mark in dress- geared more than ever to lines which are still soft and peeling than last year's bold straight or full, belted or not, with modifications of '58 ex- most important of all among print or solid, long or short, tremes — skirts not quite as the tawny, heather and nut — and that's the college scene in short, many sweaters not brown shades is camel, no brief, quite as long. Slacks and longer a newcomer to colle-

from convertible to choir boy. For wear under jumpers the newest styles feature simple neck lines with soft, puffy, three-quarter length sleeves.

A new split level style keeps the flatter lines of the over-blouse and at the same time the security of the tuck-in. Now shown primarily in white, it has short sleeve and plain round neck with only rick-rack or eyelet trim.

And over all separates the latest word in fashion calls for the latest styles in jackets and wesuits. The stand-by blazer is back, but even newer and more versatile are the straight collarless type with patch pockets available in a variety of fabrics and patterns to go equally well with skirts, slacks and shorts.

Warm and Shaggy Wool coordinates mark the fall campus picture. These are done in the his and hers design. Her slim skirt of brushed wool and mohair is a block plaid in black, grey and white. Lined seat, back kick pleat and a variety of colors mark the ensemble. Her matching cardigan has a turned down, ribbed collar. His matching pullover tops off wool slacks. The locket pendant in gold or silver finish holds 10 photos.

A Lovelier You

By Mary Sue Miller

Skin Treatment

Cold water is an excellent tonic for the complexion. It's a cooler, too, and so easy to come by!

After washing the face, splashes of cold water stimulate and tone the skin. Girls and women of all ages should make it a habit.

Mature women would find a lift in an occasional cold compress. It acts as a brace to both skin and facial muscles. In fact, it is an important step in many kinds of salon facials.

To make the most efficient use of a cold compress, here's what you do: Place a fresh washcloth in a small bowl and cover it with ice water or better still, with ice cubes. Then, thoroughly cleanse your face.

Now, bowl in hand, lie down — head flat and feet propped up on several pillows. After wringing out excess moisture from your cloth, spread it over your face and with your fingertips, firm it to your skin. Make sure the cloth snugs your jaw and "presses" any wrinkles.

As the cloth warms, cool it and apply again. Continue for

15 minutes. At the finish, your skin's color and texture will appear greatly revitalized.

To firm and uplift sagging facial muscles and flesh, use my 4-way method. It works wonders through corrective exercise, posture, skin care and make-up. Procedures are detailed in the leaflet, "Banish Crepey Throat and Chin." For your copy, write me in and apply again. Continue for

Judge Grants Divorces to Two Women

Two Appleton women have been granted divorces by Municipal Judge Oscar J. Schmlege.

They are Mrs. Gerald Lautenschlager, 931 W. Franklin street, and Mrs. James Mikkelsen, 922 N. Union street.

Both charged cruel and inhuman treatment. Neither sought alimony.

Lautenschlager, 26, Appleton, was ordered to pay \$25 a week support for two minor children, whose custody was given the wife. He also must pay all medical and dental bills as they arise. A property settlement was made.

The Lautenschlagers were married July 20, 1951, in Appleton.

Mrs. Mikkelsen was given permission to resume use of

her maiden name, Rosalie Thompson. Mikkelsen, 19, of 402 S. Walter avenue, was ordered to pay debts and the divorce fees. Each was permitted to keep personal effects. The Mikkelsens were married Nov. 1 in Appleton.

Street, Not Bridge, to Close For Two Months

The Oneida street bridge will not be closed to traffic for the next two months as indicated Wednesday in the Post-Crescent.

However, the 4-block section of Oneida street between Harrison and South River streets on the south approach to the bridge will be closed.

Motorists will be able to use the bridge by way of a detour along South River and Harrison streets that employs Jefferson street as the north-south connecting link.

The closed section will be open in part Saturday and Sunday, but will close until further notice at 8 a.m. Monday while storm sewer installation and leveling of a hill are undertaken.

closing 10 cents in coin and a large self-addressed, stamped envelope.

North Central Hits State Air Policies

Chairman Says Airport Construction Plan Is 'Insidious Empire Building, Uneconomical'

North Central airline's board chairman has repeated charges the airline made in May that the state aeronautical commission's airport construction program is "insidious empire building."

The charge, made by Arthur E. A. Mueller in Madison before the legislature's joint finance committee, was first made by State Sen. W. A. Draheim, Neenah, during budget hearings in February. Draheim told T. K. Jordan, commission director, that Jordan was building an empire of airports of doubtful justification.

Mueller, repeating charges made earlier by Frank Buttomer, North Central vice president, said the airports are being built 20 or 30 miles apart with the specific intention of having North Central serve the ports. Mueller pointed out that this takes the advantage of speed from the airline, since landing every 30 miles is time consuming. Jordan, told of the charges, said he was shocked and surprised that it had not been publicized previously. He added that he would reserve full comment until the commission had studied Mueller's lengthy statement. The commission meets Friday at Manitowish Waters.

Mueller charged the commission's philosophy is that "every village and hamlet should have a major airport facility, preferably large enough to accommodate scheduled air service." The program, he continued, is "extremely unsound economically for the state, the communities involved and for our airline."

North Central has objected to serving Appleton on a route which includes Marshfield. North Central officials have

repeatedly said they wished to serve Appleton, but objected to the route. They are fighting, the officials have said, a principle requiring them to serve airports too close together in cities which cannot support air service.

Today's Deaths

Mrs. Alma M. Maas

Mrs. Alma M. Maas, 69, of 208 S. Mill street, Seymour, died unexpectedly at 10:30 a.m. Wednesday in Burlington where she was visiting with her daughter, Mrs. Lowell Nelson, of Portland, Ore. They were staying at Twin Lakes resort at Burlington.

Born Nov. 3, 1889, in Cecil, Mrs. Maas operated a grocery store and meat market in Seymour until 1945.

Funeral services will be at 2 p.m. Saturday at Emmanuel Lutheran church, Seymour, with burial in Highland Memorial park, Appleton. Friends may call at the Muehl Funeral home, Seymour, after 2 p.m. Friday until 11 a.m. Saturday and then at the church until time of services.

Survivors include her daughter; four brothers, Frank Kohn, Bonduel, Elden Kohn, Gillett, Emil and Walter Kohn, both of Cecil; four sisters, Mrs. Anna Zult, Gillett, Mrs. Clara Schmidt and Mrs. Alice Korzik, both of Cecil; and five grandchildren.

Norman A. Winkler

Norman A. Winkler, 74, of 803 Ninth street, Waupaca, died unexpectedly Tuesday at 9:30 a.m. Saturday at Holy Trinity church in Fond du Lac.

The Rev. Constantine Capoyinis, pastor, will be celebrant at a high mass. Children and adults will receive Holy Communion.

Funeral services will be at 1:30 p.m. Friday at the Holy Funeral home, Waupaca, with the Rev. Harris A. Stuermer,

Highway Commissioners and committeemen from the 11 northeastern Wisconsin counties comprising the Green Bay highway district met at the American Legion clubhouse Wednesday. They talked over financing problems and general highway planning in the district. Seated, from left, are L. W. Empey, district engineer, and W. B. Blair, state highway commission director of finance. Standing, in the same order, are Alfred Tobison, Marinette county, president of the Northeastern association of commissioners and committeemen; Clarence J. Brownson, Outagamie highway commissioner, and Joseph Weyers, Freedom supervisor and vice chairman of the Outagamie board.

Another Premiere

'Sinfonietta' Pleases Fish Creek Audience

BY RUSS WIDOE

Post-Crescent News Service

Fish Creek — Dr. Thor Johnson, director of the Peninsula Music festival, added another premiere to his growing list Wednesday evening at Fish Creek.

Anthony Donato's "Sinfonietta" had its initial performance before a very good house. I have heard many moderns with a similar bent for dissonance and tonality but seldom have I heard one more frenetic.

"Sinfonietta" is a composition not without workmanlike attention to musical values, but there is some doubt about its cohesion. Mr. Donato has said of it: "I have not tried to prove a thing, and the piece is entirely without a message."

Worth Hearing

The "Sinfonietta" was certainly worth hearing and I fervently hope that Dr. Johnson will continue to commission other works and play other premieres. With the magnificent orchestra assembled here the lucky contemporary who hears his composition played at the Peninsula Music festival has had the best treatment available.

Aurelio Estanislao, the baritone from the Philippine islands, appeared Wednesday night. This is his second year with the festival, but his return was marred by an attack of laryngitis.

He did, however, complete the performance. Peske was a graduate of Appleton High school. He was employed by Kimberly-Clark corporation and was transferred to their Memphis plant 12 years ago.

Survivors are his widow, a son, Keith, and two daughters, Cheryl Sue and Marlys Moe, all of Memphis; a sister, Mrs. H. C. Meler, Minneapolis; and a brother, Fred, Appleton.

Burial will be in Memphis.

Mrs. Effie VanNamee

Mrs. Effie L. VanNamee, 88, a Civil war widow and Grand Army home resident since 1956, died Tuesday at King after a long illness.

Funeral services will be at 2 p.m. Friday at the First Baptist church, Madison, with burial in the Forest Hill cemetery, Madison. The Holly Funeral home was in charge of arrangements.

She is survived by one son, Phil A. Scovill, Stoughton.

Survivors include the widow; a son, Clifford, Fairbanks, Alaska; a daughter, Mrs. L. D. Phillips, Bakersfield, Calif.; two grandchildren; a brother, Elmer, route 3, Waupaca; and a sister, Mrs. Grace Peterson, Redfield, S. D.

Louis E. Rohloff

Louis E. Rohloff, 71, Fairview drive, New London, died at his home at 6:30 p.m. Wednesday of a heart ailment. A retired farmer, he was born Dec. 3, 1887, in the town of Maple Creek.

Funeral services will be at 2 p.m. Saturday at Emanuel Lutheran church, New London, with burial at Torney Hill cemetery, New London. Friends may call at the Cline and Hanson Funeral home, New London, from 2 p.m. Friday until 10:30 a.m. Wednesday.

He is survived by his widow; three brothers, William, Frank and Henry, all of New London, and three sisters, Mrs. Ida Marasch, New London, Mrs. William Knorr, Appleton, and Mrs. William Zander, Fremont.

Loehrke Infant

Kelvin Eldor Loehrke, infant son of Mr. and Mrs. Eldor Loehrke, route 2, Weyauwega, died at birth Wednesday at Weyauwega.

Funeral services were held this afternoon at the Harrigan Funeral home, Weyauwega, with burial in Lind Center cemetery.

Survivors include the parents; two brothers, William and Michael, and a sister, Vicki, all at home; the maternal grandparents, Mr. and Mrs. Victor Anthony, Weyauwega, and the paternal grandfather, William Loehrke, town of Saxeville.

Mrs. August Anneper

Mrs. August Anneper, 63, route 2, Brillion, died this morning at Chilton after a long illness.

Funeral services will be 2 p.m. Saturday at the Peace United Church of Christ, Potter, with burial in the Rantoul EUB cemetery. Friends may call at the Wieting Funeral home, Brillion, from 2 p.m. Friday until 10:30 a.m. Saturday and then at the church.

Gordon Peske

Gordon Peske, 52, of Memphis, died 7 p.m. Wednesday. Born Nov. 23, 1907, in Appleton.

the Vaughan-Williams "Five Mystical Songs" before beginning off for the evening.

Estanislao has improved his understanding of English since last year. The setting of poems by the 17th century mystic - priest, George Herbert, would try the interpretive powers of a native Englishman of considerable background. Yet Mr. Estanislao got a great deal of meaning out of the songs.

Rigorous Test

High point of the concert for me was the opening composition, "Suite Pastorale," by Chabrier. The "lacework" is a rigorous test of an orchestra.

Dr. Johnson has at his command this year some of the finest solo instrumentalists I have ever heard. To hear each of them sing out with classic tone in the intricate tonal and rhythmic patterns of Chabrier's composition gave real joy to the listener.

The weekend promises to be exciting. Pianist John Brown returns Saturday night to do two Mozart concertos, and Sunday's program will be divided between Richard Strauss and Ravel, and featuring Soprano Lois Marshall.

Appleton Man Dead on Arrival at Hospital

Richard Miller, 36, 131 S. Oneida street, was pronounced dead on arrival at St. Elizabeth hospital about noon today, County Coroner Bernard H. Kemps reported.

The man, an employee at Valley Iron Works, evidently took an overdose of insulin, Kemps, who is investigating, said. Only known survivor is a sister in Stevens Point.

Lindy's Ambulance took the man to the hospital after he was discovered in a washroom of the YMCA in a coma.

International Paper Profits Up Sharply

New York — International Paper company Tuesday reported first half profit was about one-third more than for the same period of 1958.

The company earned \$40,169,838, equal to \$3.05 a share on sales of \$505,505,611 compared with \$30,249,780, or \$2.29 on sales of \$442,577,137.

Reuss Wants Census Under Civil Service

Washington — Legislation to end the political patronage system of appointing census supervisors in the various states was proposed today by Rep. Henry S. Reuss (D-Wis.).

Under the Reuss bill, hiring of census supervisors would be handled through regular Civil Service procedures. In a few months, Reuss said, the Census bureau will be employing some 400 district supervisors, one for each census district in the country, who in turn will hire some 170,000 temporary clerks, crew leaders and others to take the 1960 census.

Reuss said that under present procedure the district supervisors are recommended by party leaders of the party in power at the time. These may be senators, house members, a national committeeman, a state chairman and such. The actual appointments are made by the bureau.

4 Appletonians Hurt in Crash At Barricade

Chilton — Cars driven by Donald R. Dorn, 21, of 515 W. Northland avenue, Appleton, and William J. Parker, 17, of 1208 N. Richmond street, Appleton, collided at a barricade on Highway 10-114 about a mile east of Lake Park at 11 p.m. Wednesday.

Dorn suffered a cut lip and Parker complained of pains in his forearm. Charles Skendore, 22, Appleton, a passenger in Dorn's car, suffered a cut head and Don Parfitt, 928 W. Grant street, Appleton, Parker's passenger, suffered a knee injury. None was hospitalized.

According to reports to the Calumet county traffic patrol, Dorn was traveling east when he noticed the barricade in his lane of traffic. He said he swung to the left and applied his brakes but moved into the path of Parker's station wagon.

After the crash, Parker's car left the road and skidded some 24 feet, according to the police.

Appleton Man Hurt As Car Snaps Off Pole in Little Chute

Little Chute — Mathew Hoffmann, 1333 W. Washington street, Appleton, suffered chest bruises when the car he was driving snapped off the telephone pole in the 600 block of E. Main street at 5:30 a.m. today.

According to police, Hoffmann was traveling east on Highway 96 when his car veered across the highway and struck the pole.

Hoffmann was taken to St. Elizabeth hospital in the police car. X-rays are to be taken today.

Dr. Culver, Former Appleton Man, Dies

Dr. Harry Culver, 73, Chicago, a retired neurological surgeon, died Aug. 3 while vacationing in Glenageles, Scotland. Dr. Culver lived in Appleton while a student.

Dr. Culver was chief of the department of neurology at St. Luke hospital, Chicago, until his retirement. He formed the department of neurology at Cook County hospital and was its chief until 1946.

Funeral services will be at 2 p.m. Friday in the chapel at 7651 Jeffery boulevard, Chicago.

Survivors include his widow; one daughter, Margaret; one brother, Frank, Spokane; and one sister, Mrs. Viva Larson, Appleton.

Rocks Break Windows

Boys throwing rocks were blamed in separate complaints to Appleton police Wednesday for broken windows at Nehls Paint and Wallpaper company, 122 S. Walon street, and the car of Gene McLaughlin, 114 W. Division street, Kaukauna.

Judge Upsets Jury Verdict of \$8,000

Parnell Grants New Trial in Accident Case

Circuit Judge Andrew W. Parnell Wednesday granted a new trial in an automobile accident case in which a jury awarded a Kaukauna woman \$8,000 for personal injuries.

A 12-member jury June 17 awarded Mrs. Floyd VanDyke, 311 Dixon street, Kaukauna, damages "so out of proportion to the credible evidence and reasonable inferences..." said Parnell, "as to indicate that passion, prejudice and perversity of the jury played a part in its decision on the award."

Mrs. VanDyke was a passenger in her husband's car April 21 when it was struck from the rear on College avenue by the car of Harlow Schmirler, 1314 N. Harriman street. In bringing suit, she complained of knee and back injuries.

Against Evidence "The court," said Parnell, "grants a new trial on the ground, in the interests of justice, for the reason that the award of damages is against the great weight of the credible evidence."

Mrs. VanDyke did not receive injuries of an over-

whelming nature, Parnell said. He noted she had prior disabilities which may have been aggravated. The judge said he considered only the testimony of Mrs. VanDyke's own witnesses in reaching his decision.

Taking Mrs. VanDyke's own witnesses' testimony, Parnell said, the woman has a history of back trouble dating back three, four or five years and had a history of knee trouble before the accident.

Admit Liability Parnell said the court established judgment for the husband, consisting of \$341.50 in medical, hospital and appliance expenses and \$206.10 in car repairs, would be allowed.

The VanDykes brought suit against Schmirler and his insurance carrier, Marketmens Mutual Insurance company. VanDyke's carrier, General Casualty Insurance company of Wisconsin, was impleaded for a time, but dismissed. Schmirler and his carrier admitted liability, contesting only the amount of damages for injuries to Mrs. VanDyke.

Farmers' Union Plans \$40,000 Warehouse Unit

The Farmers' Union Central Exchange has taken out a permit for a \$40,000 addition to its W. College avenue extension warehouse in Grand Chute. Building Inspector John Stevens reports.

Ground was broken Monday and the project is set for completion in October. The addition will add 10,000 square feet of space to the present 14,000 square foot warehouse, according to Stanley Haugen, warehouse manager.

The addition will be of all-steel construction, with a 50-foot covered loading dock.

The warehouse is used to service the union's 60 co-ops in the Fox Cities area. Haugen said the addition is prompted by a half-million dollar business increase during the last five years.

Rev. John H. Van Deuren has been appointed assistant pastor at St. Pius X Catholic church by the Most Rev. Stanislaus V. Bona, bishop of the Green Bay diocese. He attended St. Mathew and Cathedral Catholic Grade schools in Green Bay and St. Francis seminary, Milwaukee. He was ordained June 28 in Louvain, Belgium, where he received his theological training.

Steel Strike Hits Stock Exchanges

Khrushchev Visit and Labor Dispute are Major Issues

BY SAM DAWSON
New York — The month-old steel strike is beginning to take its toll in the stock market.
 The deadlocked labor dispute is one of the uncertainties that tripped up the bull market. It ranks only second to the popularly credited upsetting factor: The chance of a thaw in the cold war.
 Both are feeding the urge to cash in paper profits after the long, long price rise in stocks, or what market pundits like to call a technical correction — meaning that price levels look shaky.
 The steel strike itself has yet to hurt the over-all economy. Its effects are felt in communities where steel mills are closed and allied industries, like coal and railroads, are slowed down. The hurt shows up in lower retail sales. In time it may show up in defaults or delayed payments on time purchases.
 The strike shows signs of spreading throughout the metal industries, with copper mines closing down and aluminum plants facing labor troubles.
Could Grow Quickly
 If the steel strike lasts past Labor day — as many in Wall Street now believe it may — the effects on other industries may mushroom fast.
 Many firms have built up steel inventories to last for some time, but some companies haven't been able to, and shutdowns will be part of the day's news in September.
 What seems to worry the stock market most is that the chances of an early settlement of the steel strike seem dim. Both sides in the dispute have taken firm stands and show little indication of yielding.
 Most market analysts are on record as believing that the current business boom won't be halted if the steel strike ends in September. After that, they aren't so sure. The stock market, always sensitive to uncertainties, has reflected that fear.
 The Morgan Guaranty Trust company puts it this way: "If the strike drags on, its depressing influence on economic activity will, of course, become progressively more intense, and there can be no doubt that if it persists until after Labor day many activities will be adversely affected, just as they were in the 55-day steel strike of 1952."
Settlement By October
 The bank's economists doubt that this drag on overall business will be prolonged. They hold:
 "Considering the high degree of forward thrust that had been achieved by the economy before the walkout,

the moderating impact may well prove minor."
 Taking past steel strikes as a guide, the bank economists predict that the dispute will be settled before the end of September. In that case they look for a vigorous expansion of the overall economy in the final months of the year "if for no other reason than that steel inventories will need to be augmented after any strike that lasts beyond Labor day."
 Their general optimism is fed by the belief that the final months of the year will see this rebuilding of steel inventories coming just when automakers will be going all out in the production of new models.
 To the bankers this looks like the setup for at least a temporary boom.

Members of the Americanos, Appleton's American Legion drum and bugle corps, discuss plans for the "Fiesta Musicana" to be held Sunday at 2 p.m. at Whiting field. Seated, from left, are Austin Cotton, general chairman; Phil Hantschel, ticket chairman; and Larry Lundy, judging. Standing, from left, are John Cotton, corresponding secretary; John Franck, housing chairman; Tom Baurain, program editor; and Kurt Kronberg, field arrangements chairman. All are from Appleton. Five groups will compete and the Americanos and the Little Chute all girl drum and bugle corps will present exhibitions.

Politicians Set for Reapportionment Fight

Committee Assigned to Draw Up Plans For Redistricting Law After Census

Post-Crescent Madison Bureau
Madison — Before the echoes of the last legislative reapportionment fight have altogether subsided, legislative politicians are preparing for another round in the struggle which has brought victory for the growing urban interest over the declining rural populations of the state.
 One of the major committees of the legislative council will be assigned to prepare a blueprint for another reapportionment law that will follow the 1960 federal census, if the legislature follows the requirement of the state constitution.
 The sensitivity of the issue is shown in the fact that although parties usually contend for numerical control of such committees, Republicans and Democrats agreed upon an equal distribution of committee seats between the parties.
 While the changes in legislative districts that may be expected in 1961 will not be as numerous or as drastic as in 1953, when the reapportionment act adopted was the first such redistribution in 30 years, there will be some adjustments and they will again

favor the urban and industrialized sections of the state.
 The trend for migration toward the urban centers, especially in the southern and eastern counties, has been accelerated since the last apportionment, as has been the tendency for population losses in rural counties and, notably those in the north and west.
 Significantly, the new reapportionment study committee will also review the districting of the state for congressional representation purposes.
Issue Ignored
 That issue was ignored by the legislature during the redistricting fight of a decade ago.
 Generally, the population distribution by congressional districts is uneven and the inequality has been underscored by the population changes of the decade. A more equal distribution would favor the southeastern districts and adjust the northern and western districts accordingly.

should die. I am fully insured, having worked more than 10 years under social security. Can I count on social security benefits for my mother?
 A. Since your mother receives her full support from you, she can receive parent's benefits at your death, if she is over 62 at that time.
 The social security administration office is in the courthouse annex, 401 S. Elm street, Appleton.

your SOCIAL SECURITY
 Q. I'm a man 28 years old and have a wife and three children. I've worked under social security for the past six years and have earned over \$5,000 each year. How much could my wife and children receive if I should die?
 A. Your wife could receive a lump sum death payment of \$255 and monthly payments of \$254. Monthly payments would continue until your youngest child reaches age 18; however, they would be less than \$254 after the oldest child reaches 18. Your widow may be entitled to benefits again at age 62.
 Q. I never worked under social security and never served in the armed forces, nor have I worked in railroad employment. Will social security pay any benefits to my wife if I should die?
 A. No. Nothing is payable under situations of this kind.
 Q. I'm a man, age 40, and I support my widowed mother. I am trying to provide protection for her in case I

These Days

Military Training Can be Put To Use in Civilian Occupations

BY GEORGE E. SOKOLSKY

New York — When a congressional committee prepares a questionnaire, the object, of course, is to get information, but sometimes the questions are asked of the wrong persons, at the wrong time, and the information obtained has little value. It is like looking for a pin in a haystack.

About 12,000,000 Americans were in World war II. Of them a large percentage are alive and are trying to earn a living. One of them, for instance, is employed as a part-time janitor; some, like General Douglas MacArthur, are chairmen of boards and presidents of companies.

Conflicts of Interest

The house subcommittee for special investigations, committee on armed services, is trying to discover conflicts of interest. In a word, when a man is retired from the armed services, he should not accept a job about which he knows something, concerning which he possesses some expertness. Rather, according to the prevailing view, he should become a ribbon salesman. Of course, General Lucius Clay is manufacturing tin cans, which ought to please everybody. It must have cost the American taxpayer a hundred thousand dollars to train him up to that exalted position.

So, let us look at the questionnaire. After asking for name, mailing address, retired rank, etc., to the extent of 11 questions, it comes down to the business in hand:

"12. When after retirement were you employed, consulted or retained in or by private industry?"

"13. By what company, organization or person are you now employed, retained or consulted in any capacity?"

"14. By what companies, organizations or persons have you been employed, retained, consulted or associated in any capacity?"

The realistic issue is not conflict of interest but waste of trained intelligence. However, there is another side to this: The production of most of our munitions is done by private enterprise which requires trained intelligence to do the job. Private enterprise has been wise enough to find the able men in the armed services and to put them to work. I cite, for example, the case of General Leslie Groves, who headed the Manhattan Project and is now working for General Douglas MacArthur's company, the Sperry Rand Corporation.

Few Don't Qualify

If the government is so stupid as to rid itself of trained, experienced, even brilliant men, why should not a private enterprise take them on? For instance, what did the great minds of the navy think that Admiral Hyman Rickover would have done had they retired him as they planned to do until congress intervened in anger at the outrage? Did the sitting admirals believe that he would twiddle his thumbs? Did they believe

that he would sit on a rocker on the porch of an old man's home? Naturally, he would have sought and found some useful work.

Few men in the category under discussion can honestly say that they have not discussed anything in that question, which is about whether the have discussed military matters with anyone. If they are, for instance, atomic scientists, they attend various scientific conventions where such subjects are on the agenda. They might talk to one another. These, of course, are non-commercial, innocent conversations. They might go to some current big shot and try to sell ideas or new developments or inventions. What could be more natural?

Finally we come to question 23:

"23. Name government officers, employees or representatives with whom you consult, confer, or discuss any matters in relation to the performance of any of the above-mentioned contracts, giving location of defense department personnel."

What can one answer to that? Perhaps the smartest would be "Yes, my West Point class had a reunion last year."

(Copyright 1959)

Driver Fined On Two Counts

Waupaca — Herbert Borden, 20, Chicago, driver of a car involved in a head-on car truck collision Monday near New London, was fined \$60 by Waupaca Justice George Whalen Wednesday when he pleaded guilty of inattentive driving and driving without a valid driver's license.

The fines were \$50 for inattentive driving and \$10 for not having the license. Borden told the court he had an army driver's license, and that his Illinois license had been confiscated by the army.

Undersheriff Jack Algiers told the court that Borden, who was driving a Chicago girl friend's vehicle, crossed over to the left side of Highway 45 near New London and collided with a truck driven by Roger Packer, 28, Amherst. Four persons suffered minor injuries in the crash.

Deny Move to Close School

Declare Community Interests Will be Served by Action

Manawa — A petition to close the Little Wolf school and consolidate with the Manawa grade school was denied Tuesday by the county school committee.

Reuben Nelson, committee head, told voters that the county committee was primarily interested in education but also had to consider community feelings.

He told voters that the committee believed community interests would be served best by keeping the school open and that an education

awa grade school was denied Tuesday by the county school committee.

The district was consolidated with Manawa last year by the county school committee after a public hearing, but Little Wolf voters went to circuit court with an appeal and had the school reopened.

Nelson said evidence presented at the first public hearing on Little Wolf-Manawa consolidation was favorable to those who wanted to close the school. Evidence presented Tuesday by the 100 persons attending the hearing was divided, said Nelson.

During the Little Wolf school's annual meeting, school district residents voted \$6 to 16 to keep the school open and approved improvements and a \$3,500 tax levy for the year.

Fremont Man Fined For Striking Wife

Waupaca — Francis L. Dain, 38, Fremont, was fined \$25 by Justice George Whalen Wednesday when he pleaded guilty of battery.

Dain was arrested by the sheriff's department after his wife signed a complaint that he had struck her Aug. 10 at Fremont.

POST CRESCENT News of the Twin Cities Neenah - Menasha

Bergstrom Firm Makes Contracts With Two Unions

Local 889 Accepts General Wage Increase, Effective Aug. 3

Neenah — Contractual agreements with two Bergstrom Paper Company union locals were announced today by the company.

Local No. 889 of the International Brotherhood of Pulp, Sulphite and Papermill Workers has accepted a general wage increase of 3 1/2 per cent, effective Aug. 3.

The agreement with Local No. 631, United Papermakers and Paperworkers, AFL-CIO, was reached last month and includes complete acceptance of a job evaluation program, addition of Dec. 24, 1959, as a seventh paid holiday and three weeks of vacation for 10 years of service effective January, 1960.

Local 889 approved some adjustments on job evaluation. The balance of the evaluation will be studied through the contract year with complete installation during 1960 negotiations. The Dec. 24 seventh paid holiday and three weeks of vacation provisions also were included in the Local 889 contract.

Committees
In negotiations the Pulp, Sulphite and Papermill Workers local was represented by an 11-man committee headed by Dean Kamps, local president, and Edward A. Zeining, international representative. Other members of the union committee were Harry Paveletzke, Wayne Gibson, Wayne Johnson, Roy Sorenson, Vincent Vanden Boogaard, Arthur Julius, Alvin Adams, Beverly Stroud and Patrick Boylan.

Bergstrom Paper company's bargaining committee was headed by Wayne Long, industrial relations manager and included Foster P. Doane Jr., Norman Young, Harry Bracey, Maurice Larson, Orville Ross and Frank Moore. Local 631 employees were represented in negotiations by Robert Tomczak of the international union and by local president, Harland Bestul. Company chairman was Wayne A. Long.

Honored as king and queen of Menasha tot-lots were Tom Grade, Clovis - Grove, and Bonnie Akstulewicz, Jefferson park. The all-park boy and girl trophies were awarded to John Herziger and Mary Wimmer. The awards were based on participation, cooperation and attendance.

Honorable mention in the all-park class went to Jeff Englebert, Jackie Baranczyk, Mark Pozolinski and Marvin and David Thiede. Playground trophies, won earlier, were given to David Meyer and Dick Dachelet, all-city chess champions; Charles Ebben, David Meier and Dick Oliver, all-city checkers champions; Randy Rohe and Bill Berndt, all-city horseshoe champions; and Sandy Griesbach, Jimmy Grunde and Kay Galassie, all-city craft winners.

Building Permit
Neenah — Owen Lyons, 1117 Nicolet boulevard, was issued a building permit for a \$6,000 remodeling project to his home. A bedroom will be added above a first floor sun porch and powder room.

Neenah Firm Gets Permit to Build Foundry Plant

Neenah — Meyer Corporation has been issued a building permit for the new Neenah Foundry plant on Marathon street, according to Carlton F. Williams, building inspector.

The foundry plant will be constructed on Marathon street and estimated cost listed is \$300,000. The structure will be of steel and masonry construction. It will be 140 by 140 feet and one story high. The city's 113th new home building permit was issued to the E and R Construction for a \$10,000 home on Roosevelt street.

Neenah Supermarket's Inc., Main street, was issued a permit for an incinerator to cost \$1,350.

Services Friday for Edward Abendroth, 67; Died of Heart Attack

Oshkosh — Funeral services for Edward Abendroth, 67, of 922 W. Twelfth avenue, who died Monday afternoon of a heart attack while driving a weed cutter in the town of Wolf River, will be held at 2:30 p.m. Friday at the Faith Evangelical Lutheran church. Burial will be in Lakeview Memorial park.

Abendroth was born Oct. 12, 1891 at Winneconne and resided in Oshkosh for 20 years. He was an employee of the county highway department since 1939.

Survivors include the widow and three brothers, George and Reinhold, Winneconne, and Harry, Neenah. Friends may call at the Marquardt Funeral home until 11 a.m. Friday and at the church after noon.

Menasha Tot-Lot Royalty Rode in a convertible in Wednesday night's parade to Racine park. Chosen king and queen this year by recreation personnel were Tom Grade, Clovis-Grove tot-lot, and Bonnie Akstulewicz, Jefferson park.

Faces Problems

New Winnebago Hospital Head Takes Over Challenging Task

Madison — A youthful psychiatrist who recently fell victim to the erratic politics of Gov. Earl Long of Louisiana was en route to Winnebago state hospital near Oshkosh today to take over what is probably the most challenging welfare institution assignment in Wisconsin.

Dr. C. H. Belcher

Dr. Charles H. Belcher, 34, until he was fired by Long a few weeks ago the head of one of the Louisiana mental hospitals, was chosen Wednesday by the state department of public welfare to succeed Dr. John T. Petersik as superintendent of the state mental institution at a salary of \$15,600 yearly.

Remains Temporarily
Dr. Petersik has submitted his resignation, but contrary to some published reports, plans to remain on the staff while Dr. Belcher becomes familiar with his duties.

The retiring chief of the hospital will then start a private

practice in Oshkosh, probably in October, according to the state department headquarters office here.

The Winnebago job is one

of the strategic administrative assignments in the sprawling Wisconsin welfare institution system.

Recruiting Problem
The hospital has been a continuing problem to the welfare administration because of recruiting difficulties. Dr. Petersik's resignation was brought about in part because of his distress over staff vacancies and budgeting troubles. Although the legislature in recent years has successively authorized staff budget increases, the hospital has had continuing vacancies in professional staff because of the shortage of qualified men in the field.

Dr. Belcher will be one of the youngest of the chief institution directors in the state, but he comes to his job highly recommended in spite of his youth.

The welfare department Turn to Page 2, Col. 6

'The Glass Menagerie,' by Tennessee Williams will be presented by the Riverside players at the Riverside park pavilion in Neenah tonight and Saturday. In the upper scene are Mary Aderhold and Joe Lewandowski while directly above are Mr. and Mrs. Richard Willis. This will be the final production of the season.

Describe Need for New Oshkosh Library

E. R. McPhee Second Nelson's Proposal For Campus Job Probably in Two Years

Madison — The urgent need for a new library building on the campus of the rapidly growing state college at Oshkosh has been described by E. R. McPhee, director of the state college system.

McPhee seconded Gov. Nelson's proposal for the appropriation of money to provide plans for the construction of the major campus improvement, probably a year or two hence, depending upon the availability of money for institution expansion and reconstruction.

The building commission will meet again on Aug. 27 to vote on Gov. Nelson's building plans as projected for the current biennium, including an allocation for architectural plans for the Oshkosh library.

McPhee said the Oshkosh school enrollment has expanded rapidly and that it is now the largest in the state system. A total of 2,200 students

is likely for the fall term, but the campus library now has a capacity of only about 300 persons.

It is a part of the main building on the campus. When the new library is built, present library quarters are expected to be remodeled for use as classrooms. Such remodeling at the other schools has considerably increased academic room space as a result of library and other construction projects during the last decade.

Council Approves Home Purchase

Oshkosh — Long range plans for the expansion of Lincoln school will be augmented through the purchase of property at 641 Union street by the city.

The city council has approved purchase of the house and lot at a cost of \$10,250. The property is two doors east of property already purchased for the expansion.

Note Delay in Coast Guard Station Work

Steel Strike Seen Reason; Bulkhead On River Planned

Menasha — Construction of a bulkhead and general remodeling of the coast guard's

Fox river light attendant station, approved in a June 30 contract, probably will not begin until after settlement of the steel strike.

The project, according to Boatwain's Mate First Class Richard B. Lewis, in charge of the local station, was to have been completed by Oct. 15. Prime contractor is Hurley Construction company, St. Paul, Minn.

It involves constructing a steel pile bulkhead on the river channel and backfilling; dredging the canal adjacent to the bulkhead; grading some of the station's land; building a foundation under and raising the office building to about street level; and providing water, sewer and electricity to the building. Two other small buildings at the station, one a tool shed, the other for inflammable supply storage, will not be affected.

Year-Round Use
The office building, after work is finished, will have insulation and a new heating system. It now is heated with a space heater.

Up to the present, the station has been used on a part-year basis. After conversion, it will be suited to year-around use, if the coast guard so orders.

The three men assigned to the local station work out of the Two Rivers coast guard station during the winter months. During the navigation season, they patrol the Fox river and Lake Winnebago for watersafety enforcement and navigation aids maintenance.

Former K-C Pilot

Predicts Bright Future for Aviation in Business, Industry

Neenah — A bright future for business aviation was predicted by Al Groves, Kimberly-Clark industrial engineer, in a talk before the Neenah Kiwanis club Wednesday noon.

Groves, a former pilot for K-C, has made a study of the aspects of business aviation. Groves also predicted that

Asks Meeting On Water Problems

Oshkosh — William P. Harford Wednesday called for a meeting of the city council along with water and sewer boards to find some solution of the Oshkosh water restriction problem.

Council members discussed progress of the pre-treatment basin in Miller's bay which should alleviate the situation. A bottleneck in feeder lines will still hamper the city's water distribution after the pre-treatment basin is completed.

Councilman Theodore G. Wilder, Jr., said "there is a difference of opinion on the urgency of the problem."

There are no restrictions on air conditioners, City Manager H. S. Thorgirsen, told the council. The only restrictions are on sprinkling. The water board has been considering a separate metering system for air conditioners, Thorgirsen said.

Open Self-Service Laundry in Neenah

Neenah — Opening of the Econ-O-Wash, a new 24-hour self-service laundry at 700 Main street, was announced today by Elmer Helgison and Clarence Laux, both of New London. LeRoy Jack, town of Menasha, will be the maintenance man in charge of the operation in a remodeled building at Lake and Main streets. The coin-operated laundry has facilities for both washing and drying clothes.

Neenah Man Forfeits On Conduct Charge

Neenah — Carl W. Pieper, 46, 120 Lorraine avenue, forfeited \$24.20 when he failed to appear before Police Justice E. P. Arpin, this morning. Pieper was arrested for drunkenness and disorderly conduct Friday.

Board Recesses

Menasha — The board of review today recessed until 10 a.m. Monday in order to hear an appeal on increased assessment.

10 From K-C Take Part in 9-Day Course

Counseling Session To Open Monday for Personnel Officials

Neenah — Ten personnel representatives from United States and Canadian mills of Kimberly-Clark corporation will take part in a 9-day personal counseling course which will open Monday at the Sales Promotion center.

The course is the first of its kind on a corporation wide basis, according to Dr. William Van Buskirk, director of psychology for the corporation. It is designed to give personnel leaders a concentrated and practical background for more effective counseling among employees.

Conducts Session
The course will be conducted by Dr. Alan Townsend, staff clinical psychologist. Scheduled are day and evening sessions as well as some on Saturday.

Richard Schowengerdt will represent Kimberly; Guy Warden, Niagara; Tom Freil, Niagara Falls, Ontario; Roy Kenney, Kapuskasing; Donald Gladieux, Niagara Falls; Richard Bausom, Memphis; Jerry Walsh, New Milford; Calvin Young, Fullerton; John Anderson, Neenah; and Kermit Johnson, Main Office.

Dr. Townsend has adapted the course to fit personnel needs on the basis of findings from a pilot course which he conducted earlier this summer among personnel managers in the General Offices area. "We have designed the course to meet three basic requirements of effective counseling," Dr. Townsend said. "Personnel people in this counseling activity need to have an understanding of personality dynamics, they need a knowledge of the theory and techniques of counseling itself, and they need to have some insight into their own attitudes, shortcomings and biases. We hope to give these personnel people a course to help them be more effective in this important area of their jobs."

in the near future "many persons will be licensed pilots for one type aircraft or another." His prediction was based on the fact that the modern design of means of transportation is to air travel.

Business aviation is only that which is concerned with business itself and not charter flights, crop dusting or other uses of planes. By 1957 business had reached a point where 1.7 million hours of flying were being done, Groves pointed out. There are approximately 5,370 multiple engine planes in operation by business firms today as well as 10,270 single engine aircraft. The total number of planes operated by United States airlines is 1,841.

Future Accent

The accent in the future will be on fast, small planes, Groves said. Flying will be simplified to make it easier for the ordinary individual to take it up without extensive training. Instrument panels, now a maze of dials and gauges, are being changed for easy reading.

When questioned about the commercial flights at the Outagamie County airport, Groves said that there is a definite study needed as to the future plans there. "Appleton is in the heart of the world paper industry and there is a potential of 120,000 customers in the Fox Cities. There is a lot to look forward to here," Groves said.

Twin City Deaths

August Jacobs

Menasha — August "Gus" Jacobs, 61, of 319 Naymut street, died unexpectedly about 11 a.m. today while at work as a bartender at the Crystal Bar tavern, 106 Main street, Neenah. The Neenah ambulance was called but Jacobs was pronounced dead at the site by a physician. He was born May 24, 1898 at Hilbert and had lived in Menasha since 1928, coming from Stanley.

Funeral services will be at 9 a.m. Monday at St. Mary's Catholic church. Burial will be at Boyd, Friends may call at the Laemmrich Funeral home after 3 p.m. Sunday and the rosary will be said there at 8 p.m.

Survivors are the widow; and two brothers, Peter at Eau Claire and George at Stanley.

Survivor

Menasha — Survivors of Mrs. Harold W. Acker, 33, Lakeshore drive, who died Wednesday morning, include three sisters, Mrs. Floyd Ebbesen, Neenah; Miss Ruth Wasikiewicz, Milwaukee, and Mrs. Edward Jakowski, Menasha. The latter's name was incorrectly listed as Shukowski Wednesday.

Hospital Head Takes Over Difficult Job

CONTINUED FROM PAGE 1

was reluctant Wednesday to make any official reference to the new superintendent's difficulties in Louisiana, but he was involved in the hospital shakeup there that resulted from the recent commitment to a mental institution of Gov. Long.

He is a native of Arkansas, received his medical education there and in Pennsylvania, and has worked in the Veterans Administration hospitals and in the Southeast Louisiana state hospital, where he was superintendent until recently.

Dr. Belcher will formally assume duties Sept. 1. Until then Dr. Petersik will act as superintendent. He has also offered to remain on the clinical staff until Oct. 1, or until later if necessary.

Zoning Ordinance Case Transferred To Oshkosh Court

Menasha — A case involving an alleged violation of the city's zoning ordinance was transferred Wednesday from Police Justice Arthur J. Ales to Oshkosh municipal court.

The transfer was requested at the opening of the hearing by Ralph J. Schneider, 708 DePere street, the defendant, and his attorney, Arnold J. Cane. No prejudice against the court exists, Snyder and Cane emphasized.

The case was brought on complaint of Mrs. Gertrude Lewandoski, 700 DePere street, who contends a lot standing between her house and Schneider's, zoned for residential use, is used in violation of the city code. She has complained Schneider, proprietor of Ralph's Beer depot, has used the land in violation of the code by parking his trucks on the land for loading and unloading.

Mrs. Lewandoski sold the land in question to Schneider.

Girl Arrested After Accident at Neenah

Neenah — Ina R. Schiebler, 18, 909 Adams street, was arrested for inattentive driving following an accident in the 200 block of S. Commercial street at 8:30 p.m. Wednesday.

The Schiebler car struck the rear of a vehicle driven by Evelyn B. Kasten, 36, 920 N. Drew street, Appleton. A witness said Miss Schiebler was waving to people on the street just before the accident. She has been ordered to appear in court Saturday morning.

Winneconne Assessments \$4,582,797

25 Building Jobs Approved in Year By Assessor Mader

Winneconne — Assessments in the village of Winneconne for this year total \$4,582,797, Assessor George Mader announced at the annual board of review.

In the year, 25 building permits covering improvements valued at \$105,800 were issued. Six new home, five mercantile building repair and 10 home repair projects were included.

Real estate, total value \$4,041,550, includes \$631,950 in land and \$3,409,600 improvements.

Personal property classes, totaling \$541,247, were 218 boats, \$60,440; merchants' stock, \$224,397; manufacturers' stock, \$91,245; machinery and tools, \$47,350; furniture and fixtures, \$91,455; and other, \$26,360.

Plastic Surgeon Says He Enlarged Miss Japan's Bust

Tokyo — A Tokyo plastic surgeon, Dr. Toshizo Matsui, said today he gave a bust-enlarging plastic injection to Akiko Kojima before she won the Miss Japan and Miss Universe contests.

But Miss Kojima's mother today angrily denied the report.

"It's a lie. I have never taken her to such a place," Mrs. Hisako Kojima said. The beauty's brother supported the mother's denial.

Matsui was not available for immediate comment on Mrs. Kojima's denial.

A spokesman for the newspaper, Sankei Shimbun, sponsor of the Miss Japan contest, said the report is unfounded. "We have seen her for the past four years, and there was no need for her to get bust surgery of any kind," he said. "We are still studying the report."

The doctor said the 24-year-old beauty came to his clinic a short time before the Miss Japan contest in June.

Want New Squad Car

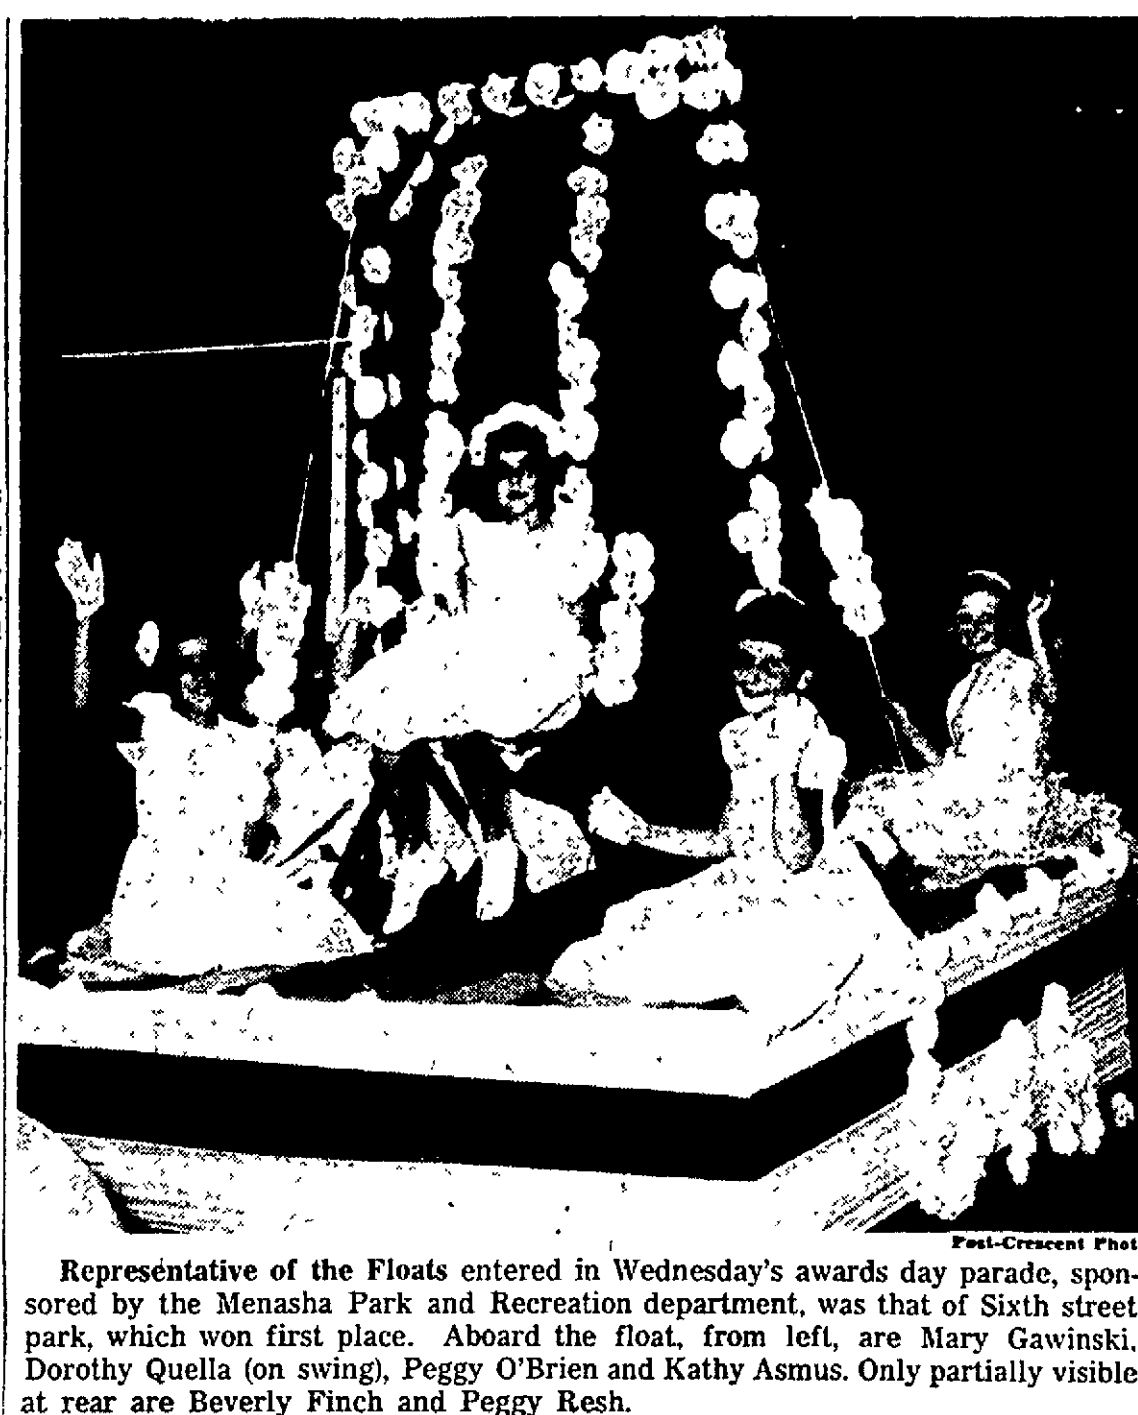

New London Police Unhappy Over State of Equipment

New London — Policemen here feel their department is in a sad state of affairs.

Wednesday morning in a pelting rainstorm an officer had to walk a beat normally cruised in a squad car.

"How do you protect lives and property without equipment functioning properly," one patrolman grumbled.

The squad car is nearly out of commission, members of the department feel. It burns a quart of oil or better each day. If the car is run two or three hours its spark plugs

Representative of the Floats entered in Wednesday's awards day parade, sponsored by the Menasha Park and Recreation department, was that of Sixth street park, which won first place. Aboard the float, from left, are Mary Gawinski, Dorothy Quella (on swing), Peggy O'Brien and Kathy Asmus. Only partially visible at rear are Beverly Finch and Peggy Resh.

\$287,000 Permit Issued for UW Extension Center

Oshkosh — A building permit for construction of the new University of Wisconsin extension center, on Midway road in the town of Menasha, has been issued by Miss Nell Hoffman, Winnebago county clerk.

The permit, in the amount of \$287,000, will cover general construction of the new center by P. G. Miron Construction company, Appleton.

Contract prices, awarded July 28 by building committees of Outagamie and Winnebago counties, amounted to \$441,894.

A groundbreaking ceremony is being planned for 1:30 p.m. Wednesday at the site by Verne Imhoff, director of the Menasha extension center.

Firemen Injury Rate Below Average in Neenah, Menasha

Neenah — While work-connected injury and death is common to fire departments all over the United States, the Twin Cities have been non-typical in the last few years.

No Neenah or Menasha fireman has been killed in the line of duty, local firemen recall, and serious or lost-time injuries have been kept at a minimum. Chiefs E. J. Heim, Menasha, and John Zick, Neenah, report.

An article in the August issue of "International Fire Fighter," the magazine of the International Association of Fire Fighters, reporting on a survey of 1,200 communities indicates firemen are six times as likely to receive work injuries, sometimes fatal.

The article contends that 20 of 100 firemen are involved in work-connected accidents, compared to 3 in 100 as the average American work accident rate.

Work injuries killed 70 per cent more firemen than other type of workers, the article continued. Hazards to the fireman's job include smoke inhalation, building collapse, toxic gases, explosions, electric shock, radioactivity, hypertension and traffic accidents.

Hidden hazards in fire fighting, says the article, include

Man Forfeits After Arterial Aneurysm

Neenah — Edward P. Schumacher, 42, 429 First street, Menasha, forfeited \$9.20 at the police station after his arrest for an arterial violation.

Schumacher was arrested at the intersection of Commercial street and Wisconsin avenue Monday.

City Ponders Recovery of Welfare Funds

Oshkosh Council Told by Attorney Of Procedures

Oshkosh — Recovery of welfare payments over the last 20 years to families now able to repay the amounts granted was considered Wednesday night by the city council.

Councilmen agreed some effort should be made to contact individuals assisted, by certified mail, indicating the amounts they received. They believed the city should try to collect in all cases except where repayment would cause hardship.

The city paid out about one million dollars in public welfare assistance grants. The council last discussed the question of collecting in the 1940's.

City Atty. Fintan Flanagan said the council should notify all who ever received assistance they owe the amounts in a continuing legally binding obligation, which can be collected through estates or directly.

Flanagan added that collection from estates is difficult, because many persons in the last 20 years have moved from the county, and because joint tenancies in most estates would allow collection of only half the amounts due.

Neenah, Menasha Police to Attend State Pistol Match

Neenah — Two Neenah police teams and one from Menasha will represent their departments Aug. 30-31 at Waukesha in the Wisconsin Police-men's Protective association pistol shoot.

Five Menasha policemen and nine from Neenah will compete in the state finals. Eliminations within the departments were completed this week.

Representing Menasha will be William Ciske, 440 total score and 88 average; Gregory Resch, 437 total and 87.4 average; Thomas Talbot, 426 and 85.2; Sgt. Franklin Falkenkrug, 418 and 83.6; and John Lux (alternate), 409 and 81.8.

Neenah policemen attending the meet and firing for the first time will be Rupert Lehman, 285.92 total; Lee Kontaer, 285.76 total; James Hawley, 285.61; and Capt. Clarence Toepler, 283.38.

Neenah's second team will include Darrell Webb, 282.09; Leslie Parrott, 282.35; Dewey Breaker, 281.15; and Lawrence Malouf, 271.30.

Neenah's single alternate will be Kenneth Foster, whose score was 266.92.

Menasha policemen in the last nine weeks have shot 50 rounds per series. Neenah police have been firing 30-shot series. Each shot is worth a possible 10 points, both in elimination and finals.

Prompt Action Saves Life of Injured Driver

Post-Crescent News Service

Shawano — Charles Mailahn, 19, of route 2, Shawano, probably owes his life to the prompt action of a neighbor Wednesday evening.

Kenneth Peissig snatched a rug from the youth's demolished auto and smothered the flames that were devouring his gasoline-soaked clothing.

Mailahn's car was involved in a collision with a car driven by Norman Fischer, 20, of Shawano. The accident happened at 7:45 at the intersection of old Highway 29 and a town road about three miles northwest of Shawano.

Peissig, who is director of cattle sales for Badger Breeders cooperative, lives near the crossroad. He heard the crash and found Mailahn lying unconscious on the ground with his clothing afire. Fischer was still in the wreckage of his own car.

Passenger Hurt When Car Hits Pole, Fence

Oshkosh — A Neillsville man was injured when the car in which he was riding went off Highway 21 in the town of Omro about 1:45 a.m. Wednesday.

Richard L. Kapfer, 24, was taken to Mercy hospital with scalp and nose lacerations and body cuts and bruises. Daniel Patey, 29, Neillsville, driver of the car, was uninjured.

Patey told sheriff's deputies that he fell asleep and the car went into the ditch on the north side the road, hitting a telephone pole and fence. Tire tracks indicated the car traveled 444 feet from the time it left the highway until it stopped 27 feet from the road.

Four Brides-Elect Honored at Parties

Neenah — Summer brides-to-be have been feted at showers and dinner parties preceding their summer weddings. Showers have honored Miss Kay Becker, daughter of Mr. and Mrs. Chester Becker, route 1, who will become the bride of Donald Wisniefski, son of Mr. and Mrs. Harold Wisniefski, route 1, Larsen, at 3 p.m. Saturday in Grace Lutheran church, Winchester.

A miscellaneous shower was given Aug. 4 by Mrs. Wisniefski at her home. Miss Mary Alice Becker honored her sister with a grocery shower Tuesday evening at the home of the bride's parents.

Pre-nuptial parties have honored Miss Carol Boycks, daughter of Mr. and Mrs. Arthur Boycks, 613 Grand street, Oshkosh, who will marry James Konrad, son of Mr. and Mrs. Erwin Konrad, 1625 Georgia street, Oshkosh, at 2:30 p.m. Saturday in St. Paul's Evangelical and Reformed church, Oshkosh.

Entertaining the bride-elect

Neenah Youth to Lead Service at Fellowship Rally

Neenah — Wayne Dover, president of First Evangelical United Brethren church youth fellowship, will conduct the 7 p.m. Saturday vesper service at an eastern district youth fellowship rally beginning Friday at Forest Junction.

"Great Days in the Early Church" will be the theme of vesper services Friday, Saturday and Sunday evenings. The rally theme is "Venturing With Christ Through Vacation."

Unit Sets Programs For Year

Neenah — Officers have been elected, committee chairman appointed and programs planned for the coming year by the Women's Baptist Missionary society of Whiting Memorial Baptist church.

Mrs. Douglas Strong is the newly elected president. Throughout the year she will work with Mrs. Allan Ekvall, vice president; Mrs. Ralph Avery, secretary; and Mrs. Norman Mills, treasurer.

Heading the various committees are Mrs. Lyle Parmenter, Christian service; Mrs. Edward Neubauer, white cross; Mrs. Kate Moran, social activities; Mrs. Allan Ekvall, program and literature; Mrs. Melvin Grant and Mrs.

Edward Phillips, visiting; Mrs. Edward Fisher, vice president of missions; and Mrs. K. Aart Van Dam, spiritual life.

"Green Lake Highlights" a talk about the summer conference will be given at the Sept. 3 afternoon meeting by Mrs. Strong and Mrs. Ekvall. A coffee hour will follow the Oct. 1 evening meeting entitled "A New Day for African Women." Topic of the Nov. 5 afternoon program will be "Africa Disturbed."

Dec. 3 the evening meeting will be "Christmas Joy." A service project has been planned for the Jan. 7 afternoon meeting, "Take These Hands." "Go Ye Together" will be the topic of the Feb. 4 evening meeting.

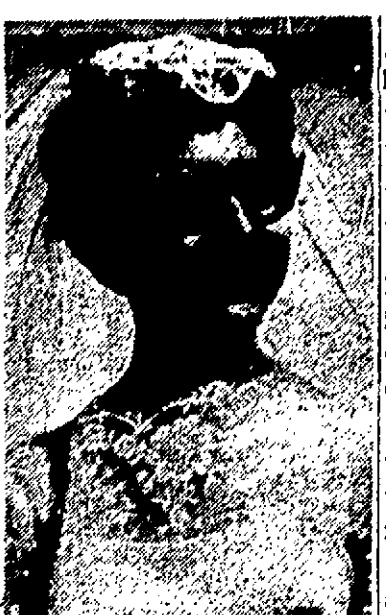

Title of the Mar. 3 afternoon program is "Missionary Speaks." Officers will be elected at the "Town and Country" Apr. 7 evening meeting. A potluck dinner will be serv-

Pair Picks Menasha As Home

Clintonville — Roger Gehrt and his bride, the former Dolores Mehlberg, daughter of Mr. and Mrs. Leon Mehlberg, 37 Folkman street, will make their home at 504 Second street, Menasha.

Mr. Gehrt, the son of Mr. and Mrs. Leonard Gehrt, route 3, claimed his bride in a double ring ceremony at 4:30 p.m. Saturday at St. Martin Lutheran church. The Rev. Luther Strasen officiated. The bride was given in marriage by her father.

A sister of the bride, Miss Shirley Mehlberg, Appleton, Bear Creek, and Miss Carol Witzke, Clintonville, Herman Gehrt, Neenah, a

Mrs. Roger Gehrt was maid of honor. Bridesmaids were Miss Anita Miller, Bear Creek, and Miss Carol Witzke, Clintonville. Herman Gehrt, Neenah, a

brother of the bridegroom, was the best man. Groomsmen were Edward Gehrt, Neenah, and Charles Gehrt, Neenah, also brothers of the bridegroom. Ushers were Ronald Becker, Hortonville, a brother-in-law of the bride, and Dennis Gehrt, Embarrass, a brother of the bridegroom.

After a reception at the Rustic resort, Clover Leaf lakes, the couple left on a trip to northern Wisconsin.

The bride and bridegroom are graduates of the Clintonville High school. The young Mrs. Gehrt has been employed at the Urban Telephone company, Clintonville, and Mr. Gehrt is employed at the Edgewater Paper company, Menasha.

Select Firm, Ripe Peaches For Freezing

Oshkosh — For best results in freezing peaches, select firm, ripe fruit. Wash, dip in boiling water, then quickly in cold water. Cut peaches in halves and slice if desired.

In order to retain the fruit's color, use one-half teaspoon ascorbic acid for each quart of sirup, advises Miss Lois Klusmeyer, county home agent.

A sirup pack of three cups sugar and four cups water can be made a day ahead. Cover the sliced or halved peaches in a freezing container with sirup. Place a small piece of crumbled paper on top to keep the fruit in the sirup. Allow one-half inch head space at top. Seal and freeze.

Bicycle Champ Iranian Girl Begins Year's Stay At Twin City Residence

BY NAN HENNIG
Post-Crescent Staff Writer

Neenah — East and West are becoming acquainted this week with the arrival of a sports-minded 18 year old Iranian exchange student, who will live with a Twin City family while attending Neenah High school for a year.

Larissa Ovanessian from Tehran the capital of Iran, was winner six months ago of a one kilometer girls' bicycle race and now is champion rider in that category. She skis in the nearby mountains of her native country, likes running and hiking and learned to swim last year.

During her stay, she will reside with Mr. and Mrs. John Huppler and their five children at 859 E. Cecil street. The Armenian girl will be a senior at Neenah High school, and will attend classes with the Hupplers' daughters, Kay, a senior, and Marcia, a junior.

"I am a Girl Scout," the soft spoken miss explained. "Each scout group has about 40 girls. These are divided into four smaller groups of 10 each. Every one of the smaller groups has a leader, I am chief of these leaders, so I am called a chief scout."

Besides speaking English very well, (a skill she learned from her father, a traffic control officer at the Tehran airport who also gives private English lessons), she converses in Persian at her secondary school in Iran and talks Armenian with her parents, Mr. and Mrs. Harry Ovanessian, Gedeon, 15, her brother, and Anahid, 7, her sister.

Many Subjects

"In Iran we take many subjects in secondary school — about 18," she said in her pleasant low voice. "But we do not have classes in each subject every day. One day, for example, I have biology, language and physics. Another day I have different courses."

Up until the fourth grade boys and girls in Iran attend the same schools; after that they are educated separately. Following her year of study here she will receive a certificate from the local school to take back to her country. She will have to complete one more year in her Iranian secondary school to receive her diploma.

"You have to pass tests, which are very difficult, to enter college in my country," Larissa said. "These are given after high school. Very few go on to college."

Western Dress

"Western clothes are worn in Iran," she remarked. "But in the small towns about half the Persian people wear a 'shador.'" (a cloak that covers the head and hangs loose.) "We don't wear Bermudas or shorts except in the gyms," the curly headed student commented. "But I had been warned that you do in America. When I ride my bicycle I wear pants that cover my knees."

"Most of the people are Moslems, but some minorities are Christians. A Moslem can

Displaying Several of the Hand-Made articles she brought from Iran is Larissa Ovanessian, center, an American Field service exchange student who will attend Neenah High school for a year with Kay Huppler, left, a senior, and Marcia Huppler, right, a junior. During her stay Larissa will live with the John Huppler family, 859 Cecil street. The hand woven material Kay holds will be made into a skirt. The candy box shows 'miniatur and silver work. The wooden object Larissa displays is an elaborate cigaret holder—the cigaret is inserted into the top and the smoker puffs it through the long cord. An example of the fine, minutely detailed jewelry work is the bracelet held by Marcia.

have more than one wife, but not many do. In recent years women have worked outside the home."

Arrived Sunday

The oil kingdom she lives in is a mountainous country with jungles, valleys and only a few lakes. The climate is hotter and dryer in Iran than here, so she goes to the mountains each summer to escape the heat of Tehran.

The Hupplers went to Milwaukee Sunday to meet her bus from New York City. She flew from Iran to Athens and had a 28 hour air plane ride from Greece to New York. Before returning to Iran next summer she will tour the United States with other American Field Service students.

"I have girl friends here who will attend schools this year in Iowa, Minnesota and Milwaukee," she said with a smile. "My great-grandmother and cousins live in Hollywood and I hope to see them before I leave."

"I know I am going to like America very much and am looking forward to my year at Neenah High school," she concluded.

Tritt Reunion

Oshkosh — The Tritt family has planned its annual reunion for Sunday at South park, Oshkosh. The gathering will begin with a noon potluck dinner.

Ohio Guests Visit Twin City Couples

Menasha — Houseguests of Twin City residents are Mr. and Mrs. Louis Erdmann, Kent, Ohio, who are visiting their parents, Mr. and Mrs. Hugo Erdmann, 881 Jefferson street, and Mr. and Mrs. Harry Burr, 236 E. Franklin avenue, Neenah.

They will return to their home Monday. Mr. Erdmann teaches drama at Kent State university and his wife is a junior high school teacher.

Golfers Begin 3rd Round

Neenah — Second round results of August championship tournament for women's division at Ridgeway Country club were announced today by Mrs. Joseph Verrier, tournament chairman.

In the championship flight, Miss Judy Verrier defeated Mrs. D. C. Wamsley. Mrs. Ole Jorgensen won over Mrs. Ray Miller. First flight winners were Mrs. L. M. Warrick over Mrs. Vylar Dennis and Mrs. Oliver Schommer over Mrs. Richard Pfefferle.

In the second flight, Mrs. Dan Johnson bested Mrs. Paul Zimmerman and Mrs. P. F. Oskar defeated Mrs. Leo McCoy. Mrs. Sylvester Vanschyndel was victorious in the third flight match with Mrs. Arthur Bobb and Mrs. Don Wirth won over Mrs. Frieda Hosterman.

Fourth flight winners were Mrs. Richard Roubush over Mrs. William Herriott and Mrs. Owen Hanson over Mrs. Lloyd Lee.

Pairings for the third round to be completed by Wednesday, are Miss Verrier and Mrs. Jorgensen; Mrs. War-

Newlyweds Will Live in Kimberly

Menasha — Gerald Michael Mattern, son of Antony Mattern, 621 Fifth street, claimed Miss Anne Frances Defenderfer as his bride in a double ring ceremony at 11 a.m. today in St. Joseph Catholic church, West De Pere.

The bride, daughter of Mrs. Edna Davis Defenderfer, 805 S. Oneida street, Green Bay, was given in marriage by John Defenderfer, her brother. The Rev. Geoffrey Claridge performed the ceremony and Mrs. Clyde Duncan was organist.

Honor attendant for the wedding was Miss Jo Ann Buesing, Appleton. Serving his brother as best man was James Mattern. Guests were ushered to their places by

Peckham Photo

Mrs. G. M. Mattern

Clarence Gracyalny and Kenneth Mattern, brother of the bridegroom.

After a wedding dinner and reception at Club Terrace, Appleton, the bridal couple will leave for a northern Wisconsin honeymoon. When they return, they will live at 319 E. Maes avenue, Kimberly.

The young Mrs. Mattern was graduated from Green Bay West High school and belonged to Delta Gamma and Sigma Alpha Iota sororities. She will teach music and French in Kimberly High school this fall.

A graduate of Menasha High school and Lawrence college, where he affiliated with Phi Mu Alpha fraternity, Mr. Mattern is the band director at Menasha High school. He played in the army band for two years.

Post Office Wins Contest Award

The Appleton Post Office has received a superior accomplishment certificate for participation of its employees in the national post office incentive awards program. Postmaster Francis Sumnicht has announced.

Employees turned in 20 suggestions, winning four cash awards. Savings for the individual post office, Sumnicht said, amounted to \$1,107. There are 139 employees.

Other certificates were received by Duluth, Minneapolis, St. Paul and Sioux Falls, all cities in Appleton's class. Sumnicht also said that the Appleton post office is the fifth largest in the state, passing Kenosha in the latest ratings.

Players Wear Blindfold for Historical Geography Game

BY CAPPY DICK

Today's fun-project is a game of adventure. History says Columbus started out with his crew in three ships—Pinta, Nina and Santa Maria—from the Spanish port of Palos on Aug. 3 and landed Oct. 12 at the island of San Salvador in the Bahamas. If you look at a map you will see the course he followed is not due west, but veers southward, starting well above the 30th parallel and ending below it.

It is known Columbus passed the Canary Islands off the African coast because it was after the last familiar land had been left behind that his sailors became frightened and wanted to turn back. However, Columbus sailed on even though no course had ever been mapped out. If you had been Columbus, where would you have landed? That's the point of today's game.

Get out your map of the world to use as a guide and color for each—and, one at a time, blindfold them. Place the player's hand at the starting point—Palos, Spain—and side draw the outline of Spain, marking the port of Palos. Also show the narrow Strait of Gibraltar and the coast of North Africa. Make a dot where the Canary Islands should be and at the west end the side make a dot to represent the island of San Salvador.

FIG-1

FIG-2

Players of this game are blindfolded.

Also outline Florida and part of the east coast of the United States.

Give each player a colored pencil or crayon—a different color for each—and, one at a time, blindfold them. Place the player's hand at the starting point—Palos, Spain—and side draw the outline of Spain, marking the port of Palos. Also show the narrow Strait of Gibraltar and the coast of North Africa. Make a dot where the Canary Islands should be and at the west end the side make a dot to represent the island of San Salvador.

The player who comes closest to the real course is the winner.

Lesson in English

BY W. L. GORDON

Words Often Misused: SERAPHIM

SERAPHIM is the plural form of SERAPH. Do not, therefore, say "seraphims."

Often Mispronounced: Humble. Do not drop the "h" in the pronunciation, as it is some times heard.

Often Misspelled: Annuity. observe the two "n's."

Anoint; only one "n."

Synonyms: Break (verb).

Sirange Paper Eyes American Loop Deadlock

Win Over Neenah
Nine Would Create
Tie for First Place

Neenah — Strange Paper will be afforded the opportunity to move into a first place deadlock in the Twin City Industrial Softball league's American division when it plays Neenah Paper at 8 p.m. tonight at the Recreation field.

Strange's (5-1) trails Banta's (6-1) by a half game. The Publishers are idle tonight. Neenah Paper has a 1-6 second round mark.

Soo Line and Wisconsin Tissue Mills collide at 8 p.m. at Jefferson park in the night's other American division fracas.

Soo Line holds third place with its 4-3 record while Tissue Mills has a single win in six starts.

Gilbert Paper attempts to continue its climb in National division with a 6:30 p.m. test against the Marathon Packers at the Recreation field.

Gilbert's (3-2) trails the unbeaten Lakeview nine by two games. It holds undisputed possession of the runnerup spot. The Packers have split even in six starts. Gilbert's George Bonnack hurled a no-hitter against Main Office Tuesday night.

The fourth game on the docket matches the Marathon Ramblers against Neenah Foundry at 6:30 p.m. at Jefferson park. The first half champion Ramblers and the Foundry both have 2-3 records.

Dodgers, Senior Stars Battle to 15-15 Deadlock

Neenah — The champion Dodgers and Senior league All-Stars played to a 15-15 tie in the second game of their postseason series Tuesday at Washington park.

The Dodgers, losers in the first game, went ahead 15-14 with a 5-run outburst in the top of the seventh but the All Stars received four straight walks in the bottom of the inning for a run to tie it at 15-15.

The Stars had a big 6-run fourth and the Dodgers scored five times in the same frame.

Larry Tesch and Bill Braun pitched for the Dodgers and the Stars used Don Althaus, George Steffensen and Tom Hensen.

Mory Handler and Hensen had three hits and Jack Ankerson made two for the All-Stars and Tesch, Braun, George Goetz, Palmer Sell and Dale Mrotek all garnered a pair for the Dodgers.

Long-Time Hurler Leroy "Satchel" Paige was the feature attraction as his Havana Cuban All-Stars defeated the Menasha Macs 11-2 Wednesday night. At the upper left, he signs his autograph for a group of admiring youngsters while at the upper right he warms up preparatory to hurling the fourth and fifth innings. "Satchel" chats with home of his Cuban All-Star teammates at the lower left.

Mayville Posts 6-4 Win Over Legion '9'

Visitors Rally for Run in
9th; Play Star Squad Next

Mayville — Pounding out a 12-hit attack, which included three doubles and two triples, Mayville edged the Menasha Junior Legion 6-4 here Wednesday night.

The game closed Fox River Valley Junior Legion league play for the Menashans. They finished with six wins, seven defeats and a tie.

Menasha will conclude its season tonight with a 6 p.m. contest against the Senior league All-Stars at the Menasha ball park.

Two runs in the eighth inning were the deciding factor for the hosts. Menasha led 2-0 at the close of four frames but Mayville scored three times in the fifth. They made it 4-2 with a sixth-inning marker.

Menasha cut the margin to one with a run in the eighth. Mayville boosted its lead to 6-3 with the pair in the eighth. Mayville boosted its lead to 6-3 with the pair in the eighth.

Bob Schellpfeffer went the route for Mayville and allowed seven hits. He struck out 12 and walked four.

Jim Rueckl opened for Menasha but gave way to Ray Dietz in the fifth. Dietz also worked the sixth and Bob Jensen pitched the final two innings.

Goetz Gets 2 Hits
The Lenz-Gazecki post had three hits in the ninth but couldn't come up with one of, and was cut off at one run.

George Goetz paced the winning attack with two hits. Bill Steinbach had three, including a triple, for Mayville. Schellpfeffer, Gordy Steinbach and Dick Speiring had two hits. Tim Wilmot, Gordy Steinbach and Schellpfeffer.

Cubans Win 11-2

Ageless 'Satchel' Paige Hurls 2 Frames; Allows Macs Infield Hit

Menasha — Two amazing old men of professional sports were in action Wednesday night.

Up in Canada, Archie Moore, believed to be close to 50, retained his light heavyweight crown with a 3-round knockout of Yvon Durelle while at the Menasha ball park, the largest crowd of the year turned out to see LeRoy "Satchel" Paige hurl two innings as the Havana Cubans routed the Menasha Macs 11-2.

Paige gives his age as between 40 and 60. While in the majors, the record books carried that he was born in 1908 but those traveling with him on the current tour give his age as 57. According to Mike Perez, Cuban manager, Paige was playing in Havana in 1923.

The aged one, who still has hopes of getting back into the big leagues, arrived on the scene after the game had started, made his appearance on the bench in the second inning, hurled the fourth and fifth, then showered and was on his way before the game was completed.

Paige who can still whip the ball with the same old ease, would throw the hitters off stride with a bloopier ball and then fire the high hard one.

He threw about five pitches in the fourth, forcing Jack Koznetz to fly to center on a slowball, fanning Bill Gamme and getting Dick Frank when he bunted but was thrown out at first on a nifty fielding play by Ray Chate-join.

Gosz Gets Hit

Don Gosz beat out an infield hit in the fifth but the next three hitters were outs, with the ball going out of the infield.

Paige wore a Chicago White Sox uniform, apparently hoping that Bill Vecek, the fellow who signed him to his first major league pact in 1948, will bring him up after Sept. 1 when teams can add to their roster.

Although known for his habit of missing buses and trains and frequently showing up late during his career, Paige

TWIN CITY Sports

Thursday, Aug. 13, 1959 Page C7

has done remarkably well during the current tour. He was out three games because of an injury, missed a plane on another occasion and once was just plain tired.

Fancy Young Club
The ageless wonder, who gets \$25,000 for the tour, tried to pitch three innings at the start of the circuit, but the old arm couldn't stand the

Two Upsets Mark Play in Tennis Meet

Menasha — Two upsets marked play in the Twin City Junior tennis tournament Wednesday as four junior boys moved into the semi-finals.

Fred Hollenbeck surprised Paul Valence 6-3, 10-8, but Hollenbeck was beaten 6-0, 6-3 by Jim Stenson in his next match.

Doug Ankerson, freshman on last spring's Neenah High school team, surprised Bob Adams, the No. 2 player on the Menasha squad, 6-4, 6-1. Jack Ankerson bested Dick Didrich 6-3, 6-3 in the other boys match.

In semi-final play, Doug Ankerson meets Dick Wilson and Jack Ankerson faces Stenson. Beverly Porath won from Karen Barnes 6-3, 6-0 in the only girls match. Sue Rhyn-er and Judy Rogness already have gained the semi-finals and the other two semi-finalists were to be picked today.

69 Golfers Open Play In Twin City Tourney

First Round Pairings Announced; O'Brien
Defends Crown; Meets Sell in Initial Test

Neenah — A strong field of 69 contenders will begin play in the eighth annual Twin City Amateur Golf tournament Saturday at the Bridgewood course.

Seventeen swingers have been assigned to the championship flight. The A flight consists of 22, the B flight has eight, 16 are in the C flight and there are six in "D".

Defending champion Rich O'Brien will meet Ralph Sell Saturday in a first round match in the championship flight. The winner plays Bill Tordoe Saturday or Sunday.

All other contestants have first round byes. However, second round matches also can be played Saturday, according to Jim Lotzer, tournament director.

Four first round matches are scheduled in the A flight with the other dozen entries getting byes. First round matches should be played Saturday while the second round duels can be played Saturday or Sunday, Lotzer said.

Over in the B flight, four first round matches are carded with the second round slated for Sunday. There are eight Saturday first round meetings in the C flight and, too, the second set of matches is slated Sunday.

Two first round matches are carded Saturday and a pair of second round contests Sunday in the D flight.

The pairings:
CHAMPIONSHIP FLIGHT:
First round: — Rich O'Brien vs. Ralph Sell.
Second round: O'Brien-Sell winner vs. Bill Tordoe; Earl Hoks vs. Al Sorenson; Herb Sundt vs. "Chuck" Spaziani; Tim Hadler vs. Don Anderson; McDonald vs. Ralph Cowor; Ted Barnes vs. Joe Spilski; Dick Spangenberg vs. James Vogel; J. W. Sherman vs. Larry Lancaster.
"A" FLIGHT:
First Round: Tom Murphy vs. Bill Kuehl; George Hnake vs. Herb Kramer; Louis Mottel vs. Ray Holawinski; Rex Bremmer vs. John Block; Tom Bach vs. Jule Weisberger; Ben Kluba vs. Ken Jarman; Dale Howe, Sr. vs. Bob Park; Don Foltner vs. Kenneth Rouse.
Second Round: Murphy-Kuehl winner vs. Bill Cerny; Hnake-Kramer winner vs. Don Landstrom; Mottel-Holawinski winner vs. Ken Ginnow; Bach-Weisberger winner vs. Bill Dowling, Jr.; Kluba-Jarman winner vs. Bill Dowling, Jr.; Foltner-Rouse winner vs. Bill Dowling, Jr.

vs. Richard Kuehl; Howe-Pack winner vs. Bob Geizer.

Kaffeeklatsch Popular in Hot Weather

Iced Coffee Served With Chewy Cookies Brightens Busy Day

It's only natural that the kaffeeklatsch should be just as popular in the summer as it is in the winter. After all, there's just as much to talk about!

But there is one big difference between the winter coffee and the summer coffee. In the winter, it's hot — in the summer, it's icy cold. And, of course, it makes a lot of sense when you want to cool off out on the patio.

When you serve iced coffee, it's a good idea to have something to nibble on, and Little Hermits are just the ticket. They're chewy and delicious — and, best of all, they're easy to make. The iced coffee, by the way, is also easy to make. You simply have to brew your hot coffee strong enough to avoid dilution from melting ice.

Here are the measurements for making four servings of extra-strength coffee in any type of coffee maker: use six standard coffee measures (or 12 level measuring tablespoons) of coffee to three measuring cups of water. Pour the brewed coffee into four tall, ice-filled glasses and serve it with cream and sugar, or sugar syrup. Your coffee will be truly flavorful and you can enjoy your summer kaffeeklatsch to your heart's content.

Little Hermits
2 cups seedless raisins
1 cup shortening
1 1/2 cups firmly packed brown sugar
1 teaspoon molasses
3 eggs, unbeat
3 1/2 cups sifted all-purpose flour
1/2 teaspoon salt
1 teaspoon baking soda
1 tablespoon cinnamon
1/2 teaspoon cloves
1/2 teaspoon nutmeg
1 cup chopped walnuts
Rinse raisins in hot water, beat well. Mix and sift flour, and molasses. Add eggs and salt, baking soda and spices. Drain and dry on paper towel. Cream shortening, sugar and add. Mix lightly. Stir in raisins and nuts. Drop by teaspoons on greased baking sheets. Bake in moderate oven 375 degrees, 10 to 12 minutes. Makes about 9 dozen small cookies.

On Warm, Lazy Summer Days, the traditional kaffeeklatsch moves outdoors to the patio with a delightful change in the coffee. For a refreshing pickup try frosty iced coffee and chewy Little Hermits, an exciting cookie treat.

Lower Lamb Prices

Fruits, Vegetables Among Food Bargains

Fruits and vegetables again price ranges. One store features them at \$1.79 a crate; market produce shelves this another 29 cents for two pounds. Bartlett pears are around 39 cents for two pounds.

Cherries a Treat
A tangy treat, red sweet cherries, are selling in the neighborhood of 49 cents a pound.

Salad lovers will find an excellent fresh supply of head and leaf lettuce, cabbage, peppers, cucumbers, radishes and tomatoes.

Cabbage sells at 15 cents for two pounds. Cucumbers are about 5 cents each. Head lettuce is selling for about 19 cents. Peppers are three for 19 cents while large tomatoes are running around 21 cents a pound.

Barbecue Special
With the cooler weather, many housewives will want to serve barbecued or fried chicken. Fryers are steady around 35 cents a pound. Pork shoulder steak is about 35 cents, a good buy, and Rock

Directions for Using Barbecue Spit for Cooking of Meats

The barbecue spit provides a good way of roasting rolled beef roasts, boned pork shoulder or boned legs of lamb.

Run the spit through the center of the meat so that in turning no one side of the roast will be thinner and more quickly cooked than another. Revolve the spit slowly over the coals. The distance from the spit to the hot coals is usually 15 inches.

Often the meat is basted during cooking with barbecue sauce applied with a pastry brush. The time required for cooking meat in this manner is generally about the same as required to cook a similar cut in a moderate oven.

Cheese Ideal for Use in Toasted Sandwiches

Homemakers love sandwiches for lunch or supper because they're easy to make yet nutritious and good-tasting, too.

Toasted cheese sandwiches are always popular with the younger set—and so easy to make the children can "do them themselves."

Pasteurized process cheese melts easily so it's perfect for use in sandwiches and casseroles. Top pieces of apple pie with slices of American cheese—it's hard to find better eating!

Mechanized Glass

Called the father of mechanized glass, Michael J. Owens was the inventor of the first entirely automatic bottle-making machine.

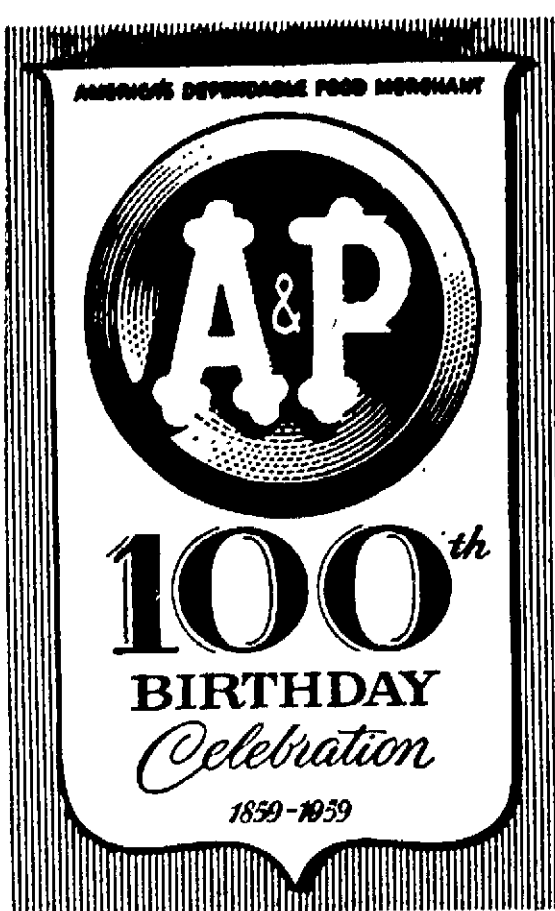

Cornish hens are selling at 69 cents a pound.

Bratwurst, another barbecue favorite, is tagged at about 49 cents a pound. Pork chops are from 69 to 79 cents a pound, a fairly good buy.

Whole hams are as low as 49 cents a pound, while smoked hams are at 35 cents.

Turkey is still about 45 cents. Beef prices are stable, including chuck roast, 59 to 79 cents a pound; rump roast, 95 cents; T-bone, \$1.35; porterhouse, 85 cents to \$1.25; cube steak, around 89 cents; round steak, 76 to 85 cents; sirloin steak, \$1.05 to \$1.09; and standing rib roast, 99 cents.

Egg prices still are rising slightly, ranging from 42 to 45 cents a dozen for Grade A large. In one store, unshelled eggs are three dozen for \$1.

Savings! Selection! Quality!

Shop at A&P for a full week's supply of food and notice two important things — the great variety of foods to choose from, and the lower cost of your total bill. Canned Foods Simple to Heat

Mealtime Fussing Eliminated With This Quick Trick

Kitchen chores are not keen assignments in hot weather; we all like to take to the outdoors, although, this too, can mean kitchen clean up. But not if you borrow from your scouting children... and heat convenience foods, right in the can over the grill.

The two new kinds of spaghetti... Italian-style spaghetti and spaghetti with ground beef... are wonderfully good when heated this way.

A stir or two in the can while heating insures even temperature throughout... and if you and the family are enjoying a cool dip in a nearby pool or stream, the cans can be moved to one side of the glowing coals... they'll hold some of that treasured heat for a time.

Hearty, tasty and a sure-

Lamb Cooking Method Provides Small Roasts

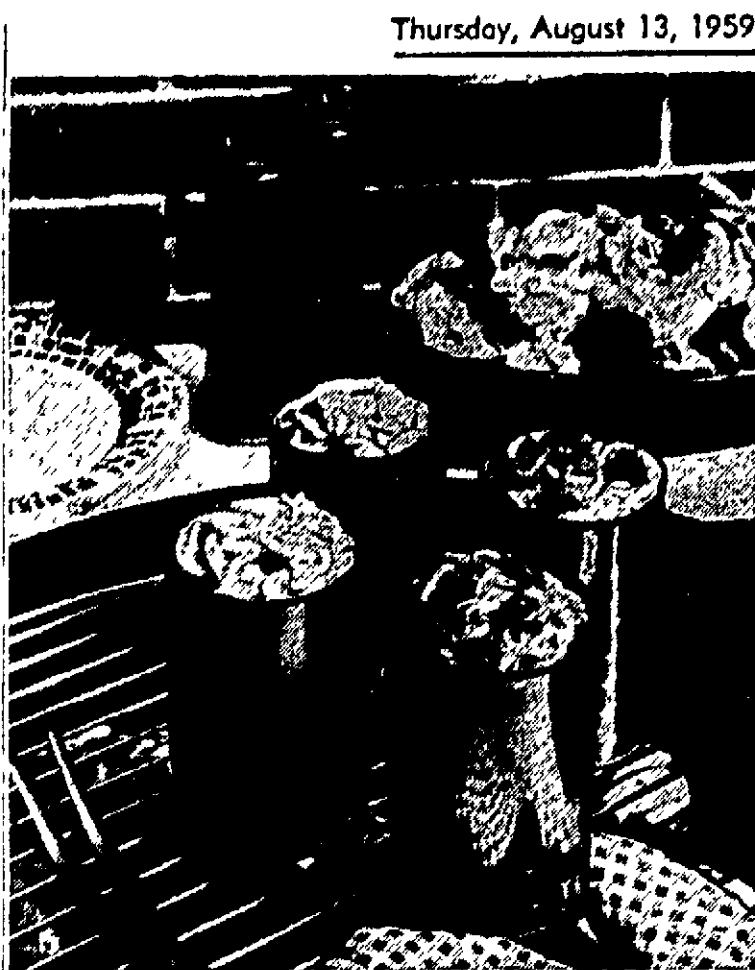

This method of cooking lamb provides delicious small lamb roasts for guests.

Select a split loin of lamb. Have the meat man divide the split loin into about six chops, cutting through the bone but not completely separating the cuts. Rub the meat lightly with a cut clove of garlic, then roast over glowing coals of grill. Turn as frequently as necessary for even cooking and baste with a favorite barbecue sauce. Roasting time is about 40 to 45 minutes.

With a sharp knife divide into chops and allow one for each serving. A half rack of lamb also may be barbecued in this way.

fire outdoor menu hit, will be a crisp salad and long cool drinks of your favorite beverage. Cans of Italian-style spaghetti and spaghetti with ground beef, paper plates and cups, and a disposable container of crisp salad are the basic essentials.

For patio dining, include a few extras... bowls of relishes, lots of colorful fruit, crackers and cheese.

Delicious, Easy-To-Serve canned spaghetti keeps summer kitchen chores to a pleasant minimum. Just heat it right in the can as shown here.

Right Supplies, Proper Packing Make Picnics Fun

Take along plenty of disposable eating utensils. A large paper bag serves for garbage disposal. Paper toweling is handy for draining relishes and for quick clean-up jobs.

Pack hot foods in insulated bags or wrap hot containers in layers of newspaper. Keep beverages hot or cold in thermos jugs. Pack perishables in ice whenever possible or wrap in ice whenever possible or wrap in cold towels and several thicknesses of newspapers.

Carry crisp greens and salad vegetables in plastic bags. Dressings and sauces travel well in lidded paper or plastic containers.

Chilled fruits keep well in a cooler—or wrapped in foil, layers of newspaper, and more foil.

"Do-it-Yourself" sandwiches are fun and easy on mom. Pack the makings separately.

will enroll at Oshkosh are Barbara Pfefferle, daughter of the Richard Pfefferles, 307 E. Lindbergh street; Judi Hammer, daughter of Henry Hammer, 603 S. Locust street; Fay Royan, daughter of the George Royans, 1415 Bartell drive; Karen Schrage, daughter of the E. J. Schrages, 1520 S. Outagamie street; Wayne Smith, son of the William W. Smiths, 717 N. Badger avenue, and Elaine Thalka, daughter of the Elmer Thalkes, 832 W. Fourth street.

Two students will attend each of the other schools. Shirley Abendroth, daughter of the Leonard Abendroths, 2119 N. Mason street, and Ronald Reetz, son of the Ronald Reetz, 615 E. Parkway boulevard, will enroll at Stout State college.

June graduates who have chosen Eau Claire are Nancy Dunsirn, daughter of the Floyd Dunsirns, 624 S. Douglas street, and Karen Grow, daughter of the Norman Grow, 825 N. Linwood avenue.

Stevens Point is the choice of Eric Gelbke, son of the Eric Gelbkes, 639 E. South River street, and Ruth Houfek, daughter of the Raymond Houfeks, 2219 N. Clark street.

Thomas Lemke, son of the E. A. Lemkes, 1353 W. College avenue, and Sandra Reim, daughter of the Clarence Reims, 102 W. Northland avenue, will enroll at LaCrosse.

24 AHS Grads Will Attend State Colleges

16 Will Continue Their Studies at Oshkosh Campus

Wisconsin state colleges continue to be popular with Appleton High school graduates.

This fall 24—almost one-sixth of those who plan to go on to college—will attend schools at Oshkosh, Eau Claire, Stevens Point, LaCrosse and Menomonie.

Oshkosh, the choice of 16 students, leads in popularity. Students who will enroll there include Carol Ellefson, daughter of the Elven Ellefsons, 1754 N. Elinor street; Marianne Frommherz, daughter of the Paul Frommherzes, 930 Bell avenue; Doreen Glaser, whose guardian is Ervin Blazer, 413 W. Prospect avenue, and Carol Gregorius, daughter of the Richard Gregoriuses, 833 E. Eighth street.

Others include Thomas Hueseman, son of the Charles Huesemans, 1543 N. Gillett street; Richard Kaphingst, son of the John Kaphingsts, 120 N. Story street; Karen Knutson, daughter of the Elmer Knutsons, 825 W. Spencer street; Joan Learman, daughter of the Arnold Learmans, 800 N. Mason street; Betty McDonald, daughter of the Norbert McDonalds, 2218 N. Racine street, and Sara McKenzie, daughter of the H. A. McKenzies, 311 S. Locust street.

Ending the list of those who

Post-Crescent Photo

Coffee and Doughnuts, Conversation and discussion highlighted a meeting of 15 city welfare directors and workers in Appleton Wednesday. At the morning session, from left, are Melville J. Flagstad, Appleton host and city welfare director; Mrs. Lil Preisen, Neenah-Menasha delegation member; James Gertz, Kaukauna relief director; and Alfred R. Eggert, Outagamie county welfare director and a guest at the sessions.

Relief Directors Hear About Gang Behavior

Appleton Doctor Discusses Handling Of Medical Matters for Aid Recipients

Teenage gangs and the problems faced by children in relief families were among the subjects discussed by 15 members of the Welfare Directors association from the eastern half of the state who met at the city hall and city home Wednesday.

Discussion stemmed from topics presented by two Apple-

ton men, Bernard Strumbas, case worker with Outagamie county, and Dr. Harold T. Gross, Appleton physician.

Strumbas said children can be understood by understanding what society expects them to do. A child who comes from an underprivileged family is expected to act a certain way, so he does, Strumbas said.

Reflect Community

When boys hang out in gangs on street corners in Madison, they do what passersby ask them to do, he said. If a pedestrian politely asks for a way through, they politely offer him a way. If a pedestrian is surly, the boys are surly, Strumbas declared.

"The community views people in financial difficulty as failures. To these children, the people being criticized are their parents and are as important to them as other parents are to their children."

Too Much Paperwork

Dr. Gross encouraged relief workers to give doctors more time, patience and education concerning the matters of finance.

Treatment of indigent people is no problem, he stated. Welfare clients get the same care as private patients, but payment of bills is the problem for the doctor, he said.

Doctors' complaints are understandable, he said, if directors would consider the amount of paper work necessary to process a claim. Physicians now spend nearly half their time filling out documents, he claimed.

In order to make reports less burdensome, Dr. Gross recommended directors visit physicians personally, pointing out state laws governing assistance and applications for assistance.

Willing to Learn

Physicians are willing to learn and to straighten out matters if they are treated with respect and a reasonable amount of patience, he stated.

Public assistance irritates many physicians who oppose socialized medicine, the doctor declared. He said relief patients too often abuse the privilege of office calls, discouraging doctors' cooperation. He said patients should know their privileges and not abuse them.

The association will meet in Neenah Sept. 9.

It will be interesting to see whether the majority in congress will rise to the occasion. Labor unions, with their political pull and promises of bigger campaign contributions to those who do their bidding, will be able to scare members of the house and senate away from legislation. (Copyright 1959)

Church Raps Un-American Activity Probe

Episcopal Group Claims Individual Rights Threatened

San Francisco — Episcopal church leaders are objecting to a scheduled hearing next month by the House Un-American Activities committee into California schools.

The department of social relations, Episcopal diocese of California, issued a resolution yesterday calling the house group's past procedure "so threatening to the private welfare of countless innocent individuals that the public conscience is and must thereby be outraged."

Bishop Comments

The Right Rev. James A. Pike, Bishop of California, said:

"My deepest objection to all this sort of thing is the lack of confrontation of witnesses by the accused, lack of cross-examination, and the lack of opportunity to adduce rebutting testimony."

The resolution contended teachers called before the committee more often than not would be "deemed guilty simply because they were subpoenaed, whether or not in fact they are guilty of subversive activities."

Resolution Forwarded

The resolution was forwarded to Reps. John F. Shelley (D-Calif.) and William S. Mailhard (R-Calif.).

The Episcopal statement argued the hearings could serve Francis Haines farm, route 1, no legislative purpose because Weyauwega, was struck and California's school systems attacked by lightning about 5:30 a.m., Wednesday. The rest of the herd was unharmed.

WSCS Plans Parcels for Peace Project

Brillion — Baby layettes will be emphasized in the Parcels for Peace packages to be completed in November. It was announced at a meeting of the Woman's Society of Christian Service held at the Brillion Methodist church.

The parcels will be dedicated at the World Community day observance sponsored by the United Church Women of the Calumet county area.

The ladies of the church as well as members of the society will help clean the church and prepare the sanctuary floors for refinishing.

Cow Struck, Killed

Weyauwega — A cow on the Francis Haines farm, route 1, was struck and killed by lightning about 5:30 a.m., Wednesday. The rest of the herd was unharmed.

Lawrence Says Hoffa Abused Powers, Needs Restriction

Decent Labor Union Leaders Should Heed Committee's Findings

BY DAVID LAWRENCE

Washington—Are the American people really aware of the disgraceful conduct of certain labor-union leaders and of the menace which they present today to this country? Will the public be fooled by the claim that a corrective legislation is not needed because there are only a few gangsters and by the propaganda cry that legitimate unionism might be harmed by new laws?

The answers to these ques-

deal with a phase of human rights that is more important than any other problem now before congress. For if public opinion falters after the sensational disclosures by the senate investigating committee headed by Sen. John L. McClellan, Democrat, of Arkansas, then a period of labor anarchy and underworld tyranny may be expected to develop in the coming years.

President Eisenhower has appealed to the nation to back him as he asks that members of congress, irrespective of party, be told by the people that the country wants strong legislation to correct abuses. The type of thing which, unfortunately, the labor unions themselves have been unable to remedy is fully explained by the report of the McClellan committee. In commenting on the affairs of the Teamsters union—the largest in the country—the committee report says in part:

Extraordinary Power

"The power of the Teamsters union president is so extraordinary that the committee finds the fact this power is now lodged in the hands of a man such as Hoffa tragic for the Teamsters union and dangerous for the country at large."

"In fact, the 1958 hearings produced testimony of an even more sordid nature than that of the previous year."

"Ignominy was piled on ignominy as the testimony went through stories of violence, financial manipulations, callous repression of democratic rights and racketeer control."

"This is an ugly situation. The continuing attitude of Hoffa and other teamster leaders that they are above the law can only serve to intensify the apprehensions of decent union members and de-

cent people throughout the country.

"In addition, Hoffa has used union funds for his own benefit and that of his friends."

"Hoffa and his chief aides have consistently repressed democratic rights within the union."

"Hoffa has connived with and maneuvered union insurance to racketeer friends, bringing these friends gigantic profits. While the cost of insurance has risen, the benefits to the members of his union were drastically reduced."

Abused Trust

"In the history of this country it would be hard to find a labor leader who has so shamelessly abused his members or his trust."

"The committee is con-

Third of June AHS Grads Go on to School

39 Attend U of W Madison Campus;
12 Others to be at Menasha Extension

Almost a third of the June Appleton High school graduates who will go on to college this fall will continue their education at the University of Wisconsin or one of its extensions.

A total of 39 students will enroll at the Madison campus, 12 will attend the Menasha extension and three will go to University of Wisconsin, Milwaukee.

Students who will be freshman at UWM are Nancy Bahr, daughter of the Gordon Bahrs, 2506 N. Onelda street; Bettie Blum, daughter of the William Blums, 130 E. Frances street, and Pamela Greuhn, daughter of the Harold Gruehns, 1515 W. Brewster street.

Those who will begin at Menasha include Carole Andersen, daughter of the Walter Andersens, 226 N. Meade street; Alex Bloedorn, son of the Norbert Bloedorns, 319 N. Lawe street; David Brooks, son of the Harold Brooks, 818 E. John street; Timothy

Crowe, son of the Henry Crowes, 1018 W. Lawrence street; Rodney Eckes, son of the Robert Eckeses, 513 N. Sampson street, and Wayne Grishaber, son of the Leo Grishabers, 1435 E. Dewey street.

Extension Students

Others are John Gunderson, son of the Kermit Gundersons, 1718 N. Owaisa street; Maxine Heuer, daughter of the Alfred Heuers, Stroebe's Island; Joy Olson, daughter of the Will A. Olsons, 128 Anton court; Jerry Schmidt, son of the Wilmer Schmidts, 924 E. Winnebago street; Michael Towles, son of the Karl Towleys, 2000 N. McDonald street, and Richard Van Lanens, son of the John Van Lanens, 1701 S. Sanders street.

All graduates who will begin their college careers at Madison include Judy Anderson, daughter of the Don Andersons, 2302 N. Rankin street; Jonathan Baldwin, son of the Karl Baldwins, 707 S. sons, 1048 E. Eldorado street,

State street; Bonnie Barlow, and James Harrass, son of daughter of the F. John Barlow, the Franklin Harrasses, 1806 Iowa, 178 River drive; John E. Glendale avenue.

Others include Kathleen J. Baumgartner, 740 E. Wash-ington street, and 'Patrick'ry Hoeffels, 331 W. Sixth street; Judy Jochman, daughter of Mrs. Hazel Jochman, 1209 N. State street; Jack Kisslinger, son of the G. H. and Mrs. Ralph Rowlands, 1306 Oakcrest 1345 W. Packard street; Michael Sabee, son of the Reinhardt Sabees, 728 S. Summit street; John Scribner, son of the Charles Scribners, 1138 W. Elsie street; Van Schutz, son of the Ralph Schutzes, 2200 N. Drew street, and Martin Semmelhack, son of F. A. Semmelhack, 1701 N. Harri-man street, also will enroll at Madison.

Ending the list of new Wisconsin students are Kenneth Stroker, son of the Arthur Stokers, 38 Sherman place; John Sullivan, son of the H. John Sullivans, 626 E. Harrison street; Dennis Tank, son of the Clarence Tanks, 504 W. Parkway boulevard, and Neil Vander Linden, son of the Clifford Vander Lindens, 314 E. Maple street.

Others who will be freshmen at Wisconsin include Wayne Defferding, son of the Lecy, son of the Ira Lecys, 1503 W. Franklin street; An-Ory Defferdings, 1436 W. Eighth street; Robert Fritz, son of the Robert Fritzes, 524 E. Clarence Greiners, 524 E. Randall street; William Han-son, son of the William Han-son, 1048 E. Eldorado street,

5,000 Miles
In Half Hour;
Mail Delayed

Cape Canaveral, Fla.—A Thor-Able rocket carried two letters 5,000 miles in half an hour last May, but it was 21 months before they were delivered.

This is the story, as disclosed by the air force missile test center:

The Thor-Able hurled its nose cone 15,000 miles an hour to an Atlantic target off Ascension island on May 21. The cone contained letters addressed to Maj. Gen. Donald N. Yates, commander of the test center, and Col. Henry F. Warden, deputy command-er for tests.

A recovery ship plucked the cone from the ocean and brought it to Cape Canaveral. The letters were not found, however, and officials thought they may have burned up in the intense re-entry heat encountered by the cone.

Letters Found

A train carried the cone to Philadelphia for study. Two weeks later technicians there

Thursday, August 13, 1959 Appleton Post-Crescent C14

McClellan Defends Hearing's Secrecy

Washington — Chairman John L. McClellan (D-Ark) said Wednesday there is "nothing abnormal" in his senate racket committee's refusal to admit the press and public to its current investigation of the United Auto Workers union.

He said a public inquiry will be ordered if the preliminary hearings indicate to the committee that one is justified.

McClellan gave that appraisal as the committee summoned Richard T. Gosser, the union's international vice president, for questioning behind closed doors. Gosser's lawyers fired fresh demands that the hearing be in public, with no sign the answer would be "yes."

Walter Reuther, the UAW's president, has denounced the closed session procedure as a smear tactic. He accused the committee's four Republican members of engineering it, alleging that they planned to leak biased accounts of the testimony in an effort to discredit his union.

The undamaged mail was flown back to the test center and placed on the desk of Lt. Col. Thomas W. Morgan, Thor project officer, who sent them in the first place. Morgan was on temporary duty at another station and it was almost two months before he discovered the letters and delivered them to Yates and Warden.

So the mail had traveled several thousand miles to reach the addressees — who were both within 15 miles of the cape when the Thor-Able was fired.

This was the first time an air force missile carried mail and the first time letters traveled intercontinental range distance. Army and navy rockets accomplished the feat previously over much shorter distances.

Mathews Slams 2 Homers As Braves Down Redlegs

Milwaukee Gains Second Place; Rush Hurls Scoreless Ball After Relieving Pizarro in 2nd Inning

By The Associated Press
Milwaukee's Braves may not be the all-conquering champions they were a year ago, but it hasn't been more hits but scattered them the fault of throughout the game and self-third baseman Edie Mathews.

He is hitting .300, an even .300, home runs and has driven in 79 runs. He already has exceeded last year's totals of 31 homers and 77 runs batted in when his average was only .251.

Eddie powered two home runs Wednesday night, each with a man on base, to boost the Braves into second place with a 6-4 victory over Cincinnati. Henry Aaron added a home run, his thirtieth, and a triple and Joe Adcock hit safely in his nineteenth consecutive game.

Scoreless Ball
The Braves also got a fine pitching performance from veteran Bob Rush, who hurled scoreless ball after relieving southpaw Juan Pizarro in the second.

Milwaukee now is three

games behind the league-leading San Francisco Giants. Pizarro allowed five hits and four runs in his brief stay, but Rush permitted the Reds six more hits but scattered them the fault of throughout the game and self-third baseman Edie Mathews.

All of the Braves' runs came off rookie Jim O'Toole, a former University of Wisconsin hurler, who struck out eight and looked good at times.

Moore Makes Pitch To Johansson After Flattening Durelle

Archie Boosts World Knockout Record To 128 by Stopping Yvon in Third

BY MURRAY ROSE

Montreal — Old Archie Moore, still supreme king of the lightweightweights, today made a million-dollar pitch to

Ingemar Johansson for a heavyweight title fight.

Only minutes after he bombed out Canada's Yvon Durelle with a 4-knockdown explosion at 2:52 of the third round Wednesday night, the middle-aged magician of the ring announced the million-dollar bid to Sweden's world heavyweight champion.

Johansson's Cut

"Ingemar and I would make a very, very interesting fight," said Archie. "There are some Canadian and United States people interested in putting on the fight."

His manager, Jack Doc Kearns said the million smackers would be strictly Johansson's cut.

"Our share has not been discussed but it would be plenty," said Kearns. "This fight could draw \$3,000,000."

"I've got two Canadian guys and a Californian all steamed up to put on the fight and they've got plenty of money. No, I can't tell you who they are yet."

Moore said there also was a possibility of a battle with Sugar Ray Robinson, the partially-recognized middleweight boss.

In the 42-year-old camp's two attempts to win the heavyweight crown he was beaten by Rocky Marciano (1955) and Floyd Patterson (1956).

Since then he has won 17 straight.

The 174-pound champion hurt his 173-pound, 29-year-old rival with a left hook in the first round Wednesday night and boxed rings around him. In the second, he let Yvon punch himself out against his blocking forearms, and in the third he went to work in earnest.

A barrage climaxed by a chopping right felled Durelle the first time for 9. Another volley and a right and left to the choppers sent the stricken challenger over the lowest rope strand for 9 again. Another flashing bombardment tipped Yvon to the deck for 7. The inevitable final came when a right knocked the Canadian on his pants. He rolled on his side as Referee Jack Sharkey, the former heavyweight champion, tolled the 10 count.

This boosted Archie's own world knockout record to 128. Moore collected a \$175,000 guarantee. Durelle received \$15,000 plus \$5,000 expenses.

Reno Silver Sox Make Fourth Triple Play of California Loop Season

Reno, Nev. — Their fourth triple play of the season was made Wednesday night by the Reno Silver Sox of the Class C California league in a game with Stockton.

With two base runners going, Clarence Brooker made a circus catch in a deep left field of a ball hit by pinch-batter Frank Zupo. Brooker rifled the ball to second baseman Irv Knowles, who tossed to first sacker Norval Rasmussen and both runners were out.

The triple play ended Stockton's ninth inning bid to tie the game and the Silver Sox won, 13-11.

NOTES and NOTIONS

The odds were and probably still are against small-college star Dave Smith's making the Packers' final roster of 35. But, Dave, who both frustrated and thrilled us in three years of play at Ripon college, showed last Saturday that he means to give his first—and probably only—pro chance a king-sized try. Like another unsung rookie, Tim Brown, Smith showed to advantage in the intrasquad game. Smith not only showed a lot of speed and niftiness in his ball-carrying assignments but caught three passes as well.

Lombardi, whom Lawrence Coach Bernie Heseltun describes as the best player the Midwest conference has turned out in a number of years, survived the first big cut Monday. But, Smith has terrific competition from a host of other running backs, most of whom have the edge on him in either experience or versatility.

What does Coach Vince Lombardi say about it? Not much, except a laconic "Smith has a chance" to make the squad. The reply was typical of Lombardi's cautious answers at an informal press conference at the Bays' training base Sunday. In the same vein, Vince said, "We'll know in six weeks who our No. 1 quarterback will be" and "I don't know who our regular offensive ends will be." Lombardi not only is intent upon giving everybody a shot at a particular berth but he doesn't want anyone enjoying the luxury of complacency over having clinched a regular job. The new leader also indicated that he has no preconceived notion as to the ratio of veterans and newcomers in the make-up of his final 35. "The best players will make it," he says simply.

Won't Hesitate to Pick Up Available QB

We wanted to know if Lombardi would pick up a quarterback—say from the Giants—if the release happened just before the season opened it would be pretty late to learn the Packer system. "Certainly," said the coach, "if he is the kind who could help us." With that, he reiterated his philosophy of looking at the rebuilding job as a gradual process rather than a 1-year patch-up proposition.

Unless I miss my guess, the Giants—who seem thickest in good quarterbacks this year—are going to have to shed one before the season. Of the five candidates, they almost certainly won't cut George Shaw, acquired at a steep price; "Chuck" Conerly, who has been "Mr. Clutch" for so long, they can hardly afford to drop him; and Frank Gifford, who, of course, is a back of many talents. That would leave either Don Heinrich or rookie Lee Grosscup as the probable "extra."

Though Lombardi appeared generally pleased with the squad's first public showing, he handed out few individual bouquets. He called Dave Hanner "quite a player" and said he was surprised at the way "Hawg" moves around for a 260-pounder. Vince also felt Alton Romine handled himself well at his new end position. He said young Bill Butler has the speed and savvy to make a good defensive back but wishes the 5-10 Berlin, Wis., product were about 2 inches taller.

George Halas, a notoriously far-ranging sideline pacer, may meet his match this year in Lombardi. Saturday night, the pair may bump heads, literally, since both benches will be on the same side of the field at Milwaukee County stadium.

I don't believe anyone has a serious doubt left about Lombardi's intention (or ability) to run the show with a firm hand. Here's another sample. He reportedly fined a player \$50 for returning to the dormitory six minutes late the other night.

Menasha's Ron Dibelius has come back to the Foxes a better ball player after a year of Class C ball (at Missoula). In his first four 1959 games here, Ron was more poised, had a better batting eye and looked like an improved hitter. There's no way of knowing how far up the baseball ladder he will climb, but the hard-working young man is definitely headed in the right direction.

Gary Peters, who appeared at Goodland field in 1958 with the now defunct Davenport Dav-Sox, could be in the Chicago White Sox box scores before too long. The 22-year-old portside, who had a 12-8 record in the 3-I league, recently hurled a no-hitter for Indianapolis in the American association. The gem was Peters' tenth win of the current season.

John Koprowski and Ron Brault, key figures on Two Rivers' powerful basketball team of several years ago, will transfer to St. Norbert college this fall. Koprowski was at Marquette for two years and Brault at Colorado for one.

"Fritz" Ackley who did so well for Hayward in the state semi-pro tourney at Milwaukee last weekend, is the same pitcher who worked for Lincoln in the 3-I league earlier in the season. He lost a 1-0 duel to the Foxes' Dick Griffith in the opener.

Ernie Banks Hits 34th Homer as Cubs Whip LA

Dodgers Fall to 3rd; Pirates' Haddix Stops Philadelphia

By The Associated Press
Chicago's Cubs Wednesday dropped Los Angeles into third place, half a game behind the Braves and 3½ behind the San Francisco Giants, by thrashing the Dodgers, 11-8.

Pittsburgh whalloped Philadelphia, 6-2.

The Cubs routed Don Drysdale with a 5-run outburst in the first inning, highlighted by Ernie Banks' thirty-fourth home run and Sammy Taylor's ninth. Alvin Dark and Irv Noren also chipped in with 4-baggers for the Cubs in the 28-hit slugfest.

4th Straight Win
Bob Anderson, who needed help from Bill Henry in the eighth, registered his fourth straight victory over the Dodgers this season and boosted his season mark to 8-8.

Roberto Clemente had a single, double and triple, his 3-bagger coming with the bases loaded in a 4-run seventh that enabled the Pirates to break a 2-2 tie with the Phils. Harvey Haddix outpitched Robin Roberts.

Unusual Ruling Makes Bluejay Tilt 'No Contest'

An unorthodox ruling has chipped away a Green Bay defeat and a Topoka victory in Three-I league baseball.

Topoka's 7-6 victory over Green Bay Monday night has been wiped off the books because the Reds used an illegal player. Rather than awarding a forfeit victory to Green Bay—as happens in most cases of ineligible players in athletics—League president Hal Totten declared it "no contest." The teams are not scheduled to meet again—thus there was no chance for a replay.

Pinch-batter Miles McWilliams, who had not gone on the roster until that game, was the player in question. Topoka thought the 18-player limit was only in effect until the final 30 days of the season. Actually league rosters cannot be increased until the final 20 days.

All individual performances from the contest will count in the league records, according to Totten.

Wightman Cup Meet Saturday and Sunday At Pennsylvania Club

Pittsburgh — Despite a late start in practice, Janet Hopps of the U.S. Wightman cup team believes her squad will be in top shape for the weekend tournament against the British tennis stars.

"Our girls will reach a peak by the end of the week," Miss Hopps said.

The tournament will be played Saturday and Sunday at the Edgeworth club in nearby Sewickley, Pa. The American team began practicing Tuesday.

Archie Moore has Yvon Durelle on the verge of his third knockdown of the third round as he gets in a vicious left. The punch bounced the challenger into the ropes. Moore knocked the Canadian out in the same round to retain his lightweight title. (The hand in the second photo belongs to Referee Jack Sharkey).

Barry Mackay Trims Waukesha's Posthost
Quantico, Va. — Robert Posthost of Waukesha, Wis., representing the Army, was defeated in a quarter-finals match in the Interservice Tennis tournament Wednesday by Davis cupper Barry Mackay, 6-1. 6-4. Mackay plays for the Air Force.

Earl Furlow Hurls 4-Hitter but Falls To Burlington, 2-1

Fans 10 in Losing Effort; Bees Score Winning Run in Ninth

Burlington, Iowa — Burlington's Bennie Sinquefield walked and took second on a passed ball. Furlow walked, out, 2-on single in the ninth inning Wednesday night to hand Fox Cities' Earl Furlow a tough 2-1 loss.

Furlow allowed only four hits and walked three, while striking out 10, in his duel with Don Prince. The Foxes collected seven hits and seven walks off Prince, but left 12 runners stranded.

The Foxes, now back to the .500 mark for second-round action, play their 1959 finale in this city tonight. The Foxes have an open date Friday before resuming activity at Goodland field Saturday night.

Foxes Tie It
Fond du Lac's Dave Wondra opened the Sox' ninth with a walk. Third baseman Hernan Vila fumbled Horace Ingram's bunt, putting two men on. Trying to sacrifice, Spencer Scott forced Wondra, Jim Johnston to Vila. Left-handed hitting Davis reached out and singled to left field, scoring the winning run. Burlington opened the scoring on Ingram's ninth home run of the season in the second inning.

The Foxes tied it in the sev-

Issue AHS Grid Uniforms Next Week

Appleton High school football uniforms will be issued this week, according to Head Coach Ade Dillon. Monday and Tuesday (from 9 to 11 a.m.) equipment will be issued to seniors and juniors. The sophomores are to receive theirs Wednesday and Thursday (also from 9 to 11 a.m.).

Grid practice will begin Monday, Aug. 31. Wisconsin Interscholastic Athletic association (WIAA) cards must be completed and returned by each candidate before he may draw equipment. The cards are available at the AHS office.

The Terrors are scheduled to open the season Friday night, Sept. 18, at Menasha.

Ewbank Says All-Stars Are Being Underrated

Baltimore — The Baltimore Colts fly to Chicago today with Coach Weeb Ewbank claiming, not unexpectedly, that the College All-Stars his team plays Friday night are underrated. "That's way out of line," Ewbank said when informed the Colts were favored by 16 points. "We'll be lucky to win."

While Lombardi is starting an experienced team, he plans to make liberal use of

Staley's Relief Helps Maintain Lead Over Runnerup Indians; Cleveland Beats A's, 9-5

By The Associated Press

At the start of the year the Chicago White Sox were given an outside chance at the pennant because of only one thing—their strong pitching staff.

Today the first-place White Sox are a solid favorite to represent the American league in the World Series—despite their pitching.

Pierce is 12-12

Only Early Wynn of the highly touted Big Five—Billy Pierce, Dick Donovan, Ray Moore, Barry Latman and Wynn—has been pitching as advertised. He has a 15-7 record.

Pierce is 12-12. Donovan, plagued by arm miseries is 7-5 and hasn't pitched since July 21. Moore is 2-6 and Latman 5-4.

What's keeping them up there, then? The answer lies in their speed, their defense, their ability to win the close games—and their bullpen aces Gerry Staley and "Turk" Lown.

Staley and Lown figured prominently in Wednesday's 11-6 triumph over Detroit which kept the Sox 2½ games ahead of Cleveland, a 9-5 winner over Kansas City. Boston defeated Baltimore, 5-4, and Washington nipped New York, 3-2.

Latman Starts

Latman started for the White Sox but left under fire in the fourth when Detroit scored four times to overcome a 3-0 Chicago lead. Staley halted the Tigers and picked up his fifth relief victory when the White Sox scored eight runs in the fifth and sixth on only three hits. Sherm Lollar's 3-run homer was the big blow. Lown pitched the last three innings.

Lollar's blow broke a 4-4 tie in the fifth. It was his first RBI since July 25, breaking a string of 42 times at bat in which he failed to drive in a run.

The Sox, who got eight bases on balls and a hit batsman, toiled without three regulars. Luis Aparicio still is nursing a pulled muscle in his left leg; Al Smith has a bruised left elbow and Jim McAnany was benched because of a batting slump.

Staley now has won three games without a loss since the All Star game and in 25 innings has yielded only two earned runs.

Goes Route

Gar Bell, who went the route for Cleveland with a 3-hitter for his thirteenth triumph. The Indians whacked five Kansas City pitchers for 15 hits, including home runs by "Minnie" Minoso, Jim Baxes and Russ Nixon.

The Senators, who had won only one of their last 23 games, snapped the Yankees' 6-game winning streak although they made only four hits. One of them was a home run by pinch hitter Julio Becquer. It came with two on in the eighth to overcome a 2-0 Yankee lead.

Ryne Duren, in relief of Art Dillmar, threw the home run and Jerry Sheehan produced the runs.

MacK Jones' sacrifice fly brought in the winning run in the last inning as Cedar Rapids edged Bill Hunter of Green Bay.

Demons, Soos Post Victories

Cedar Rapids Nips Green Bay, 2-1, On Run in 9th

By The Associated Press

It was either feast or famine in the Three-I league Wednesday night.

League-leading Des Moines and Sioux City used the big inning to win, the Demons whipping Topeka, 13-3, and the Soos staying in second place by shading Lincoln, 7-6.

Meanwhile, in two well-pitched games, Burlington topped Fox Cities with a run in the ninth, 2-1, and Cedar Rapids followed the same script to down Green Bay by the same score.

5-Hitter

Des Moines' John Anderson coasted home with a 5-hitter after the Demons got him six runs in the second inning and five more in the third. Bill McGuckin drove home four runs.

Sioux City's big outbreak was a 6-run volley in the seventh. Four walks, a hit batsman, an error and singles by Tony Cannizzo, Norm Shill and Jerry Sheehan produced the runs.

MacK Jones' sacrifice fly brought in the winning run in the last inning as Cedar Rapids edged Bill Hunter of Green Bay.

Calls TV No. 1 Threat

Trautman Takes Watch-and-Wait Attitude Toward 3rd Major Loop

BY FRITZ HOWELL

Columbus, Ohio—George M. Trautman, president of the National Association of Professional Baseball Leagues, takes a watch-and-wait attitude toward what could be one of the worst threats to his minor league empire—a third major league. He is not entirely convinced a third major league is on our doorstep.

Aiming for 1961

"I will await with interest the results of the meeting between the Continental league and the major leagues Aug. 18," he says. The Continental league certainly has named some very fine minor league cities. I hope this will be resolved one way or the other so we can get back to playing baseball in our towns."

The Continental league is aiming to start play in 1961 as a major league with New York, Denver, Houston, Minneapolis, St. Paul, and Toronto, and at least three more cities to be named. All but New York are now strong minor league cities. To lose them would hurt the already wobbling minor league structure.

Trautman's No. 1 worry is what is happening to his once robust minor league empire. He took over as minor league chief in 1948. There were 42 leagues that year.

Three years later there were 59. Now there are 21.

In those 10 years, attendance has dropped from 42 million to 13 million.

"We can't drop below the current 21 leagues without causing serious damage to the entire baseball structure," Trautman says. "I hope we have turned the corner. If we haven't, it looks bad for any third major league."

Trautman says big league telecasts are the No. 1 threat faced by the minors, but also said extensive air-conditioning in the south, an upsurge in boating, basement workshops, suburban living and backyard barbecues had played a big part in keeping customers from the ball parks.

"We can't destroy television, and we don't want it to destroy us. We are trying to find a way to live with it," Trautman said.

"I have been asked if a major league subsidization to the minor league structure is the answer. My answer is that increased attendance must accrue by paid customers going through the turnstiles, and if that does not occur then we will need subsidies from other sources to finance the cost of the operation."

Hutchinson, Temple Now Pick Giants

Cite 'Surprisingly Good Pitching', Lack of Relief

Cincinnati—Some of the Cincinnati Redlegs have shifted allegiance.

They now think the San Francisco Giants and not the Milwaukee Braves will win the National league pennant.

Johnny Temple, the Reds' star second baseman who previously said he thought the Braves would win with ease, is one of the players who now believes the Giants will win.

"I've got to go with San Francisco now," Temple said despite the fact that the Braves made it two out of three over the Reds with a 6-4 victory Wednesday night.

Speed, Power

"The Giants have speed and power up and down that lineup. What's more they're getting surprisingly good pitching. That's a pretty tough combination to beat."

Manager Fred Hutchinson went along with Temple.

"They throw four guys at you," he said, "and you've got a handful."

He was referring to the Giants' four starters—Sam Jones, Johnny Antonelli, Jack Sanford and Mike McCormick.

"There's only one place where they're in trouble," Hutchinson said. "They don't have a stopper—that one guy who can big strikeout. But the way their starters have been going, they may not need it."

Some of the Cincinnati Redlegs have shifted allegiance.

Rush Lowers His ERA Mark to 1.98

Cincinnati—Bob Rush looked at his 1.98 earned run average after he had beaten the Cincinnati Reds, 6-4, Wednesday night and concluded that relief work was all right.

"I had my doubts when I was assigned to this job," the big hurler said. "No I don't mind working in the bullpen, just as long as it helps the club."

Good Words

Rush who came to the Braves from the Cubs last year and was a starting hurler last year had a 10-6 record for Milwaukee and an earned run average of 3.43. This year he has a 5-3 record and his earned run average attests to his value to the club. He didn't allow a run in his stint of nearly eight innings Wednesday night.

Manager Fred Hasey had nothing but good words to say about Rush after the game.

"Rush's control is such that he can come in and get us out of a jam," Hasey said. "A guy like Juan Pizarro, for instance, can't do it. I want to see youngsters like Pizarro and Carlton Wiley and Joey Jay progress as starters. So Rush was picked for the bullpen—and he has responded splendidly."

Youth Reigns at U.S. Rifle Tournament

Camp Perry, Ohio—A blonde beauty of 18 from Michigan and a 22-year-old Marine sergeant are the new national small-bore rifle champions—and they are the youngest pair ever to wear those crowns.

In the wind-up Tuesday of the 4-day competition in which 640 rounds were fired, Sgt. Walter Kamala, 22, of West Los Angeles, Calif., topped a field of 650 with 6,383 out of a possible 6,400. Miss Lenore Jensen, a model and college student from Allen Park, Mich., shot 6,373 to cop the women's title.

John Hurley Edges 'Syl' Bayer, 2 and 1

Bowers, Elmer Abel, Duszak Also Gain 'Quarters' of City Tourney

The defeat of 2-time (1956, 1957) champion "Syl" Bayer leaves Don Strutz as the only former titlist remaining in the running for the 1959 Appleton city tournament golf crown.

John Hurley scored a 2 and 1 second-round upset over Tordero, 8-6, in the first round, led John Hurley, 1 up, after nine. Bayer shot 35-1 in the thirteenth annual tournament at the Reid Municipal course.

Others, besides John Hurley, who have just gained the quarter-finals are Howard Bowers, Elmer Abel and Bob Duszak.

Strutz (1947 city champ), Joe Kneice and John Lindberg had already gained the round-of-8 previously. The John De Young-Bob Ferrel match will produce the eighth and last quarter-finalist.

Bayer, who had beaten Bill Tordero, 8-6, in the first round, led John Hurley, 1 up, after nine. Bayer shot 35-1 in the thirteenth annual tournament at the Reid Municipal course.

John Hurley, who still trailed by one after 14, unleashed his decisive rally in the stretch. He evened it by paring No. 15 and won both 16 and 17 with birdies to end it. Hurley was "1 under" for the eight holes played on the back nine.

Howard Bowers decided on Bill Gmeiner, 2 up. They were even after nine. In his winning rally, Bowers was one under par for the seven holes played after the turn.

Abel nipped Owen Hurley, 1 up; and Duszak scored a 2 and 1 win over Art Nielsen.

Finals in all four tournaments will be played Aug. 30. Results in other flights follow:

"A" FLIGHT (First Round)
"Nibs" De Young beat Gene Szabik, 2 and 2.
(Quarter-Finals)
"A" P. Rock beat Jim Schmidt, 2 and 2.

"B" FLIGHT (Quarter-Finals)
Jim DeBuche beat Walt Ohde, 2-1.
Gene Frann beat Orv Strutz, 2-1.

"C" FLIGHT (Quarter-Finals)
Grant Mader beat John Young, 3-2.
Dave Schuetter beat Leroy Christensen.
Mark Van Ryzin beat Gerald Cops, 19 holes.

"D" FLIGHT (Quarter-Finals)
John Davis beat Hank DeRoche, 4-3.
Gene Kohl beat Clark Williamson, 2 up.
Rosa Novacka beat Jack Lloyd, 3-2.

JUNIOR "A" FLIGHT (Semi-Finals)
Zion 10, St. Mary 5, 5.
(Quarter-Finals)
Ralph Whitehead beat Bob Christjohn, 31-.

Tuesday Night's Results:
Valley Iron 11, Kurz Root 10.
AAL 9, Appleton Machine 2.
Riverside 12, Police 9.
Krambo 11, Power Company 9.

Riverside Paper defeated the Police, 12-9, in the National Industrial Softball league Tuesday evening to move within a game of the league-leading losers.

Pete Yeager tossed a 9-hitter to pick up the win but loser Vernal Remter allowed two less hits. Carl Thiel had three safeties for the lawmen.

Kurz Root missed a chance of moving into a first place by losing to Valley Iron, 11-10. "Shelly" Zoelk of the victors smashed a grand slam home run in the seventh inning to win the game.

AAL gained a second place tie with a 9-2 triumph over Appleton Machine. Winner Thomas Hanks hurled a 7-hitter.

Krambo powered to an 11-9 win over the Power company. Dave Bruggeman had four hits for Krambo.

Trinity Jars 1st English

Moves Closer To Lead in Church Softball Wheel

Trinity moved to within a half game of front-running Sacred Heart in the Church Softball league Tuesday night. Trinity bounced First English, 17-5, while St. Mary scored a 13-12 upset of Sacred Heart.

Trinity had 13 hits to the losers' three with Jack Rademacher doing the winners' pitching. Bob Stevenson slapped three hits for Trinity.

St. Mary rallied for three runs in the seventh. Sacred Heart outlived its foe, 12-9.

Zion stopped All Saints, 19-5. John Gurholt twirled a 5-hitter for the victory.

Mo-Ski-Tow Outing Slated for Sunday

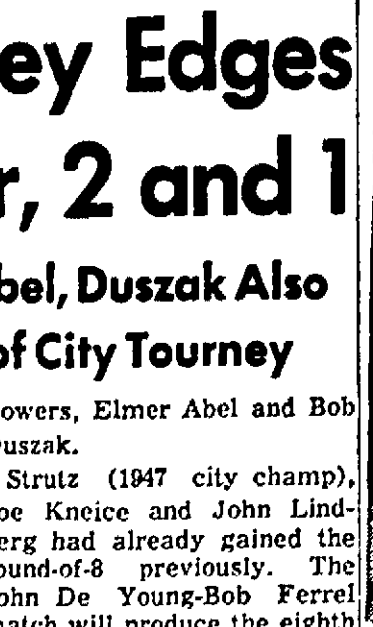

The fourth annual water skiing outing and picnic of Mo-Ski-Tow Hill Ski club will be held Sunday at the Bear Lake resort, 10 miles west of New London on Highway 54. The event is open to members, their families, guests and those interested in skiing.

John Costello and Kurt Schoenrock, both of New London, are in charge of boats. Square dancing and roller skating will be held in the evening.

Heinie Staedt, secretary. All team captains are expected to attend.

Tavern Bowling Loop Will Organize Friday

The Tavern bowling league will hold its organizational meeting at 8 p. m. Friday at Hahn's alleys, according to

Archie Moore acknowledges the crowd's acclaim after retaining his world light-heavyweight crown with a third-round KO of Yvon Durelle in Montreal Wednesday night.

Jim McDonald Opens BDM Title Defense

27 to Compete In Top Flight Of Club Tourney

Play begins Saturday in the championship flight and four of the other five flights of the 1959 Butte des Morts Golf club championship tournament.

Twenty-seven golfers are in the 2-bracket championship event. These include 1958 winner Jim McDonald.

Thirty are in the 2-bracket President's flight, 13 in the vice president's flight, 14 in the directors' flight, 13 in the secretary's flight, and 8 in the treasurer's flight.

This year, for the first time, dates have been established for play in each round. First round matches must be played Saturday, quarter-final matches Sunday, semi-final matches Aug. 29 and the finals Aug. 30.

Tea-off times Saturday:

Championship Flight:
10:00—Jim McDonald vs. J. Martin
10:30—R. Forster vs. T. Sherry
10:45—M. Cochrane vs. L. Ferrel
10:55—R. Martin vs. D. Steinberg
11:05—C. Lieber vs. G. Wohlfert
11:15—J. Hayes vs. S. Jacobson

John Hurley Edges 'Syl' Bayer, 2 and 1

Bowers, Elmer Abel, Duszak Also Gain 'Quarters' of City Tourney

The defeat of 2-time (1956, 1957) champion "Syl" Bayer leaves Don Strutz as the only former titlist remaining in the running for the 1959 Appleton city tournament golf crown.

John Hurley scored a 2

Horror Films Frighten Girls, Make Guys Laugh, Youth Survey Reveals

BY EUGENE GILBERT

"The Blob." "It." "The Fly." "The Thing." "It Came From Outer Space." "It Came From Under the Sea." Whatever it is and wherever it came from, teenagers by the thousands will be sure to see it in all its grisly details.

Horror movies, with their strangehold on the teenaged box office, have become Hollywood's biggest bread and butter item since the heyday of the Grade B horse opera.

Why are teenagers so fascinated with things ghastly and ghoully? When the answers came in from across the country we were surprised and somewhat comforted to learn that very few youngsters are what you might call horror addicts.

Only 8 per cent of the boys and 1 per cent of the girls felt a compulsion to see horror films as often as the opportunity presented itself.

For Laughs, Thrills But a whopping 71 per cent of the boys and 64 per cent of the girls went "every now and then."

"Because they make me laugh," answered 16-year-old Paul Fink of Hoosick Falls, N.Y.

"Because I get frightened when I see them," answered 16-year-old Pete Polo of Valley Stream, N.Y.

The survey showed that 53 per cent of the boys and 31 per cent of the girls attended horror movies primarily for laughs.

And an almost opposite percentage, 43 per cent of the girls and 35 per cent of the boys, went to be scared.

Some Bond Lesser percentages of both boys and girls were either thrilled (3 per cent), sickened (4 per cent) or just plain bored (9 per cent) by the grisly celluloid antics. Despite movie makers claims to the contrary, less than 1 per cent of the teenagers interviewed said they went to horror films to increase their interest in science.

Science, however, played a part in the teenage conception of what constituted a good horror movie. Slightly more than 40 per cent of both boys and girls said that horror movies are best when the plot is "within the realm of future scientific development."

But an even larger group, 45 per cent, was willing to settle for a story that was "somewhat believable." Less than 3 per cent liked their horror films "totally believable" or "wild beyond all belief" or "grim and ghoully as possible." The norm seemed to be dimly possible if highly improbable.

Dracula's Favorite Who is their favorite horror pinup?

Dracula, by a wide margin, with 54 per cent of the girls and 48 per cent of the boys, naming him their dream spook.

Next on the horror horizon came Wolf Man (36 per cent) and Frankenstein (34 per cent), followed very distantly by "The Thing" (3 per cent) and actor Boris Karloff (1 per cent).

Crowley's Death Resulted From Liquor, Sedatives

New Haven, Conn. — Joseph P. Crowley's death was accidental, the result of a combination of liquor and sedatives, a coroner says.

Crowley, a businessman and former Yale football star, was recently acquitted of manslaughter charges by a Tokyo court in the death of his brother-in-law and business associate, T. A. D. Jones, Jr., 45. Crowley died Sunday, his 50th birthday, when he was alone at home. His wife and three children were at their summer home, in nearby Madison.

County Coroner James J. Corrigan said Tuesday examination showed Crowley had taken about seven sleeping pills, and he estimated from the amount of alcohol in the blood that Crowley might have taken eight or ten drinks.

Corrigan said that while the combination of liquor and barbiturates was dangerous, he was surprised that it proved fatal.

"But it was perfectly possible," he added, "because of fatigue, tension and other factors Crowley's system was not as tolerant as it normally would have been."

Chief Librarian to Attend Workshop on Adult Education

Miss Edith Recheygl, chief librarian at the Appleton public library, will attend an adult education institute Aug. 17 to 21 at Deerpark lodge, Manitowish Waters.

The institute has been scheduled for librarians and board members and will feature talks on various aspects of library activities.

per cent), apparently regarded with a 27 per cent to less of role. (tal vote, followed by "House Count Dracula's dreamy of Wax" (11 per cent), "The appeal to the fair sex, with Thing" (5 per cent) and girls again outvoting the boys "House on Haunted Hill" (2 43 per cent to 39 per cent, in per cent).

Only 6 per cent of the teenagers interviewed said they choice for the scariest story had ever had a nightmare ever presented in a horror film.

"Return of Frankenstein" Girls overwhelmingly (63 per cent) preferred to see a horror movie with a boy rather than someone of their own sex, while boys by a 59 per cent vote preferred to attend with other boys.

Among the minority of boys who preferred to take a date to a horror show was Robert Greig of Augusta, Maine. And he had reasons. "Some- annual rush to climb Europe's times," he explained, "they most challenging mountains get scared."

Makes Her Hungry Vampires, ghouls, man-eat- ing bats and graveyard apparitions hold no fears for 17- year-old Linda Whycoff of the Boston. "Afterwards," she blackest mountain climbing confessed, "I'm always terri- season ever recorded, in 1957. bly hungry."

Only 12 per cent of the teenagers interviewed said their parents objected to their climbing have died in moun- tain-attending horror shows and taineering accidents in the only 1 per cent heard any, Austrian Alps, 33 in Italy, 27 comments of any kind from in Switzerland, 15 in Germa- their teachers.

Only 3 per cent of the teenagers who regularly attended the of the victims are ama- horror films also professed to teurs with little experience in be regular readers of horror the mountains. Many were magazines, but a whopping 85 without proper equipment and per cent said they enjoyed were not accompanied by pro- ghost stories in summer fessional guides.

Some Bond Lesser percentages of both boys and girls were either thrilled (3 per cent), sickened (4 per cent) or just plain bored (9 per cent) by the grisly celluloid antics. Registered Blind Man Drives 'Cycle For Over 6 Months

Scarborough, England.—Desmond Armstrong rode his motorcycle around the busy streets of Scarborough for six months before he hit a tree. It was only then that police discovered he was registered, laundry worker, was sentenced

officially as a blind man. After the accident, the police as a test asked Armstrong to read an automobile license plate at 25 yards, the standard eyesight test for a driving license.

He not only could not read the plate, he hardly could see months before he hit a tree. It was only then that police discovered he was registered, laundry worker, was sentenced

ed to three months in jail for making a false statement to obtain his driving license. Police testified he filled in a form indicating his eyesight was normal—although to be registered as blind a person can have only one-twentieth normal vision.

Three Negroes Sentenced to Electric Chair

Georgia Jury Finds Young Men Guilty Of Multiple Rape

La Grange, Ga.—Three Negro men have been sentenced to die in the electric chair for the multiple rape of two young white women during a night of terror near this west Georgia city.

An all-male jury, including one Negro, convicted the Negroes Tuesday night after deliberating nearly five hours.

The jury did not recommend mercy and Superior Court Judge Samuel J. Boykin sentenced the three to be electrocuted at the Reidsville state prison Oct. 2.

Tense Scene The verdict was read in a tense courtroom closely guarded by state patrolmen and Georgia Bureau of Investigation agents. The first three rows were cleared and spectators warned against any outbursts.

The three young defendants, George Alford, Jr., 18, of Dayton, Ohio; Clifford Johnson, 22, and Brannon Epps, 24, both of La Grange, accepted the sentence with the same stoical expressions they had maintained throughout the 2-day trial.

They had nothing to say

when the judge offered them to the state prison. There was no immediate in- fore passing sentence. He or- dication whether the three dered them held in a safe court - appointed defense at- place until they were taken, torneys planned an appeal.

City Street Department employees this week are installing guard rails under the E. Wisconsin avenue railroad viaduct. The work was ordered after residents complained their children might be injured while walking through the underpass. The work will cost slightly more than the estimated \$2,500 because it is necessary to install sidewalk on the north side because of placement of abutments.

House Shaken by Labor Reform Fight

Three Bills Result in Flagrant Lobbying, Tangle Between Forces

BY JOSEPH ALSOP

Washington — The labor reform fight has produced the worst legislative tangle, the most flagrant lobbying, and the greatest output of heat without light in the recent history of the house of representatives. Yet it is worth trying to thread one's way through the tangle.

Three different bills are involved, to begin with. Least severe is the bill sponsored by Rep. John F. Shelley, Democrat, of California. It mainly calls for disclosure of union financial transactions. It has been called the "milk and water" bill. But it is actually roughly comparable to the quite significant labor reform bill passed in New York state by Gov. Nelson Rockefeller.

Second, there is the bill sponsored by Rep. Carl Elliott, Democrat, of Alabama, which was favorably reported by a majority of the House Committee on Education and Labor. Besides strong requirements for disclosure, the Elliott bill regulates secondary boycotts and other dubious labor practices. It is roughly comparable to the bill that passed the senate.

Other Bills
Third there is the bill sponsored by Representatives Robert P. Griffin, Republican, Mich., and Phil M. Landrum, Democrat, Ga. The Griffin-Landrum bill goes much further than the Elliott bill in its restrictions on secondary boycotts, picketing, and so on. In view of its origin, this might better be called the bill of the U. S. Chamber of Commerce and the National Association of Manufacturers. It has also won President Eisenhower's public endorsement.

Among the labor leaders, James R. Hoffa of the Teamsters and old John L. Lewis of the United Mine Workers are opposed to all labor reform legislation, no matter what. Even the Shelley bill would handicap Hoffa's lobbyist, John Seazi, has flatly said that "labor" cannot live with the middle-of-the-road Elliott bill.

The Shelley bill is supported by labor leaders who have acknowledged the need for reform. Like George Meany of the A. F. L.-C. I. O. It is in fact their bill, not Hoffa's, and they are its only backers, and Meany and the others like him are actively opposing the Elliott bill, saying it is anti-labor. As for the Griffin-Landrum bill, it arouses the same labor emotions as the right-to-work issue—which did not conspicuously aid the Republicans in the last Congressional elections.

Has Support
Despite labor's opposition to it, the middle-of-the-road Elliott bill has the support of Speaker of the House Sam Rayburn, all the House's moderate Democrats, and the 15 Republican members who care about the labor vote in their districts. This group in the center is being badly squeezed, however, between the union-controlled left wing Democrats and right wing members.

The real leader of the fight for the Griffin-Landrum bill is the new house Republican leader, Charles Halleck of Indiana. In discussing labor legislation, Halleck has said, reportedly, that he "wants a killer, or no bill at all."

To complete the tangle, the burning issue of civil rights is indirectly but importantly involved. The conservative

Expect No Disturbance As Khrushchev Visits

State Department Cites Long Tradition Of Courteous Treatment to Visitors

Washington — The state department's security chief, John W. Hanes, Jr., said Tuesday he does not see security as a major problem in the visit of Soviet Premier Nikita S. Khrushchev.

The long tradition of Americans toward foreign visitors is one of courtesy, not of mistreatment, he commented. The presumption, when an invitation is issued to a foreign dignitary is that the visitor will be safe, he said. Hanes' office has the main responsibility for safeguard-

ing his 2-week stay in this country. After coming to Washington Sept. 15, Khrushchev is expected to travel over a wide area of the country.

Administration officials from President Eisenhower down have emphasized their wishes for courtesy toward the Soviet chief, regardless of dislike Americans may hold for Kremlin policies. There are many reasons in support of the government's

public appeals. Only one of these is the added safety for Khrushchev to be gained from a general climate of restraint, officials say.

Main Goal
A prime goal in inviting Khrushchev is to impress him with this country. An unpleasant incident or incidents could undercut the whole purpose of the trip.

Eisenhower is scheduled to pay a return visit to the Soviet Union this fall. If Khrushchev meets hostile demonstrations here, the reds could arrange similar actions against Eisenhower.

From the standpoint of U. S. prestige abroad, Washington officials figure America should suffer the black eye should its citizens maltreat the top-ranking Moscow visitor.

Wittenberg Seeks Clear Title in Northern Division

Wittenberg—The final game of the northern division BABA will be played at the athletic field at 2:15 p.m. Sunday.

The local team will be shooting for a clear league title when it plays Mattoon. In other games around the division, Hatley plays Eau Claire and Elderon plays Eau Claire Dells.

The Dells beat Wittenberg, Eland topped Elderon and Hatley won a forfeit over Mattoon last Sunday.

Visitors at Dale

Dale — Mr. and Mrs. Bruce Grossman and sons of Clarinda, Iowa, and James Master-son and Jon Grossman, Dallas, Texas, are guests of Mrs. W. W. Grossman.
